

indicated in written notice from EPA following EPA's web posting of the submitted NOI.

Other Legal Requirements: In accordance with the Endangered Species Act (ESA), EPA has updated the provisions and necessary actions and documentation related to potential impacts to endangered species from sites seeking coverage under the General Permit. Concurrently with the public notice of the Draft HYDROGP, EPA has submitted a letter to National Marine Fisheries Service (NMFS) summarizing the results of EPA's assessment of the potential effects to endangered and threatened species and their critical habitats as a result of EPA's reissuance of the HYDROGP. In this document, EPA has concluded that the proposed reissuance of the HYDROGP is not likely to adversely affect (NLAA) the shortnose sturgeon, Atlantic sturgeon, or designated critical habitat for Atlantic sturgeon. EPA has requested that NMFS review this submittal and inform EPA whether it concurs with this preliminary finding.

In the Fact Sheet accompanying the Draft HYDROGP, EPA seeks concurrence from the U.S. Fish and Wildlife Service (USFWS) regarding our determination of effect on endangered species under its jurisdiction. Based on other General Permit proceedings, EPA has tentatively determined that the Draft HYDROGP will have "no effect." The reason for this determination is because each NOI that is submitted must assess site specific endangered species impacts using USFWS' Information, Planning, and Conservation (IPaC) website, available at <https://ecos.fws.gov/ipac/>. By using this website, the applicant can either make a determination of impacts or if there are questions, seek input from USFWS directly. Since each NOI is individually screened prior to submission, EPA has tentatively determined that the Draft HYDROGP will have "no effect."

National Historic Preservation Act (NHPA): In accordance with NHPA, EPA has established provisions and documentation requirements for sites seeking coverage under the General

Permit to ensure that discharges or actions taken under this General Permit will not adversely affect historic properties and places.

Authority: This action is being taken under the Clean Water Act, 33 U.S.C. 1251 *et seq.*

Dated: July 10, 2018.
