Internal notice of solicitation of applications for the Biorefinery, Renewable Chemical, and Biobased Product Manufacturing Assistance Program.

**Agency:** Rural Business-Cooperative Service, USDA.  
**Action:** Notice.  
**Summary:** This Notice announces the solicitation of applications for funds available under the Biorefinery, Renewable Chemical, and Biobased Product Manufacturing Assistance Program (the Program) to provide guaranteed loans to fund the development, construction, and retrofitting of commercial scale biorefineries using eligible technology and of Biobased product manufacturing facilities that use technologically new commercial scale processing and manufacturing equipment to convert renewable chemicals and other biobased outputs of biorefineries into end-user products, on a commercial scale.

### Dates:
- **With this Notice,** the Agency is announcing two separate application cycles, as is provided which are application closing dates of 4:30 p.m. Eastern Daylight Time, October 1, 2018, and 4:30 p.m. Eastern Daylight Time, April 1, 2019.

- **Applications** must be received in the USDA Rural Business-Cooperative Service, Energy Programs no later than 4:30 p.m. Eastern Daylight Time of the application closing date to compete for program funds. Any application received after 4:30 p.m. Eastern Daylight Time of the application closing date will be considered for the subsequent application cycle, provided that funding is available.

### Addresses:
- **Applications** and forms may be obtained from:

### Further Information Contact:
- [lbmurphy@fs.fed.us](mailto:lbmurphy@fs.fed.us)  
- [873–2404 or 760–94592](tel:873–2404) or [Fax: (707) 562–9049](fax:707+562+9049)

---

For further information contact: Inyo National Forest Environmental Coordinator, Leeann Murphy at 760–873–2404 or [lbmurphy@fs.fed.us](mailto:lbmurphy@fs.fed.us).

Individuals who use telecommunications devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

### Supplementary Information:
- The decision to approve the revised forest plan for the Inyo National Forest and the Regional Forester’s list of SCC will be subject to the objection process identified in 36 CFR part 219 Subpart B (219.50 to 219.62). An objection must include the following (36 CFR 219.54(c)):
  1. The objector’s name and address along with a telephone number or email address if available. In cases where no identifiable name is attached to an objection, the Forest Service will attempt to verify the identity of the objector to confirm objection eligibility;
  2. Signature or other verification of authorship upon request (a scanned signature for electronic mail may be filed with the objection);
  3. Identification of the lead objector, when multiple names are listed on an objection. The Forest Service will communicate to all parties to an objection through the lead objector. Verification of the identity of the lead objector must also be provided if requested;
  4. The name of the plan revision being objected to, and the name and title of the responsible official;
  5. A statement of the issues and/or parts of the plan revision to which the objection applies;
  6. A concise statement explaining the objection and suggesting how the proposed plan decision may be improved. If the objector believes that the plan revision is inconsistent with law, regulation, or policy, an explanation should be included;
  7. A statement that demonstrates the link between the objector’s prior substantive formal comments and the content of the objection, unless the objection concerns an issue that arose after the opportunities for formal comment; and
  8. All documents referenced in the objection (a bibliography is not sufficient), except that the following need not be provided:
    a. All or any part of a Federal law or regulation,
    b. Forest Service Directive System documents and land management plans or other published Forest Service documents,
    c. Documents referenced by the Forest Service in the planning documentation related to the proposal subject to objection, and
    d. Formal comments previously provided to the Forest Service by the objector during the plan revision comment period.

- It is the responsibility of the objector to ensure that the Reviewing Officer receives the objection in a timely manner. The regulations prohibit extending the length of the objection filing period.

### Responsible Official:
- The responsible official who will approve the ROD and the revised forest plan for the Inyo National Forest is Barbara Drake, Acting Forest Supervisor, Inyo National Forest, 351 Pacu Lane Suite 200, Bishop, CA 93514–3101. The responsible official for the SCC list is Randy Moore, Regional Forester, USDA Forest Service Pacific Southwest Region, 1323 Club Drive, Vallejo, CA 94592.

- The Regional Forester is the reviewing officer for the revised forest plan since the Forest Supervisor is the deciding official (36 CFR 219.56(e)(2)). The Regional Forester will consider comments received and respond to them in the FEIS and ROD. The decision to approve the SCC list will be subject to a separate objection process. The Chief of the Forest Service is the reviewing officer for SCC identification since the Regional Forester is the deciding official (36 CFR 219.56(e)(2)). Information about species of conservation concern is available at [https://www.fs.usda.gov/detail/r5/landmanagement/planning/?cid=STELPRD3847418](https://www.fs.usda.gov/detail/r5/landmanagement/planning/?cid=STELPRD3847418).

