

impact (FONSI), and its draft plant pest risk assessment (PPRA) for a 30-day public review period. APHIS will evaluate any information received related to the petition and its supporting documents during the 30-day public review period.

If APHIS decides, based on its review of the petition and its evaluation and analysis of comments received during the 60-day public comment period on the petition, that the petition involves a GE organism that raises substantive new issues, APHIS will follow Approach 2. Under Approach 2, APHIS first solicits written comments from the public on a draft EA and draft PPRA for a 30-day comment period through the publication of a **Federal Register** notice. Then, after reviewing and evaluating the comments on the draft EA and draft PPRA and other information, APHIS will revise the PPRA as necessary and prepare a final EA and, based on the final EA, a National Environmental Policy Act (NEPA) decision document (either a FONSI or a notice of intent to prepare an environmental impact statement). For this petition, we are using Approach 2.

As part of our decisionmaking process regarding a GE organism's regulatory status, APHIS prepares a PPRA to assess the plant pest risk of the article. APHIS also prepares the appropriate environmental documentation—either an EA or an environmental impact statement—in accordance with NEPA, to provide the Agency and the public with a review and analysis of any potential environmental impacts that may result if the petition request is approved.

APHIS has prepared a draft PPRA and has concluded that cotton designated as event TAM66274, which has been genetically engineered for ultra-low gossypol levels in the cottonseed, is unlikely to pose a plant pest risk. In section 403 of the Plant Protection Act, “plant pest” is defined as any living stage of any of the following that can directly or indirectly injure, cause damage to, or cause disease in any plant or plant product: A protozoan, a nonhuman animal, a parasitic plant, a bacterium, a fungus, a virus or viroid, an infectious agent or other pathogen, or any article similar to or allied with any of the foregoing.

APHIS has also prepared a draft EA in which we present two alternatives based on our analysis of data submitted by Texas A&M, a review of other scientific data, field tests conducted under APHIS oversight, and comments received on the petition. APHIS is considering the following alternatives: (1) Take no action, *i.e.*, APHIS would not change the

regulatory status of cotton designated as event TAM66274, or (2) make a determination of nonregulated status of cotton designated as event TAM66274.

The draft EA was prepared in accordance with (1) NEPA, as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) U.S. Department of Agriculture regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

In accordance with our process for soliciting public input when considering petitions for determinations of nonregulated status for GE organisms, we are publishing this notice to inform the public that APHIS will accept written comments on our draft EA and our draft PPRA regarding the petition for a determination of nonregulated status from interested or affected persons for a period of 30 days from the date of this notice. Copies of the draft EA and the draft PPRA, as well as the previously published petition, are available as indicated under **ADDRESSES** and **FOR FURTHER INFORMATION CONTACT** above.

After the 30-day comment period closes, APHIS will review and evaluate any information received during the comment period and any other relevant information. After reviewing and evaluating the comments on the draft EA and the draft PPRA and other information, APHIS will revise the PPRA as necessary and prepare a final EA. Based on the final EA, APHIS will prepare a NEPA decision document (either a FONSI or a notice of intent to prepare an environmental impact statement). If a FONSI is reached, APHIS will furnish a response to the petitioner, either approving or denying the petition. APHIS will also publish a notice in the **Federal Register** announcing the regulatory status of the GE organism and the availability of APHIS' final EA, PPRA, FONSI, and our regulatory determination.

AGENCY: Forest Service, USDA.

ACTION: Notice to extend the public scoping period for supplemental notice of intent to prepare an environmental impact statement; notice of updated information concerning the Forest Service greater sage-grouse land and resource management plan amendments; correction.

SUMMARY: The USDA Forest Service is issuing this notice to advise the public of a 14-day extension to the public scoping period on the supplemental notice of intent to prepare an environmental impact statement for the amendments to land management plans for greater sage-grouse conservation.

DATES: Comments concerning the scope of the analysis must be received by August 15, 2018.

ADDRESSES: Send written comments to Sage-grouse Amendment Comment, USDA Forest Service Intermountain Region, Federal Building, 324 25th Street, Ogden, UT 84401.

Comments may also be sent via email to, comments-intermtn-regional-office@fs.fed.us, or via facsimile to 801–625–5277.

FOR FURTHER INFORMATION CONTACT: John Shvick at 801–625–5667 or email johnashvick@fs.fed.us. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The original corrected notice of intent for public comment on the greater sage-grouse plan amendments was published in the **Federal Register** on July 2, 2018 (83 FR 30909). The original notice of intent provided a 30 day comment period, which may be insufficient for comment preparation from all interested parties. As such, the comment period

for the original notice is being extended by 14 days.

