

the navigation channel, and 46 feet of vertical clearance throughout the center 60 feet of the bridge; vertical clearance

references to the Mean Water Level of Lake Washington.
The normal operating schedule for the Montlake Bridge operates in accordance

with 33 CFR 117.1051(e). The deviation period and span operation is described in the table below:

Time/date start	Time/date end	Action
11:30 a.m. to 2 p.m. Sep 8, 2018	5 p.m. to 7:30 p.m. Sep 8, 2018	span in the closed-to-navigation position.
TBA Sep 22, 2018	TBA Sep 22, 2018	span in the closed-to-navigation position.
TBA Sep 29, 2018	TBA Sep 29, 2018	span in the closed-to-navigation position.
TBA Oct 20, 2018	TBA Oct 20, 2018	span in the closed-to-navigation position.
TBA Nov 3, 2018	TBA Nov 3, 2018	span in the closed-to-navigation position.
TBA Nov 17, 2018	TBA Nov 17, 2018	span in the closed-to-navigation position.

Waterway usage on the Lake Washington Ship Canal ranges from commercial tug and barge to small pleasure craft. Vessels able to pass through the bridge in the closed-to-navigation position may do so at anytime. The bridge will be able to open for emergency vessels in route to a call when an hour notice is given to the bridge operator. The Lake Washington Ship Canal has no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 31, 2018.

Steven M. Fischer,
Bridge Administrator, Thirteenth Coast Guard District.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2018-0427]

RIN 1625-AA00

Safety Zone; USA Triathlon Age Group National Championships; Lake Erie, Cleveland, OH

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain waters of Lake Erie during the USA Triathlon Age Group National Championships. This safety zone is

intended to restrict vessels from a portion of Lake Erie off of Edgewater Park during the USA Triathlon Age Group National Championships. This temporary safety zone is necessary to protect participants and spectators during the event from the hazards associated with a large scale swimming event. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Buffalo.

DATES: This rule is effective from 9:45 a.m. August 10, 2018 until 12:15 p.m. August 12, 2018.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2018-0427 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email LT Ryan Junod, Chief of Waterways Management, U.S. Coast Guard Marine Safety Unit Cleveland; telephone 216-937-0124, email D09-SMB-MSUCLEVELAND-WWM@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

On June 26, 2018 the Coast Guard published a Notice of Proposed Rulemaking (NPRM) titled USA Triathlon Age Group National Championships; Lake Erie, Cleveland, OH (83 FR 29721). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this swim event. During the comment period that ended July 26, 2018 we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register** because doing so would be impracticable and contrary to the public interest. Delaying the effective date would be contrary to the rule's objectives of ensuring safety of life on the navigable waters and protection of persons and vessels near the event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Buffalo (COTP) has determined that a large-scale swim event on a navigable waterway will pose a significant risk to participants and the boating public. This rule is necessary to protect participants and spectators during the USA Triathlon Age Group National Championships.

IV. Discussion of Comments, Changes, and The Rule

As noted above, we received no comments on our NPRM published June 26, 2018. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a safety zone from 10:00 a.m. to 1:30 p.m. on August 10, 2018, from 5:00 a.m. to 5:30 p.m. on August 11, 2018, and from 5:00 a.m. to 12:00 p.m. on August 12, 2018. The safety zone will cover all navigable waters of Lake Erie, off of Edgewater Park, Cleveland OH, inside an area starting on shore at position 41°29'16" N, 081°44'49" W then Northwest to 41°29'34" N, 081°45'02" W then Northeast to 41°29'43" N, 081°44'31" W then Southeast back to shore at position 41°29'28" N, 081°44'22" (NAD 83). The duration of the zone is intended to enhance the safety of vessels and swimmers on these navigable waters before, during, and after the scheduled events over the course of the three days.

No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The Captain

of the Port or his designated on-scene representative may be contacted via VHF Channel 16.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the characteristics of the safety zone. The safety zone created by this rule will be relatively small and is designed to minimize its impact on navigable waters. Furthermore, the safety zone has been designed to allow vessels to transit around it. In addition, the safety zone is located off a beach where there are normally swimmers. Thus, restrictions on vessel movement within that particular area are expected to be minimal. Under certain conditions, moreover, vessels may still transit through the safety zone when permitted by the Captain of the Port.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received 00 comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety

zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for

federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishment of a safety zone. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T09–0427 to read as follows:

§ 165.T09–0427 Safety Zone; USA Triathlon Age Group National Championships; Lake Erie, Cleveland, OH.

