In this notice, NARA solicits comments concerning the following information collection:

Title: Independent Researcher Listing Application.

OMB number: 3095–0054.

Agency form numbers: NA Form 14115.

Type of review: Regular.

Affected public: Individuals or households.

Estimated number of respondents: 458.

Estimated time per response: 10 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 76.

Abstract: In the past, the National Archives has made use of various lists

of independent researchers who perform freelance research for hire in the Washington, DC, area. We have sent these lists upon request to researchers who could not travel to the metropolitan area to conduct their own research. To better accommodate both the public and NARA staff, the Customer Services Division (RD–DC) of the National Archives maintains a listing of independent researchers for the public. All interested independent researchers provide their contact information via this form. Collecting contact and other key information from each independent researcher and providing such information to the public when deemed appropriate will only increase business. This form is not a burden in any way to any independent researcher who voluntarily submits a completed form. Inclusion on the list will not be viewed or advertised as an endorsement by the National Archives and Records Administration (NARA). The listing is compiled and disseminated as a service to the public.

Swarnali Haldar,

Executive for Information Services/CIO.

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.
