DEPARTMENT OF STATE

[Public Notice: 10471]

In the Matter of the Review of the Designation of al-Shabaab (and Other Aliases) as a Foreign Terrorist Organization Pursuant to Section 219 of the Immigration and Nationality Act, as Amended

Based upon a review of the Administrative Record assembled pursuant to Section 219(a)(4)(C) of the Immigration and Nationality Act, as amended (8 U.S.C. 1189(a)(4)(C)) (“INA”), and in consultation with the Attorney General and the Secretary of the Treasury, I conclude that the circumstances that were the basis for the designation of the aforementioned organization as a Foreign Terrorist Organization have not changed in such a manner as to warrant revocation of the designation and that the national security of the United States does not warrant a revocation of the designation.

Therefore, I hereby determine that the designation of the aforementioned organization as a Foreign Terrorist Organization, pursuant to Section 219 of the INA (8 U.S.C. 1189), shall be maintained.

This determination shall be published in the **Federal Register**.

Dated: July 9, 2018.

Michael Pompeo,
Secretary of State.

BILLING CODE 4710-AD-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Disclosure of Seat Dimensions To Facilitate the Use of Child Safety Seats on Airplanes During Passenger-Carrying Operations

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves each passenger carrying air carrier operating under the Code of Federal Regulations to post on the internet website of the air carrier the maximum dimensions of a child safety seat that can be used on those aircraft. The information to be collected will be used to facilitate the use of child restraint systems onboard airplanes and is required by section 412 of the FAA Modernization and Reform Act of 2012.

DATES: Written comments should be submitted by September 24, 2018.

ADDRESSES: Send comments to the FAA at the following address: Barbara Hall, Federal Aviation Administration, ASP-110, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

FOR FURTHER INFORMATION CONTACT: Barbara Hall by email at: Barbara.L.Hall@faa.gov; phone: 940-594-5913.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120-0760.

Title: Disclosure of Seat Dimensions to Facilitate the Use of Child Safety Seats on Airplanes During Passenger-Carrying Operations.

Form Numbers: There are no forms associated with this collection.

Type of Review: Renewal.

Background: Section 412 of the FAA Modernization and Reform Act of 2012 (Pub. L. 112-95) specifically required the Federal Aviation Administration (FAA) to conduct rulemaking “[T]o require each air carrier operating under part 121 of title 14, Code of Federal Regulations to post on the internet website of the air carrier the maximum dimensions of a child safety seat that can be used on each aircraft operated by the air carrier to enable passengers to

determine which child safety seats can be used on those aircraft.” As a result, the FAA amended 14 CFR 121.311, which requires passenger carrying air carriers to make available on their websites the width of the widest passenger seat in each class of service for each make, model and series of airplane used in passenger-carrying operations (80 FR 58575). Section 412 of Public Law 112-95 requires that all air carriers provide this required information on their internet websites. The vast majority of this burden occurred on a one-time basis as air carriers initially provided information on their websites in order to comply with the regulation. After initial implementation, the only time air carriers need to update their websites after initial implementation is when a new airplane make, model, or series is introduced to an air carrier’s fleet, or when an air carrier replaces the widest or narrowest seats installed on an existing airplane make, model, or series with wider or narrower seats. The purpose of this collection is to facilitate the use of child restraint systems onboard airplanes by providing greater information to caregivers to help them determine whether a particular child restraint system will fit in an airplane seat.

Respondents: 50 part 121 air carriers.

Frequency: On occasion.

Estimated Average Burden per

Response: 7 hours.

Estimated Total Annual Burden: 350 hours.

Issued in Washington, DC, on July 19, 2018.

Karen Shutt,

Manager, Performance, Policy, and Records Management Branch, ASP-110.

SUPPLEMENTARY INFORMATION:

Title: FHWA Major Project Financial Plans and Project Management Plans.

Background: Major projects are defined in section 106(h) of title 23, United States Code (U.S.C.), as projects receiving Federal financial assistance with an estimated total cost of \$500,000,000, or other projects as may be identified by the Secretary. Major projects are typically large, complex projects designed to address major highway needs and require the investment of significant financial resources. Project sponsors of major projects are required to submit a project management plan and an annual financial plan to FHWA.

The preparation of the project management plan, as required by 23 U.S.C. 106(h)(2), ensures that clearly defined roles, responsibilities, procedures and processes are in effect to provide timely information to the

project decisionmakers to effectively manage the scope, costs, schedules, quality of, and the Federal requirements applicable to, the project. The project management plan serves as a guide for implementing the major project and documents assumptions and decisions regarding communication, management processes, execution and overall project control.

The preparation of the annual financial plan, as required by 23 U.S.C. 106(h)(3), ensures that the necessary financial resources are identified, available, and monitored throughout the life of the project. An annual financial plan is a comprehensive document that reflects the project's scope, schedule, cost estimate, and funding structure to provide reasonable assurance that there will be sufficient funding available to implement and complete the entire project, or a fundable phase of the project, as planned.

Respondents: Approximately 100 project sponsors per year.

Frequency: The financial plan is submitted annually. The first financial plan is submitted prior to the authorization of Federal funds for construction and updates are submitted each year until construction completion.

The project management plan is first submitted prior to the start of construction and then updated as significant changes to the project occur during construction.

Estimated Average Burden per Response: Approximately 40 hours for the initial submittal of each plan and 20 hours for each update.

Estimated Total Annual Burden Hours: Approximately 20 initial plans and 80 plan updates are submitted each year. For a total of approximately, 2,400 hours each year.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: July 19, 2018.