  Dated: June 29, 2018.

Glenn P. Casamassa,  
Associate Deputy Chief, National Forest System.

[FR Doc. 2018–16662 Filed 8–2–18; 8:45 am]

SUPPLEMENTARY INFORMATION:

Preface

The Agency encourages applications that will support recommendations made in the Rural Prosperity Task Force report to help improve life in rural America (www.usda.gov/ruralprosperity). Applicants are encouraged to consider projects that provide measurable results in helping rural communities build robust and sustainable economies through strategic investments in infrastructure, partnerships, and innovation. Key strategies include:

- Achieving e-Connectivity for Rural America
- Developing the Rural Economy
- Harnessing Technological Innovation
- Supporting a Rural Workforce
- Improving Quality of Life
- Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995, the information collection requirements associated with the Program, as covered in this Notice, have been approved by the Office of Management Budget (OMB) under OMB Control Number 0570–0065.

Overview

Federal Agency Name: Rural Business-Cooperative Service (an Agency of USDA in the Rural Development mission area).

Solicitation Opportunity Title: Biorefinery, Renewable Chemical, and Biobased Product Manufacturing Assistance Program.

Announcement Type: Notice of Solicitation of Applications.

Catalog of Federal Domestic Assistance (CFDA) Number: The CFDA number for this Notice is 10.865.

Dates: Applications must be received in the USDA Rural Business-Cooperative Service, Energy Programs no later than the application closing dates of 4:30 p.m. Eastern Daylight Time, October 1, 2018, and 4:30 p.m. Eastern Daylight Time, April 1, 2019. Any application received after 4:30 p.m. Eastern Daylight Time of the application closing date will be considered for the subsequent application cycle, provided that funding is available.

Availability of Notice and Rule: This Notice and the interim rule for the Program are available on the USDA Rural Development website at: http://www.rd.usda.gov/programs-services/biorefinery-assistance-program.

I. Funding Opportunity Description

A. Purpose of the Program. The purpose of the Biorefinery, Renewable Chemical, and Biobased Product Manufacturing Assistance Program is to assist in the development of new and emerging technologies for the development of advanced biofuels, renewable chemicals, and biobased product manufacturing. This is achieved through guarantees for loans made to fund the development, construction, and retrofitting of commercial scale biorefineries using eligible technology and of biobased product manufacturing facilities that use technologically new commercial scale processing and manufacturing equipment and required facilities to convert renewable chemicals and other biobased outputs of biorefineries into end-user products on a commercial scale.

B. Statutory Authority. This Program is authorized under 7 U.S.C. 8103. Regulations are contained in 7 CFR part 4279, subpart C and in 7 CFR part 4287, subpart D.

C. Definition of Terms. The definitions applicable to this Notice are published at 7 CFR 4279.202 and 7 CFR 4287.302.

D. Application awards. The Agency will review, evaluate, score, and award applications received in response to this Notice based on the provisions found in 7 CFR part 4279, subpart C and as indicated in this Notice.

II. Award Information

A. Available funds. This Notice is a solicitation for applications that will be funded using budget authority provided by the Food, Conservation, and Energy Act of 2008 (2008 Farm Bill) and the Agricultural Act of 2014 (2014 Farm Bill).

B. Type of Award. Guaranteed loan.

C. Approximate Number of Awards. Subject to the amount of funding available.

D. Guarantee Loan Funding. The provisions of 7 CFR 4279.232 apply to this Notice. The Borrower needs to provide the remaining funds from other non-Federal sources to complete the Project.

E. Guarantee and Annual Renewal Fees. The guarantee and annual renewal fees specified in 7 CFR 4279.231 are applicable to this Notice.

F. Anticipated Award Date. The award date will vary based on timing of completion of each project’s individual application process.

III. Eligibility Information

A. Eligible Lenders. To be eligible for this program, lenders must meet the eligibility requirements in 7 CFR 4279.208.

B. Eligible Borrowers. To be eligible for this program, borrowers must meet the eligibility requirements in 7 CFR 4279.209.

C. Eligible Projects. To be eligible for this program, projects must meet the eligibility requirements in 7 CFR 4279.210.

