DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

August 9, 2018.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by September 13, 2018 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725-17th Street NW, Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control

number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Consumer Complaint Monitoring System.

OMB Control Number: 0583-0133.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*), and the Egg Product Inspection Act (EPIA) (21 U.S.C. 1031 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. FSIS tracks consumer complaints about meat, poultry, and egg products. Consumer complaints are usually filed because food made the consumer sick, caused an allergic reaction, was not properly labeled (misbranded).

Need and Use of the Information: The Consumer Complaint Monitoring System web portal is used primarily to track consumer complaints regarding meat, poultry, and egg products. FSIS will use the information collected from the web portal. To not collect the information from the web portal would reduce the effectiveness of the meat, poultry, and egg products inspection program.

Description of Respondents: Individuals or households.

Number of Respondents: 750.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 175.

Food Safety and Inspection Service

Title: Animal Disposition Reporting.

OMB Control Number: 0583-0139.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and

poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. FSIS also inspects exotic animals and rabbits under the authority of the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621 *et seq.*). In accordance with 9 CFR 320.6, 381.180, 352.15, and 354.91, establishments that slaughter meat, poultry, exotic animals, and rabbits are required to maintain certain records regarding their business operations and to report this information to the Agency as required.

Need and Use of the Information: FSIS will collect information from establishments using FSIS Form 6510-7, Poultry Lot Information. FSIS uses this information to plan inspection activities, to develop sampling plans, to target establishments for testing, to develop Agency budget, and to develop reports to Congress.

Description of Respondents: Business or other for-profit.

Number of Respondents: 1,159.

Frequency of Responses: Reporting: Other (daily).

Total Burden Hours: 23.180.

- *Hand- or courier-delivered submittals:* Deliver to 1400 Independence Avenue SW, Room 6065, Washington, DC 20250-3700.

Instructions: All items submitted by mail or electronic mail must include the Agency name and docket number FSIS-2018-0026. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <http://www.regulations.gov>.

Docket: For access to background documents or comments received, call (202) 720-5627 to schedule a time to visit the FSIS Docket Room at 1400 Independence Avenue SW, Room 6065, Washington, DC 20250-3700.

FOR FURTHER INFORMATION CONTACT: Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

SUPPLEMENTARY INFORMATION:

Title: Certificates of Medical Examination.

OMB Control Number: 0583-0167.

Expiration Date: 12/31/2018.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS, by delegation (7 CFR 2.18, 2.53), exercises the functions of the Secretary as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

Annually, the occupants of in-plant positions in FSIS inspect more than 8

billion birds and more than 130 million head of livestock. Veterinary Medical Officers, Food Inspectors, and Consumer Safety Inspectors check animals before and after slaughter, preventing diseased animals from entering the food supply, and examining carcasses for visible defects that can affect safety and quality. Consumer Safety Inspectors work in processed product inspection, assuring products are processed under sanitary conditions, not adulterated, and truthfully labeled. Inspection activities of Veterinary Medical Officers, Food Inspectors, and Consumer Safety Inspectors are carried out in over 6,000 privately owned establishments nationwide.

The duties performed by in-plant inspection personnel can be arduous, requiring standing and walking eight to nine hours daily, often on slippery and hazardous surfaces. Work is typically performed in high humidity and, depending on weather conditions, warm or cold temperatures. The work involves frequent contact with animal tissues, animal body fluids, chemical sanitation rinses and water.

FSIS is requesting a renewal of the approved information collection regarding certificates of medical examination so that FSIS can determine whether or not an applicant for a Food Inspector, Consumer Safety Inspector, or Veterinary Medical Officer in-plant position meets the Office of Personnel Management (OPM)-approved medical qualification standards for the position. The certificates of medical examination ensure accurate collection of the required data. The OPM-approved medical qualification standards apply only to positions in FSIS, not positions in other Federal agencies. FSIS is making no changes to the approved collection. The approval for this information collection will expire on December 31, 2018.

