SUPPLEMENTARY INFORMATION: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969, as implemented by the Council on Environmental Quality regulations (40 CFR parts 1500-1508), the Bureau of Land Management (BLM) announced its intent to prepare an EIS. The Notice of Intent was published in the **Federal Register** on November 4, 2013. The Plan Amendment would have considered modifying land use decisions associated with livestock grazing within the GSENM and portions of the Kanab Field Office, Arizona Strip Field Office, as well as lands managed by the National Park Service in the Glen Canyon National Recreation Area where GSENM administers grazing.

In 2013, the BLM determined that planning level decisions associated with livestock grazing may need to be modified and initiated a Plan Amendment effort. On December 4, 2017, Presidential Proclamation 9682 modified the boundaries of the GSENM. As a result of the boundary modification, the BLM has initiated a full Resource Management Plan (RMP) revision for the BLM-administered lands that were previously part of this analysis. The RMP revision will include consideration of livestock grazing in its planning-level decisions. The NOI for the RMP Revision was published on January 16, 2018.

The amendment for livestock grazing is no longer necessary and the BLM hereby terminates preparation of the Livestock Grazing Monument Management Plan Amendment and associated EIS.

Authority: 40 CFR 1506.6, 40 CFR 1506.10.

Edwin L. Roberson,
State Director.

Amongst other actions necessary to carry out the Commission's statutory duties, the Act directs the Commission to provide trainings and technical assistance to tribal gaming operations regulated by IGRA. 25 U.S.C. 2706(d)(2).

The Commission is requesting a new clearance to conduct voluntary stakeholder surveys in order to: (i) Determine the stakeholders' satisfaction with the level(s) of service, trainings, and/or technical assistance provided by the Commission; (ii) identify any perceived weaknesses in those services, trainings, and/or technical assistance; (iii) seek any other information on the service, training, and/or technical assistance received; (iv) seek suggestions on improving the product or its format; and (v) seek suggestions for other services, trainings, and/or technical assistance.