D. Application Completeness. Incomplete Phase 1 applications will be rejected and the project will be given no further consideration. Lenders will be informed of the element(s) that made the application incomplete. If the lender makes the required edits and resubmits the application to the USDA’s Rural Business-COoperative Service, Energy Programs by 4:30 p.m. Eastern Daylight Time, on the application closing date, the Agency will reconsider the application.

IV. Application Submission Information

A. Letter of Intent. For each guarantee request, the lender or the borrower must submit to the Agency a non-binding letter of intent to apply for a loan guarantee, not less than 30 calendar days prior to the application deadline. The letter of intent due date is August 31, 2018, for the October 1, 2018, application cycle and March 1, 2019, for the April 1, 2019, cycle. The letter must identify the borrower, the lender and any project sponsors; describe the project and project location; describe the proposed feedstock, primary technologies of the facility, and primary products produced; estimate the total project cost and amount of loan requested; and identify the application cycle due date. The Agency reserves the right to request additional information from potential applicants. Applications submitted without a letter of intent may be accepted by the Agency at the Agency’s discretion.

B. Application Submittal. For each guarantee request, the lender must submit to the Agency an application that is in conformance with 7 CFR 4279.261. The content and methods of application submittal are specified below. Additionally, the Agency has developed an application guide that explains the application procedures and details the process for submission of an application. This guide is located at http://www.rd.usda.gov/files/RBS_ApplicationGuide.pdf.

C. Content and Form of Submission. All applicants must submit one paper copy of the application materials and an electronic copy containing the same information that is included in the
V. Biobased Product Manufacturing

This notice also includes the solicitation of applications for funds available under the Biorefinery, Renewable Chemical, and Biobased Product Manufacturing Assistance Program to specifically fund biobased product manufacturing. The 2014 Farm Bill added biobased product manufacturing to the Program and provided for up to 15 percent of the mandatory funds for fiscal years 2014 and 2015 to be used to support facilities producing biobased products for end use. The 2014 Farm Bill provides the definition of “biobased product manufacturing,” which the Agency has incorporated into the subsequent interim rule (see 7 CFR 4279.202). This definition requires that the biobased product manufacturing facility use renewable chemicals and other biobased outputs of biorefineries as inputs and also requires that the borrower use technologically new commercial scale processing and manufacturing equipment and required facilities. The facility must produce end-user products.

VI. Biobased Product Manufacturing Eligibility Information

The eligibility requirements for prospective lenders and borrowers will not change from those listed above for the program, generally. For biobased product manufacturing projects, the eligibility project requirement is modified to reflect that eligible projects will use technologically new commercial scale processing and manufacturing equipment and required facilities to convert renewable chemicals and other biobased outputs of biorefineries into end-user products on a commercial scale.

Additionally, for purposes of biobased product manufacturing projects, only for purposes of technical review, technical reports need to address only the technologically new commercial scale processing and manufacturing equipment and required facilities.

VII. Biobased Product Manufacturing Application Processing Procedures

The application processing procedures will remain the same for biobased product manufacturing projects as for the projects described above.

For applications submitted under this Notice, “local owner” is defined as an individual who owns any portion of an eligible biorefinery and whose primary residence is located within 100 miles of the biorefinery. This definition will remain in effect until amended by a future Federal Register Notice.

(a) Whether the borrower has established a market for the manufactured biobased product, as applicable. A maximum of 16 points can be awarded. Points to be awarded will be determined as follows:

(i) If the borrower has signed contracts for purchase for greater than 50 percent of the dollar value of manufactured biobased product, 6 points will be awarded.

(ii) If the borrower has signed letters of intent to enter into contracted sales agreements, or comparable documentation, for the purchase for greater than 50 percent of the dollar value of the manufactured biobased product, or combination of signed contracts or agreements and letters of intent or comparable documentation, 4 points will be awarded.

(iii) If the borrower has signed letters of intent to enter into contracted sales agreements, or comparable documentation, for the purchase for greater than 50 percent of the dollar value of the manufactured biobased product, or combination of signed contracts, letters of intent or comparable documentation, 2 points will be awarded.

(2) Duration of contracted sales agreements. A maximum of 6 points will be awarded.

(i) If the borrower commits to enter into contracted sales agreements prior to loan closing for purchase for greater than or equal to 50 percent of the dollar value of manufactured biobased product for the period not less than the loan term, 6 points will be awarded.

(ii) If the borrower commits to enter into contracted sales agreements prior to loan closing for purchase for greater than or equal to 50 percent of the dollar value of the manufactured biobased product for the period not less than 5 years but less than the term of the loan, 4 points will be awarded.