If the Forest Service amends land management plans, we hereby give notice that substantive requirements of the 2012 Planning Rule (36 CFR part 219) that are likely to be directly related, and therefore applicable, to the amendments are in sections 219.8(a) and (b) (ecological and social and economic sustainability), 219.9 (diversity of plant and animal communities), and 219.10(a) (integrated resource management for ecosystem services and multiple use).

The public is encouraged to help identify any issues, management questions, or concerns that should be addressed in plan amendment(s) or policy or administrative action. The Forest Service will work collaboratively with interested parties to identify the management direction that is best suited to local, regional, and national needs and concerns. The Forest Service will use an interdisciplinary approach as it considers the variety of resource issues and concerns.

Dated: July 26, 2018.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Economic Analysis (BEA), Commerce.

Title: Annual Survey of U.S. Direct Investment Abroad.

OMB Control Number: 0608-0053.

Form Number: BE-11.

Type of Request: Regular submission.

Estimated Number of Respondents: 3,150 respondents (U.S. parents). A complete response includes a BE-11 A form for the U.S. parent's domestic operation and one or more BE-11 B, C, or D forms for its foreign affiliates that meet the BE-11 survey requirements. BEA estimates that U.S. parents will submit 3,150 A forms, 25,000 B forms, 1,500 C forms, 200 D forms, and 500 Claim for Exemption forms.

Estimated Total Annual Burden Hours: 325,750 hours. Total annual

burden is calculated by multiplying the estimated number of submissions of each form by the average hourly burden per form, which is 7 hours for the A form, 12 hours for the B form, 2 hours for the C form, 1 hour for the D form, and 1 hour for the Claim for Exemption form.

Estimated Time per Respondent: 103.4 hours per respondent (325,750 hours/3,150 U.S. parents) is the average, but may vary considerably among respondents because of differences in company structure, complexity, and the number of foreign affiliates each U.S. parent must report.

Needs and Uses: The Annual Survey of U.S. Direct Investment Abroad (BE-11) obtains sample data on the financial structure and operations of U.S. parents and their foreign affiliates. The data are needed to provide reliable, useful, and timely measures of U.S. direct investment abroad to assess its impact on the U.S. and foreign economies. The sample data are used to derive universe estimates in nonbenchmark years from similar data reported in the BE-10, Benchmark Survey of U.S. Direct Investment Abroad, which is conducted every five years. The data collected include balance sheets; income statements; property, plant, and equipment; employment and employee compensation; merchandise trade; sales of goods and services; taxes; and research and development activity.

Affected Public: Businesses or other for-profit organizations.

Frequency: Annual.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA *Submission@omb.eop.gov* or fax to (202) 395-5806.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the

Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Economic Analysis (BEA), Commerce.

Title: Annual Survey of Foreign Direct Investment in the United States.

OMB Control Number: 0608-0034.

Form Number: BE-15.

Type of Request: Regular submission.

Estimated Number of Respondents: 5,700 annually, of which approximately 2,300 file A forms, 1,600 file B forms, 1,300 file C forms, and 500 file Claim for Exemption forms.

Estimated Total Annual Burden Hours: 112,350 hours. Total annual burden is calculated by multiplying the estimated number of submissions of each form by the average hourly burden per form, which is 44.75 hours for the A form, 3.75 hours for the B form, 2.25 hours for the C form, and 1 hour for the Claim for Exemption form.

Estimated Time per Respondent: 19.7 hours per respondent (112,350 hours/5,700 respondents) is the average, but may vary considerably among respondents because of differences in company size and complexity.

Needs and Uses: The Annual Survey of Foreign Direct Investment in the United States (BE-15) obtains sample data on the financial structure and operations of foreign-owned U.S. business enterprises. The data are needed to provide reliable, useful, and timely measures of foreign direct investment in the United States to assess its impact on the U.S. economy. The sample data are used to derive universe estimates in nonbenchmark years from similar data reported in the BE-12, Benchmark Survey of Foreign Direct Investment in the United States, which is conducted every five years. The data collected include balance sheets; income statements; property, plant, and equipment; employment and employee compensation; merchandise trade; sales of goods and services; taxes; and research and development activity for the U.S. operations. In addition to these national data, several data items are collected by state, including employment and property, plant, and equipment.

Affected Public: Businesses or other for-profit organizations.

Frequency: Annual.

Respondent's Obligation: Mandatory.
