

the producers mentioned immediately above), Commerce intends to issue questionnaires to solicit information from the Vietnamese producers and exporters concerning their shipments of CRS to the United States and the origin of the imported HRS being processed into CRS. A company's failure to respond completely to Commerce's requests for information may result in the application of partial or total facts available, pursuant to section 776(a) of the Act, which may include adverse inferences, pursuant to section 776(b) of the Act.

While we believe sufficient factual information has been submitted by the domestic producers supporting their request for inquiries, we do not find that the record supports the simultaneous issuance of a preliminary ruling. Such inquiries are by their nature typically complicated and can require information regarding production in both the country subject to the order and the third country completing the product. As noted above, Commerce intends to request additional information regarding the statutory criteria to determine whether shipments of CRS from Vietnam are circumventing the AD and CVD orders on CRS from Korea. Thus, with further development of the record required before a preliminary ruling can be issued, Commerce does not find it appropriate to issue a preliminary ruling at this time.

Notification to Interested Parties

In accordance with 19 CFR 351.225(e), Commerce finds that the issue of whether a product is included within the scope of an order cannot be determined based solely upon the application and the descriptions of the merchandise. Accordingly, Commerce will notify by mail all parties on Commerce's scope service list of the initiation of these anti-circumvention inquiries. In addition, in accordance with 19 CFR 351.225(f)(1)(i) and (ii), in this notice of initiation issued under 19 CFR 351.225(e), we have included a description of the product that is the subject of these anti-circumvention inquiries (*i.e.*, CRS that contains the characteristics as provided in the scope of the *Orders*) and an explanation of the reasons for Commerce's decision to initiate an anti-circumvention inquiry, as provided above.

In accordance with 19 CFR 351.225(l)(2), if Commerce issues a preliminary affirmative determination, we will then instruct U.S. Customs and Border Protection to suspend liquidation and require a cash deposit of estimated antidumping and

countervailing duties, at the applicable rate, for each unliquidated entry of the merchandise at issue, entered or withdrawn from warehouse for consumption on or after the date of initiation of the inquiry. Commerce will establish a schedule for questionnaires and comments on the issues. In accordance with section 781(f) of the Act and 19 CFR 351.225(f)(5), Commerce intends to issue its final determination within 300 days of the date of publication of this initiation.

This notice is published in accordance with 19 CFR 351.225(f).

Dated: July 27, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
