

(e.g., FINRA).²⁶ The Exchange's proposal would merely remove the requirement under its rules that broker-dealers be members of another SRO when they are not otherwise required to do so.

The proposed rule change would also not unfairly discriminate between or among market participants because both current and prospective members would be subject to the rule. All member organizations would be regulated in the same manner by the Exchange should they be a member of another SRO or not.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,²⁷ the Exchange believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to have a competitive impact because it is not intended to attract additional business to the Exchange. It is simply intended to align the definition of "member organization" with that of its affiliates [sic] and similar definitions of other national securities exchanges while ensuring the member organizations continue to be subject to comprehensive regulatory oversight. This proposal should also move to harmonize the membership requirements between the exchange and its affiliate NYSE Arca, thereby avoiding potential confusion.²⁸
