

DEPARTMENT OF DEFENSE**Office of the Secretary****32 CFR Part 183**

[Docket ID: DOD–2017–OS–0053]

RIN 0790–AK05

Defense Support of Special Events**AGENCY:** Under Secretary of Defense for Policy, DoD.**ACTION:** Final rule.

SUMMARY: This final rule removes the Department of Defense (DoD) regulation concerning defense support of special events. This part contains internal DoD policy and procedures and assigns responsibilities for support of civil authorities and qualifying entities during the conduct of special events; therefore, it does not require codification. DoD will remove this part but is providing notice published elsewhere in this issue of the **Federal Register** to inform the public how civil authorities and qualifying entities may submit requests for special event support.

DATES: This rule is effective on August 23, 2018.**FOR FURTHER INFORMATION CONTACT:** Carol Corbin at 571–256–8319.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on removing DoD internal policies and procedures that are publicly available on the Department's issuance website.

DoD internal guidance concerning defense support of special events will continue to be published in DoD Instruction 3025.20, "Defense Support of Special Events," available at <http://www.esd.whs.mil/Portals/54/Documents/DD/issuances/dodi/302520p.pdf>.

Concurrent to the part being removed, DoD, in order to comply with 5 U.S.C. 552(a), is providing notice in the **Federal Register** to inform the public how to submit requests for special event support.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review"; therefore, E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" does not apply.

PART 183—[REMOVED]

■ Accordingly, by the authority of 5 U.S.C. 301, 32 CFR part 183 is removed.

Dated: August 20, 2018.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52**

[EPA–R02–OAR–2016–0414, FRL–9982–80—Region 2]

Approval of Air Quality Implementation Plans; New York; Fuel Composition and Use—Sulfur Limitations**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a revision to the New York State Implementation Plan (SIP) concerning sulfur-in-fuel limits. The intended effect of this revision is to add a regulatory mechanism for meeting the existing obligations related to regional haze. The SIP revision consists of amendments to Title 6 of the New York Codes, Rules and Regulations and also removes obsolete provisions from the Code of Federal Regulations (CFR) relating to New York's sulfur-in-fuel regulation.

DATES: This final rule is effective on September 24, 2018.

ADDRESSES: The EPA has established a docket for this action under Docket ID Number EPA–R02–OAR–2016–0414. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Kirk J. Wieber, Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10007–1866, (212) 637–3381, or by email at wieber.kirk@epa.gov.

SUPPLEMENTARY INFORMATION:**Table of Contents**

- I. Background
- II. EPA's Evaluation of New York's Submittal
- III. Comments Received in Response to EPA's Proposed Action
- IV. Summary of EPA's Final Action
- V. Incorporation by Reference
- VI. Statutory and Executive Order Reviews

I. Background

The EPA is approving New York's State Implementation Plan (SIP) submittal consisting of revisions to Title 6 of the New York Codes, Rules and Regulations (6 NYCRR) Section 200.1, "Definitions," which adds a definition for waste oil. EPA is approving, with limitations, Subpart 225–1, "Fuel Composition and Use—Sulfur Limitations," as contributing to attainment of the National Ambient Air Quality Standards (NAAQS) for particulate matter less than or equal to 2.5 microns in diameter (PM_{2.5}) and the NAAQS for sulfur dioxide (SO₂), and establishing a revised regulatory mechanism for New York's regional haze SIP. The EPA's approval of New York's sulfur-in-fuel regulation into the SIP does not alter the EPA's prior action on New York's Regional Haze SIP, which includes emission reductions related to the sulfur-in-fuel requirements of section 19–0325 of the Environmental Conservation Law (ECL). 77 FR 51915 (August 28, 2012). The EPA is approving these revisions, requested by New York, as strengthening the effectiveness of New York's SIP.

Pursuant to 40 CFR part 51, the EPA also is removing a section from 40 CFR 52.1675 which lists sulfur limitations for various facilities in New York. EPA has determined that these limitations have expired and/or refer to sources which have been shut down. That determination was reflected in EPA's reformatting exercise that ensured that all revisions to the New York State SIPs are accurately reflected in 40 CFR part 52, including 40 CFR 52.1670(d), "EPA approved State source-specific requirements." 76 FR 41705 (July 15, 2011). In addition, the sulfur-in-fuel rule proposed for approval here requires the use of lower sulfur fuel, with lower sulfur concentrations than the limits listed in 40 CFR 52.1675. The EPA is therefore removing the existing sulfur limitations in 40 CFR 52.1675 as they are superfluous and obsolete. The EPA is also revising 40 CFR 52.1675(e) to conform with the new nomenclature in New York's revised Subpart 225–1 that is being approved with this action.
