

vitro POD has been proposed in conjunction with surface concentrations of deposited chlorothalonil particles from a computational fluid dynamic (CFD) model for the upper airway of a human. As a proof of concept, Syngenta also used the calculated human equivalent concentrations for pesticide operators/applicators to provide potential risk estimates supported by this proposed approach.

The Agency is soliciting advice from the FIFRA Scientific Advisory Panel (SAP) on the derivation of the POD from the in vitro assay and the integration of the in vitro POD for calculation of human equivalent concentrations for the inhalation risk assessment. Chlorothalonil will be presented as a case study to solicit advice on the proposed overall approach expected to be applied to other pesticides or industrial chemicals in the future.

The 4-day, in-person FIFRA SAP meeting may also be webcast. You may refer to the FIFRA SAP website at <http://www.epa.gov/sap> for information on how to access the webcast. Please note that the webcast for the in-person meeting is a supplementary public process provided only for convenience. If difficulties arise resulting in webcasting outages, the in-person meeting will continue as planned.

C. Virtual Preparatory Meeting

Preceding the in-person meeting, there will be a half-day virtual preparatory meeting, conducted via webinar using Adobe Connect, to consider and review the clarity and scope of the meeting's draft charge questions. The virtual preparatory meeting will be webcast only, and registration is required to attend this virtual meeting. The date and registration instructions will be announced in a future **Federal Register** Notice and on the FIFRA SAP website (<http://www.epa.gov/sap>) by mid-September.

D. FIFRA SAP Documents and Meeting Minutes

EPA's background paper, charge/questions to FIFRA SAP, and related supporting materials will be available by early September 2018. In addition, a list of candidates under consideration as prospective ad hoc panelists for this meeting will be available for a 15-day public comment period by early to mid-September 2018. Total Annual Burden: 63,486 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission notes that USAC must preserve the confidentiality of all data obtained from respondents; must not use the data except for purposes of administering the universal service programs; and must not disclose data in company-specific form unless directed to do so by the Commission. Privately-held rate-of-return carriers may file the financial information they disclose in FCC Form 481 pursuant to a protective order.

Needs and Uses: The Commission received OMB approval for this revised information collection. On July 7, 2017, the Commission released *Connect America Fund; ETC Annual Reports and Certifications*, WC Docket Nos. 10-90 and 14-58, Order, FCC 17-87 (*ETC Reporting Streamlining Order*), which streamlined the annual reporting requirements for eligible telecommunications carriers (ETCs) that receive high-cost universal service support by eliminating several rules that are either duplicative of other reporting requirements or are simply no longer necessary. In doing this, the Commission reduced ETCs' regulatory burdens while strengthening the tools for program oversight in furtherance of our goal of protecting the high cost universal support program against waste, fraud, and abuse. Specifically, the Commission eliminated its annual high-cost reporting rules regarding network outage information, unfulfilled service requests, the number of complaints received by an ETC per 1,000 subscribers for both voice and broadband services, pricing for voice and broadband services, service quality certification, and duplicate filing of the FCC Form 481 without compromising its ability to monitor whether ETCs are using high-cost universal service support for its intended purpose, adopted in the *ETC Reporting Streamlining Order*.

This revised information collection addresses the removal of those duplicative or otherwise unnecessary

reporting requirements and the reorganization of remaining requirements, which were not substantively changed.

Federal Communications Commission.

Secretary, Office of the Secretary.