(iii) If the borrower commits to enter into contracted sales agreements prior to loan closing for purchase for greater than or equal to 50 percent of the dollar value of the manufactured biobased product for the period not less than 1 year but less than 5 years, 2 points will be awarded.

(3) Financial strength of the contracted sales agreement counterparty. A maximum of 4 points will be awarded.

(i) If the borrower commits to enter into contracted sales agreements prior to loan closing for purchase for greater than or equal to 50 percent of the dollar value of the manufactured biobased product, as applicable. A maximum of 16 points can be awarded. Points to be awarded will be determined as follows:

(ii) If the borrower has signed contracts for purchase for greater than 50 percent of the dollar value of manufactured biobased product, 6 points will be awarded.

(iii) If the borrower has signed letters of intent to enter into contracted sales agreements, or comparable documentation, for the purchase for greater than 50 percent of the dollar value of the manufactured biobased product, or combination of signed contracts or agreements and letters of intent or comparable documentation, 4 points will be awarded.

(iv) If the borrower has signed letters of intent to enter into contracted sales agreements, or comparable documentation, for the purchase for greater than 50 percent of the dollar value of the manufactured biobased product, or combination of signed contracts, letters of intent or comparable documentation, 2 points will be awarded.
product with a counterparty with a corporate credit rating not less than AA, Aa2, or equivalent, 4 points will be awarded.

(ii) If the borrower commits to enter into contracted sales agreements prior to loan closing for purchase for greater than or equal to 50 percent of the dollar value of the manufactured biobased product with a counterparty with a corporate credit rating less than AA, Aa2, or equivalent, but not less than A-, or A3, or equivalent, 2 points will be awarded.

(iii) If the borrower commits to enter into contracted sales agreements prior to loan closing for purchase for greater than or equal to 50 percent of the dollar value of the manufactured biobased product with a counterparty with a corporate credit rating less than A-, or A3, or equivalent, but not less than BBB-, or Baa3, or equivalent, 1 point will be awarded.

(b) Whether the area in which the borrower proposes to place the project, defined as the area that will supply the renewable chemicals and other biobased outputs of bio refineries to the proposed project, has any other similar facilities. A maximum of 5 points can be awarded. Points to be awarded will be determined as follows:

(1) If the area that will supply the renewable chemicals and other biobased outputs of bio refineries to the proposed project does not have any other similar facilities, 5 points will be awarded.

(2) If there are other similar facilities located within the area that will supply the renewable chemicals and other biobased outputs of bio refineries to the proposed project, 0 points will be awarded.

(c) Whether the borrower is proposing to use renewable chemicals and other biobased outputs of bio refineries not previously used in the manufacture of a biobased product in a commercial facility, 0 points will be awarded.

(2) If the borrower proposes to use renewable chemicals and other biobased outputs of bio refineries not previously used in the manufacture of a biobased product in a commercial facility, 10 points will be awarded.

(d) Whether the borrower is proposing to work with producer associations or cooperatives. A maximum of 5 points can be awarded. Points to be awarded will be determined as follows:

(1) If at least 50 percent of the dollar value of renewable chemicals and other biobased outputs of bio refineries to be used by the proposed project will be supplied by producer associations and cooperatives or bio refineries supplied by producer associations and cooperatives, 5 points will be awarded.

(2) If at least 30 percent of the dollar value of renewable chemicals and other biobased outputs of bio refineries to be used by the proposed project will be supplied by producer associations and cooperatives or bio refineries supplied by producer associations and cooperatives, 3 points will be awarded.

(e) Whether the borrower can establish that, if adopted, the technology proposed in the application will not have any economically significant negative impacts on existing manufacturing plants or other facilities that use similar renewable chemicals and other biobased outputs of bio refineries, 5 points will be awarded. Points to be awarded will be determined as follows:

(1) If local owners have an ownership interest in the facility of more than 20 percent but less than or equal to 50 percent, 3 points will be awarded.

(2) If local owners have an ownership interest in the facility of more than 50 percent, 5 points will be awarded.

(3) If the borrower has failed to establish, through an independent third-party feasibility study, that the production technology proposed in the application, if adopted, will not have any economically significant negative impacts on existing manufacturing plants or other facilities that use similar renewable chemicals and other biobased outputs of bio refineries, 5 points will be awarded.

