**Principal Meridian, Montana**

T. 26 N, R. 6 W.

Sec. 31, NE1⁄4SE1⁄4; and

Sec. 32, SE1⁄4SW1⁄4.

The lands described aggregate approximately 80 acres in Teton County, Montana. The lands are not needed for any Federal purposes.

Conveyance of the lands for recreational purposes is consistent with the BLM Headwaters Resource Management Plan, dated July 1984, and would be in the national interest.

All interested parties will receive a copy of this notice once it is published in the Federal Register. A copy of the Federal Register notice with information about this proposed realty action will be published in a newspaper of local circulation once a week for 3 consecutive weeks. The regulations at 43 CFR subpart 2741 address the requirements and procedures for conveyances under the R&PP Act.

Upon publication of this notice in the Federal Register, the lands will be segregated from all other forms of appropriation under the public land laws, including location under the mining laws, except for conveyance under the R&PP Act and leasing under the mineral leasing laws. The segregative effect of this classification will terminate upon patent, or will automatically expire 18 months after issuance of this notice if the lands under application are not conveyed.

The conveyance of the land, when issued, will be subject to the following terms, conditions, and reservations:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States Act of August 30, 1890 (43 U.S.C. 945).

2. Provisions of the R&PP Act and to all applicable regulations of the Secretary of the Interior.

3. All mineral deposits in the land so patented, and the right to prospect for, mine and remove such deposits from the same under applicable law and regulations as established by the Secretary of the Interior are reserved to the United States, together with all necessary access and exit rights.

4. Valid existing rights.

5. An appropriate indemnification clause protecting the United States from claims arising out of the patentee’s use, occupancy, or occupations on the patented lands.

6. Any other reservations that the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

7. Right-of-way MTGF 005233 issued to Teton Cooperative Reservoir Company for a reservoir, canal, and ditch.

8. A reversionary provision stating that the land conveyed shall revert to the United States upon a finding, after notice and opportunity for a hearing, that, without the approval of the Secretary of the Interior or his delegate, the patentee or its successor attempts to transfer title to or control over the lands to another, the lands have been devoted to a use other than that for which the lands were conveyed, the lands have not been used for the purpose for which the lands were conveyed for a 5-year period, or the patentee has failed to follow the approved development plan or management plan. Interested persons may submit comments involving the suitability of the land for recreation, including fishing and dispersed camping. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Interested persons may submit comments regarding the specific use proposed in the application and plan of development and management, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the lands for conveyance to MT FWP for recreation, including dispersed camping and fishing sites. All adverse comments will be reviewed by the BLM State Director or
other authorized official of the Department of the Interior, who may sustain, vacate, or modify this realty action. The lands will not be offered for conveyance until after the classification becomes effective.

Before including your address, phone number, email address, or other personal identifying information in any comment, be aware that your entire comment—including your personally identifiable information—may be made publicly available at any time. While you can ask the BLM in your comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so. (Authority: 43 CFR 2741.5)

Notice of Intent To Amend the Las Vegas Resource Management Plan and Prepare an Environmental Assessment; Notice of Segregation and Notice of Realty Action; Classification and Proposed Modified Competitive Sales of Public Land in Pahrump, Nye County, Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent and Notice of Realty Action.

SUMMARY: In compliance with section 203 of the Federal Land Policy and Management Act (FLPMA), as amended, and the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Land Management’s (BLM) Pahrump Field Office proposes to amend the 1998 Las Vegas Resource Management Plan (RMP) and prepare an Environmental Assessment (EA) to identify approximately 621 acres of public land for sale. The EA will also evaluate the proposed sale of these acres through two modified competitive sealed bid sales of public land for not less than the appraised fair market value (FMV). Publication of this notice in the Federal Register segregates the subject lands from all appropriation under the public land laws, including the general mining laws, and from the mineral leasing and geothermal leasing laws, except the sales provisions of FLPMA.

DATES: Interested parties may submit written comments regarding the RMP Amendment during the 30-day scoping period initiated by publication of this notice in the Federal Register and ending August 29, 2018. Interested parties may submit written comments regarding the Notice of Realty Action for the proposed land sale during the 45-day comment period initiated by publication of this notice in the Federal Register, and ending September 13, 2018. All dates related to the bid process are contained the SUPPLEMENTARY INFORMATION section.

SUPPLEMENTARY INFORMATION: Spring Mountain Raceway, LLC has requested that the BLM dispose of public land by direct sale or modified competitive sale within the Town of Pahrump for approximately 621 acres. The public land directly abuts property owned by Spring Mountain Raceway, LLC, along State Route 160 near Gamebird Road in Nye County. The Nye County Board of Commissioners supports the proposal. The BLM Pahrump Field Office intends to prepare an RMP amendment with an associated EA for the Las Vegas RMP. This Notice of Intent (NOI) includes a proposed two-phase modified competitive sealed bid sale, announces the beginning of the scoping process for the RMP amendment and a temporary segregation from appropriation under the public land laws, including the mining law, and mineral leasing and geothermal leasing laws, subject to valid existing rights. Because the Las Vegas RMP does not specifically include or identify the sale parcels for disposal, a land-use plan amendment is required. The proposed sales would be conducted in two phases, with phase one anticipated in January 2019 and phase two anticipated in the summer of 2019. The first phase includes the proposed sale of approximately 553 acres. The second phase includes the remaining 68 acres, which also require cadastral survey before they may be sold. When ready, the Draft RMP Amendment and EA will be available for a 30-day public comment period, on BLM’s website at https://go.usa.gov/xn7nT and may be announced in local news outlets as well. Sealed bids for the phase-one modified competitive sale may be mailed or delivered to the BLM Pahrump Field Office, at the address above, beginning January 10, 2019 and ending January 17, 2019. Sealed bids must be received at the BLM Office no later than 4:30 p.m. Pacific Time on January 17, 2019. The BLM will open the sealed bids for the phase one sale on January 18, 2019 at the BLM Pahrump Field Office at 10 a.m. Pacific Time. Sealed bids for the phase-two modified competitive sale may be mailed or delivered to the BLM Pahrump Field Office, at the address above, beginning August 16, 2019. Sealed bids must be received no later than 4:30 p.m. Pacific Time, August 23, 2019, in accordance with the sale procedures. The BLM will open the sealed bids for the phase-two sale on August 30, 2019 at the BLM Pahrump Field Office at 10 a.m. Pacific Time.

The segregation will terminate: (i) Upon publication in the Federal Register of a termination of the segregation; or (ii) At the end of two years from the date of this publication in the Federal Register, whichever occurs first.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and to guide the planning process. The preliminary issue for the plan amendment and proposed disposal area identified by BLM personnel;

Federal, state, and local agencies; and

interested stakeholders is desert tortoise habitat. The public land proposed for sale directly abuts property owned by Spring Mountain Raceway, LLC, along
