

stock-option orders is reasonable and equitable as the proposed fee will cover the costs of developing and maintaining the systems that allow for the matching and processing of the stock legs of stock-option orders executed in the complex order book, as well as all fees charged by the outside venue that prints the trade. The Exchange also believes it is reasonable and equitable to pass through to the Member any fees assessed by the routing broker-dealer utilized by the Exchange with respect to the execution of the stock leg of any such order (with such fees to be passed through at cost). The Exchange notes that another exchange has a comparable fee for the handling of the stock leg of stock-option orders. Specifically, Nasdaq ISE ("ISE") charges a stock handling fee of \$0.0010 per share which is capped at \$50 per order.¹³ The Exchange also believes that its proposal is consistent with Section 6(b)(5) of the Act¹⁴ because it will be uniformly applied to all Members that execute stock-option orders in the complex order book on the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed fee is similar to and within the range of fees charged by the Exchange's competitor.¹⁵ The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow to the Exchange. For the reasons stated above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing of Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,¹⁶ and Rule 19b-4(f)(2)¹⁷ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
