B. Submitting Comments

Please include Docket ID NRC–2018–0013 in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB’s approval for the information collection summarized below.

1. *The title of the information collection*: Requests to Agreement States for Information.
2. *OMB approval number*: 3150–0029.
3. *Type of submission*: Revision.

4. *The form number, if applicable*: NA.

5. *How often the collection is required or requested*: One-time or as-needed.

6. *Who will be required or asked to respond*: Thirty-seven Agreement States who have signed Section 274(b) Agreements with the NRC and two additional States expected to have Section 274(b) Agreement’s in fiscal year 2019.

7. *The estimated number of annual responses*: 351.

8. *The estimated number of annual respondents*: 39.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request*: 2,808.

10. *Abstract*: The Agreement States will be asked on a one-time or as-needed basis to respond to a specific incident, to gather information on licensing and inspection practices or other technical information. The results of such information requests, which are authorized under Section 274(b) of the Atomic Energy Act, will be utilized in part by the NRC in preparing responses to Congressional inquiries.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 17th day of August 2018.

For the Nuclear Regulatory Commission.

David C. Cullison,

NRC Clearance Officer, Office of the Chief Information Officer.

B. Submitting Comments

Please include Docket ID NRC–2016–0078 in your comment submission.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC posts all comment submissions at <http://www.regulations.gov> as well as entering the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Discussion

The NRC is issuing for public comment the draft plant-specific Supplement 59 to the GEIS for license renewal of nuclear plants, NUREG–1437, regarding the renewal of operating license, NPF–38 for an additional 20 years of operation for Waterford 3. Supplement 59 to the GEIS includes the preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. The NRC's preliminary recommendation is that the adverse environmental impacts of license

renewal for Waterford 3 are not great enough to deny the option of license renewal for energy-planning decisionmakers.