(a) *Location.* The safety zone will encompass all waters of Lake Erie, off of Edgewater Park, Cleveland OH, inside an area starting on shore at position 41°29'16" N, 081°44'49" W then Northwest to 41°29'34" N, 081°45'02" W then Northeast to 41°29'43" N, 081°44'31" W, and Southeast back to shore at position 41°29'28" N, 081°44'22" (NAD 83).

(b) *Enforcement period.* This rule will be enforced from 9:45 a.m. until 1:45 p.m. on August 10, 2018, from 5:00 a.m. until 5:45 p.m. on August 11, 2018, and from 5:00 a.m. until 12:15 p.m. on August 12, 2018.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Buffalo or his designated on-scene representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Buffalo or his designated on-scene representative.

(3) The “on-scene representative” of the Captain of the Port Buffalo is any Coast Guard commissioned, warrant or petty officer who has been designated by the Captain of the Port Buffalo to act on his behalf.

(4) Vessel operators desiring to enter or operate within the safety zone must contact the Captain of the Port Buffalo

or his on-scene representative to obtain permission to do so. The Captain of the Port Buffalo or his on-scene representative may be contacted via VHF Channel 16. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port Buffalo, or his on-scene representative.

Dated: August 2, 2018.

Joseph S. Dufresne,
Captain, U.S. Coast Guard, Captain of the Port Buffalo.

BILLING CODE 9110–04–P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 4

RIN 2900–AP27

Schedule for Rating Disabilities: Skin; Correction

AGENCY: Department of Veterans Affairs.

ACTION: Final rule; correction.

SUMMARY: The Department of Veterans Affairs (VA) published a final rule amending its Schedule for Rating Disabilities regulations pertaining to the skin body system in the **Federal Register** on Friday, July 13, 2018. VA has since determined that certain language added to the final rule was unintended and could be construed to prevent appropriate disability compensation ratings from being assigned to veterans. Therefore, VA is issuing this technical correction to ensure that skin disabilities are rated correctly.

DATES: This correction is effective August 13, 2018.

FOR FURTHER INFORMATION CONTACT: Stephanie Li, Chief, Regulations Staff (211D), Compensation Service, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 461–9700. (This is not a toll-free telephone number.)

SUPPLEMENTARY INFORMATION: On Friday, July 13, 2018, VA published in the **Federal Register** (83 FR 32592) a final rule amending its Schedule for Rating Disabilities regulations pertaining to the skin body system.

In § 4.118, under the General Rating Formula for the Skin for DCs 7806, 7809, 7813–7816, 7820–7822, AND 7824, the 30 percent criteria published in the final rule, contains a phrase “Characteristic lesions involving *more than*” without a corresponding explanation for the additional phrase “more than.”

VA notes that the inclusion of the phrase “more than” in the final rule was clearly a technical error. This document corrects this technical error by removing the phrase “more than” from the 30 percent rating criteria under the General Rating Formula for the Skin. This error does not affect any benefits which were previously paid as the final rule for skin will not become effective until August 13, 2018.

In FR Doc. 18–14957, appearing on page 32598 in the **Federal Register** of July 13, 2018, correct the following:

§ 4.118 [Corrected]

■ 1. On page 32598, in the table, under the heading General Rating Formula For The Skin for DCs 7806, 7809, 7813–7816, 7820–7822, AND 7824, revise the 30 percent disability rating criteria to read as follows:

At least one of the following
Characteristic lesions involving 20 to 40 percent of the entire body or 20 to 40 percent of exposed areas affected; or Systemic therapy including, but not limited to, corticosteroids, phototherapy, retinoids, biologics, photochemotherapy, PUVA, or other immunosuppressive drugs required for a total duration of 6 weeks or more, but not constantly, over the past 12-month period.

30

Approved: August 2, 2018.

Jeffrey M. Martin,

*Impact Analyst, Office of Regulation Policy
& Management, Office of the Secretary,
Department of Veterans Affairs.*
