SUPPLEMENTARY INFORMATION:
A. Purpose and Background

In October 2013, Congress passed the HSA, which requires the Department of the Interior, through the BLM Director, to offer for auction and sale annually a portion of the helium reserves owned by the United States and stored underground at the Cliffside Gas Field near Amarillo, Texas.

On August 24, 2015, the BLM published a “Notice of Final Action: Crude Helium Sale and Auction for Fiscal Year 2016 Delivery’’ in the Federal Register (80 FR 51304) (2015 Final Notice). The 2015 Final Notice refined the process the BLM used in 2014 for conducting the auction and sale of crude helium. The BLM will use the process set forth in the 2015 Final Notice for the auction and sale of crude helium to occur in FY 2018 for FY 2019 delivery.

Both the 2014 and 2015 Final Notices are available from the BLM’s HSA Implementation Page website (see ADDRESSES). Search under the “Documents and Reports” link.

C. FY 2019 Helium Auction

1.01 What is the minimum FY 2019 auction price and the FY 2019 sales price? The minimum FY 2019 auction price is $110 per Mcf (one thousand cubic feet of gas measured at standard conditions of 14.65 psia and 60 degrees Fahrenheit). The BLM will announce the FY 2019 sale price after the auction has concluded, and the BLM completes its analysis of the auction information. The BLM will use this information to publish the crude helium price for FY 2019.

1.02 What will happen to the helium offered but not sold in the helium auction? Any volume of helium offered, but not sold in the FY 2019 auction, will be added to the helium available for sale and will be offered in the FY 2019 sale.

1.03 When will the auction and sale take place? The BLM will offer helium for FY 2019 according to the following schedule:

**Helium Auction**

- August 31, 2018—FY 2019 helium auction held in Amarillo, Texas
- September 4, 2018—FY 2019 helium auction results published on the BLM website
- September 5, 2018—Invitations for auction sent on or before this date; payments due 15 days from invoice

**Helium Sale**

- August 31, 2018—Invitation for offers (IFO) posted for helium sale
- September 4, 2018—Bids due from IFO
- September 4, 2018—Award announcements published on the BLM website
- September 5, 2018—Invoices for sale sent on or before; payments due 15 days from invoice

**Helium Transfer**

- September 30, 2018—Helium transferred to buyers’ storage accounts (in accordance with Section 1.08)

If payment is not received by September 20, 2018, volumes will be re-offered for sale to all over-bidders, proportionally, on September 21, 2018. Subsequently, for these re-offered volumes to count toward October 1, 2018 allocation percentages, payment must be received by September 28, 2018.

1.04 What is the auction format? The auction will be a live auction, held in the main conference room of the Amarillo Field Office at 1:00 p.m. Central Time, on August 31, 2018. The address is 801 South Fillmore, Suite 500, Amarillo, TX 79101. Anyone meeting the HSA definition of a qualified bidder may participate in the auction. The logistics for the auction and the pre-bid qualification form is included in a document entitled, “FY 2019 Helium Auction Notice and Guide” on the BLM’s HSA Implementation Page website (see ADDRESSES). Click on the “Federal Register Notices” link.

1.05 Who is qualified to purchase helium at the auction? Only qualified bidders, as defined in 50 U.S.C. 167(9), may participate in and purchase helium at the auction. The BLM will make the final determination of who is a qualified bidder using the HSA’s definition of a qualified bidder, regardless of whether or not that person was previously determined to be a qualified bidder. Payment must be received not later than the close of business September 20, 2018.

1.06 How many helium lots does the BLM anticipate offering at the FY 2019 auction? The BLM anticipates auctioning 210 MMcf in a total of 12 lots for delivery in FY 2019. The lots would be divided as follows: 5 lots of 25 MMcf each; and 5 lots of 15 MMcf each; and 2 lots of 5 MMcf each.