When requesting that applicants for the positions listed above undergo the medical examination, a representative of FSIS notifies the applicants in writing of the reasons for the examination, the process, and the consequences of the failure to report for an examination or provide medical documentation. Any physical condition that would hinder an individual's full, efficient, and safe performance of his or her duties is considered disqualifying for employment, except when convincing evidence is presented that the individual can perform the essential functions of the job efficiently and without hazard.

In accordance with the Rehabilitation Act of 1973, and the Americans with Disabilities Act Amendments Act of

2008, FSIS will make reasonable accommodations for the known physical or mental limitations of qualified individuals with disabilities unless the accommodation would impose an undue hardship on the operation of FSIS.

FSIS has made the following estimates on the basis of an information collection assessment.

Estimate of Burden: FSIS estimates that it will take each respondent 90 minutes to complete the form.

Respondents: FSIS Applicants for Food Inspector, Consumer Safety Inspector, and Veterinary Medical Officer in-plant positions.

Estimated Number of Respondents: 500 respondents.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 750 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS also will make copies of this publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The Update is available on the FSIS web page. Through the web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

USDA Non-Discrimination Statement

No agency, officer, or employee of the USDA shall, on the grounds of race, color, national origin, religion, sex, gender identity, sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, or political beliefs, exclude from participation in, deny the benefits of, or subject to discrimination any person in the United States under any program or activity conducted by the USDA.

How To File a Complaint of Discrimination

To file a complaint of discrimination, complete the USDA Program Discrimination Complaint Form, which may be accessed online at http://www.ocio.usda.gov/sites/default/files/docs/2012/Complain_combined_6_8_12.pdf, or write a letter signed by you or your authorized representative.

Send your completed complaint form or letter to USDA by mail, fax, or email: *Mail:* U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue SW, Washington, DC 20250-9410, *Fax:* (202) 690-7442, *Email:* program.intake@usda.gov.

Persons with disabilities who require alternative means for communication (Braille, large print, audiotape, etc.), should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

Notice of Request for a New Information Collection: Foodborne Illness Outbreak Investigation Survey for FSIS Public Health Partners

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing its intention to collect information from state and territorial government partners on ways to strengthen collaborative response to illness outbreaks associated with FSIS-regulated food products. The purpose of this information collection is to inform FSIS partner outreach efforts in order to effectively investigate and prevent foodborne illnesses.

DATES: Submit comments on or before October 15, 2018.

ADDRESSES: FSIS invites interested persons to submit comments on this **Federal Register** notice. Comments may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* This website provides the ability to type short comments directly into the comment field on this web page or attach a file for lengthier comments. Go to <http://www.regulations.gov>. Follow the on-line instructions at that site for submitting comments.

visit the FSIS Docket Room at 1400 Independence Avenue SW, Room 6065, Washington, DC 20250-3700.

FOR FURTHER INFORMATION CONTACT: Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

SUPPLEMENTARY INFORMATION:

Title: Foodborne Illness Outbreak Investigation Survey for FSIS Public Health Partners.

Type of Request: New information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*) and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS's Office of Public Health Science (OPHS) provides the scientific leadership necessary for the support of science-based food safety programs and policies implemented to reduce foodborne illnesses and deaths associated with FSIS-regulated products. As part of OPHS, the Applied Epidemiology Staff (AES) collaborates with public health partners in local, state, and federal government agencies to detect, respond to, and prevent foodborne illnesses, outbreaks, and food adulteration events. Effective communication between partners facilitates rapid investigation and control measures.

To promote successful partnerships, FSIS will administer a series of surveys regarding foodborne illness outbreak investigation to state and territorial government partners. The results of these surveys will help FSIS assess communication trends and prioritize outreach efforts. The surveys will be conducted annually in Fiscal Years 2019, 2020, and 2021. The surveys will be sent to approximately 112 state and territorial government employees each fiscal year.