(2) If the borrower has established, through an independent third-party feasibility study, that the production technology proposed in the application, if adopted, will not have any economically significant negative impacts on existing manufacturing plants or other facilities that use renewable chemicals and other biobased outputs of bio refineries, 5 points will be awarded.

(3) If at least 30 percent of the dollar value of renewable chemicals and other biobased outputs of bio refineries supplied will have a positive impact on two of the three impact areas, 6 points will be awarded.

(3) If process adoption will have a positive impact on all three impact areas, 10 points will be awarded.

(3) If process adoption will have a positive impact on any one of the three impact areas (resource conservation, public health, or the environment), 3 points will be awarded.
(j) Whether the project can be replicated. A maximum of 10 points can be awarded. Points to be awarded will be determined as follows:

(1) If the project can be commercially replicated regionally (e.g., Northeast, Southwest, etc.), 5 points will be awarded.

(2) If the project can be commercially replicated nationally, 10 points will be awarded.

(k) If the project uses a particular technology, system, or process that is not currently operating at commercial scale as of October 1 of the fiscal year for which the funding is available; October 1, 2018, 5 points will be awarded.

(l) The Administrator can award up to a maximum of 10 bonus points:

(1) To ensure, to the extent practical, there is diversity in the types of projects approved for loan guarantees to ensure a wide range of possible technologies, products, and approaches are assisted in the program portfolio; and

(2) To applications that promote partnerships and other activities that assist in the development of new and emerging technologies for the development of renewable chemicals and other biobased outputs of biorefineries, so as to, as applicable, promote resource conservation, public health, and the environment; diversity markets for agricultural and forestry products and agriculture waste material; and create jobs and enhance the economic development of the rural economy. No additional information regarding partnerships is provided at this time. If additional information does become available, the Agency will publish those details in a Federal Register notice.

IX. General Program Information

A. Loan Origination. Lenders seeking a loan guarantee under this Notice must comply with all of the provisions found in 7 CFR 4279, subpart C.

B. Loan Processing. The Agency will process loans guaranteed under this Notice in accordance with the provisions specified in 7 CFR 4279.260 through 4279.290.

C. Evaluation of Applications and Awards. Awards under this Notice will be made on a competitive basis; submission of an application neither reserves funding nor ensures funding. The Agency will evaluate each application received in the USDA Rural Business-Cooperative Service, Energy Programs, select Phase 1 applications in accordance with 7 CFR 4279.267 to invite submission of Phase 2 applications and will make awards using the provisions specified in 7 CFR 4279.278.

D. Guaranteed Loan Servicing. The Agency will service loans guaranteed under this Notice in accordance with the provisions specified in 7 CFR 4287.301 through 4287.399.

E. System for Award Management (SAM) and Dun and Bradstreet Data Universal Numbering System (DUNS) Registration. Unless exempt under 2 CFR 25.110, the applicant must be registered in the SAM prior to submitting an application and maintain an active SAM registration with current information at all times during which it has an active Federal award or an application under consideration by the Agency. Applicants must provide a DUNS number for each application submitted to the Agency.

X. Administration Information

A. Notifications. The Agency will notify, in writing, lenders whose Phase 1 applications have scored highest and will invite them to submit Phase 2 applications. If the Agency determines it is unable to guarantee any particular loan, the lender will be informed in writing. Such notification will include the reason(s) for denial of the guarantee.

B. Administrative and National Policy Requirements.

1. Review or Appeal Rights. A person may seek a review of an Agency decision or appeal to the National Appeals Division in accordance with 7 CFR 4279.204.

2. Exception Authority. The provisions specified in 7 CFR 4279.203 and 7 CFR 4279.303 apply to this Notice.

C. Environmental Review. The Agency will review all applicant proposals that may qualify for assistance under this section in accordance with 7 CFR part 1970, Environmental Policies and Procedures. The environmental review for projects that score high enough will be submitted during the Phase 2 application process and must be conducted in accordance with 7 CFR part 1970, Environmental Policies and Procedures.

XI. Agency Contacts

Equal Opportunity and Non-Discrimination Requirements

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program. Political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs).

Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA’s TARTET Center at (202) 720–2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877–8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD–3027, found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of a complaint form, call, (866) 632–9992. Submit your completed form or letter to USDA by:

(1) Mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250–9410;

(2) Fax: (202) 690–7442; or

(3) Email at: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

Dated: July 30, 2018.

Bette B. Brand,

Administrator, Rural Business-Cooperative Service.