1.07 What must I do to bid at auction? The BLM has described the live auction procedures, including detailed bidding instructions and pre-bid registration requirements, in a document entitled, “FY 2019 Auction Notice and Guide,” which is available on the BLM’s HSA Implementation Page website (see ADDRESSES). Click on the “Federal Register Notices” link.

1.08 When will helium that is purchased at sale or won at auction be available in the purchaser’s storage account? The BLM will transfer the volumes purchased in the FY 2019 auction and sale to the buyer’s storage accounts on September 30, 2018.

D. FY 2019 Helium Sale

2.01 Who will be allowed to purchase helium in the FY 2019 sale? The crude helium sale will be separated into two distinct portions, a non-allocated portion and an allocated portion. The non-allocated portion will be ten percent of the total amount offered for sale for FY 2019, and will be available to those storage contract holders who do not have ability to accept delivery of crude helium from the Federal Helium Pipeline (as defined in 50 U.S.C. 167(2)) as of May 30, 2018. The allocated portion will be 90 percent of the total amount offered for sale for FY 2019, and will be available to any person (including individuals, corporations, partnerships, or other entities) with the ability to accept delivery of crude helium from the Federal Helium Pipeline (as defined in 50 U.S.C. 167(2)).

2.02 How will helium sold in the FY 2019 sale be allocated among those participating in the non-allocated sale? The non-allocated sale will be made available to all qualified offerors not eligible to participate in the allocated sales. The minimum volume that can be requested is 1 MMcf. The total volume available for the non-allocated portion of the sale is 9 MMcf. Any volumes not sold at auction will be distributed between the non-allocated (10 percent) and the allocated sale (90 percent). Any volumes not purchased at the non-allocated sale will be sold in the allocated portion.

2.03 How will the helium sold in the FY 2019 sale be allocated among the persons to accept delivery of crude helium from the Federal Helium Pipeline? Any person wishing to participate in the allocated portion of the FY 2019 sale needs to report its excess refining capacity and operational capacity a minimum of 14 calendar days prior to the sale, using the Excess Refining Capacity form. The form can be downloaded from the BLM’s HSA Implementation Page website (see ADDRESSES). Click on the links for “Crude Helium Auctions & Sales” and then “FY 2019 Refiner Estimated Excess Capacity.” Each person participating in the sale will then be allocated a proportional share based upon that person’s operational capacity.

2.04 How does a person apply for access to the Federal Helium Pipeline for the purpose of taking crude helium? The steps for taking crude helium are provided in the BLM’s HSA Implementation Page website (see ADDRESSES). The steps are contained in a document entitled, “How to Establish a Storage Contract and Pipeline Connection Point.” Click on the link for “Helium Storage.” Reporting forms can be downloaded from the same website address, click on the link for “Documents and Reports.” The forms show the requirements and due dates for each report. The length of time required to apply for and obtain access to the Federal Helium Pipeline can vary based on the person’s plans for plant construction, pipeline metering installation, and other variables. The BLM is available to provide technical assistance, including contact information for applying for access and meeting any applicable National Environmental Policy Act requirements.

E. Delivery of Helium in FY 2019

3.01 When will I receive the helium that I purchase in a sale or win based
and Pricing of Crude Helium; information only); Fiscal year 2019 Delivery; documents:

3.02 How will the BLM prioritize delivery? The HSA gives priority to Federal in-kind helium (i.e., helium sold to Federal users) (50 U.S.C. 167d(b)(1)(DJ) and (b)(3)). After meeting that priority, the BLM will make delivery on a reasonable basis, as described in the crude helium storage contract, to ensure storage contract holders who have purchased or won helium at auction have the opportunity during the year to have that helium produced or refined in monthly increments.

Anyone currently subject to federal registration requirements as a lobbyist is not eligible for appointment. Nominees should be aware of the time commitment for attending meetings and actively participating in the work of the Council.

Historically, this has meant a commitment of at least 20 days per year. The Department of Labor has a process for vetting nominees under consideration for appointment.
