Atomic Safety and Licensing Board Panel Before the Licensing Board: G. Paul Bollwerk, III, Chairman, Dr. Richard E. Wardwell, Dr. Thomas J. Hirons

The Atomic Safety and Licensing Board hereby gives notice that it will convene an evidentiary hearing to receive testimony and exhibits in this proceeding regarding intervenor Oglala Sioux Tribe's (OST) challenge to the May 2012 application of Crow Butte Resources, Inc., (CBR) seeking to amend the existing 10 CFR part 40 source materials license for its Crow Butte in situ uranium recovery (ISR) site to authorize CBR to operate a satellite ISR facility within the Marsland Expansion Area (MEA) in Dawes County, Nebraska. The evidentiary hearing will concern OST's admitted Contention 2, which raises hydrogeological-related environmental and safety matters regarding the proposed license amendment.
