AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA

invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves submittal of pertinent information by a business or an individual to support issuance by the FAA of a Dealer's Aircraft Registration Certificate, which allows operation of an aircraft on a temporary basis under the auspices of a dealer business rather than having to obtain permanent registration. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 7, 2018.

DATES: Written comments should be submitted by September 13, 2018.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Federal Aviation Regulation (FAR) Part 47 prescribes procedures that implement Public Law 103-272 which provides for the issuance of dealer's aircraft registration certificates and for their use in connection with aircraft eligible for registration under this Act by persons engaged in manufacturing, distributing or selling aircraft. Dealer's certificates enable such persons to fly aircraft for sale immediately without having to go through the paperwork and expense of applying for and securing a permanent Certificate of Aircraft Registration. It also provides a system of identification of aircraft dealers.

b. Federal Aviation Regulations (FAR) Part 47 establishes procedures for implementing Section 505 of the Act. Specifically, Subpart C, Parts 47.61 through 47.71, describes procedures for obtaining and using dealer's certificates in FAR Part 47.63, elicit the information needed from the applicant in order to comply with Section 505 of the Act and FAR Part 47, Subpart C.

Respondents: Application for dealer's certificate may be made by any individual or company engaged in manufacturing, distributing, or selling aircraft who wants to be able operate those aircraft with a dealer's certificate instead of registering them permanently in the name of the entity.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000 (NPATMA), enacted on April 5, 2000, as Public Law 106-181, required the establishment of the NPOAG within one year after its enactment. Representatives of the Administrator and Director serve alternating 1-year terms as chairperson of the advisory group.

The duties of the NPOAG include providing advice, information, and recommendations to the FAA Administrator and the NPS Director on: implementation of Public Law 106-181; quiet aircraft technology; other measures that might accommodate interests to visitors of national parks; and at the request of the Administrator and the Director, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

Agenda for the September 18, 2018 NPOAG Meeting

The agenda for the meeting will include, but is not limited to, an update on ongoing park specific air tour planning projects, commercial air tour reporting, and the Grand Canyon quiet technology seasonal relief incentive.
