BILLING CODE 6731-AA-P

FEDERAL RESERVE SYSTEM

Agency Information Collection Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB

AGENCY: Board of Governors of the Federal Reserve System.

SUMMARY: The Board of Governors of the Federal Reserve System (Board) is adopting a proposal to extend for three years, without revision, the Recordkeeping Requirements Associated with Changes in Foreign Investments (Made Pursuant to Regulation K) (FR 2064; OMB No. 7100-0109).

FOR FURTHER INFORMATION CONTACT:

Federal Reserve Board Clearance Officer—Nuha Elmaghrabi—Office of the Chief Data Officer, Board of Governors of the Federal Reserve System, Washington, DC, 20551 (202) 452-3829. Telecommunications Device for the Deaf (TDD) users may contact (202) 263-4869, Board of Governors of the Federal Reserve System, Washington, DC 20551.

OMB Desk Officer—Shagufta Ahmed—Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10235, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395-6974.

SUPPLEMENTARY INFORMATION: On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board authority under the Paperwork Reduction Act (PRA) to approve and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the Paperwork Reduction Act Submission, supporting statements and approved collection of information instrument(s) are placed into OMB's public docket files. The Board may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended,

revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Final approval under OMB delegated authority of the extension for three years, without revision, of the following information collection:

Report title: Recordkeeping Requirements Associated with Changes in Foreign Investments (Made Pursuant to Regulation K).

Agency form number: FR 2064.

OMB control number: 7100-0109.

Frequency: On occasion.

Respondents: Internationally active U.S. banking organizations (member banks, Edge Act and agreement corporations, and bank holding companies).

Estimated number of respondents: 20.

Estimated average hours per response:

2. *Estimated annual burden hours:* 160.

General description of report:

Internationally active U.S. banking organizations are required to maintain adequate internal records to demonstrate compliance with the investment provisions contained in Subpart A of Regulation K (12 CFR part 211).

Legal authorization and confidentiality: This collection of information is authorized pursuant to section 5(c) of the Bank Holding Company Act (12 U.S.C. 1844(c)); sections 25 and 25A of the Federal Reserve Act (12 U.S.C. 602 and 625). The recordkeeping requirements are mandatory. Because the Federal Reserve does not collect these records, an issue of confidentiality under the Freedom of Information Act (FOIA) is unlikely to arise. FOIA, however, may be implicated if the Federal Reserve's examiners retain a copy of the records in their examination or supervision of the institution. Any such records would be exempt from disclosure pursuant to exemption 8 of FOIA (5 U.S.C. 552(b)(8)). Exemption 4 to FOIA, which protects confidential financial information, may also be applicable. (5 U.S.C. 552(b)(4)).

Current actions: On May 22, 2018, the Board published a notice in the **Federal Register** (83 FR 23682) requesting public comment for 60 days on the extension, without revision, of the FR 2064. The comment period for this notice expired on July 23, 2018. The Board did not receive any comments.

Board of Governors of the Federal Reserve System, August 20, 2018.

Ann Misback,
Secretary of the Board.

SUPPLEMENTARY INFORMATION:

A. Overview of Information Collection

Description of the Information Collection

1. **Type of Information Collection:** Revision/Renewal of a currently approved collection.

2. **Title of the Collection:** Subcontract Consent and Contractors' Purchasing System Review.

3. **Agency Form Number, If Any:** N/A.

Solicitation of Public Comment

Written comments and suggestions from the public should address one or more of the following four points:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

B. Purpose

This information collection requirement, OMB Control No. 9000–0149, currently titled “Subcontract Consent,” is proposed to be retitled “Subcontract Consent and Contractors' Purchasing System Review,” due to consolidation with currently approved information collection requirement OMB Control No. 9000–0132, Contractors' Purchasing System Review.

This clearance covers the information that a contractor must submit to comply with the requirements in Federal Acquisition Regulation (FAR) 52.244–2, Subcontracts, regarding consent to subcontract, advance notification, and Contractors' purchasing system review as follows:

1. **Consent to subcontract.** This is the contracting officer's written consent for the prime contractor to enter into a particular subcontract. In order for the contracting officer responsible for consent to make an informed decision, the prime contractor must submit adequate information to ensure that the proposed subcontract is appropriate for the risks involved and consistent with current policy and sound business judgment. The review allows the Government to determine whether the contractor's purchasing policies and practices are efficient and adequately protect the Government's interests.

If the contractor has an approved purchasing system, consent is required for subcontracts specifically identified by the contracting officer in the subcontracts clause of the contract. The contracting officer may require consent to subcontract if the contracting officer has determined that an individual consent action is required to protect the Government adequately because of the subcontract type, complexity, or value, or because the subcontract needs special surveillance. These can be subcontracts for critical systems, subsystems, components, or services.

If the contractor does not have an approved purchasing system, consent to subcontract is required for cost-reimbursement, time-and-materials, labor-hour, or letter contracts, and also for unpriced actions under fixed-price

contracts that exceed the simplified acquisition threshold.

2. **Advance notification.** Prime contractors must provide contracting officers notification before the award of any cost-plus-fixed-fee subcontract, or certain fixed-price subcontracts. This requirement for advance notification is driven by statutory requirements in 10 U.S.C. 2306 and 41 U.S.C. 3905.

3. **Contractors' Purchasing System Review.** The objective of a contractor purchasing system review (CPSR), is to evaluate the efficiency and effectiveness with which a contractor spends Government funds and complies with Government policy when subcontracting.

Paragraph (i) of FAR clause 52.244–2 specifies that the Government reserves the right to review the contractor's purchasing system as set forth in FAR subpart 44.3. FAR 44.302 requires the administrative contracting officer (ACO) to determine the need for a CPSR based on, but not limited to, the past performance of the contractor, and the volume, complexity and dollar value of subcontracts. If a contractor's sales to the Government (excluding competitively awarded firm-fixed-price and competitively awarded fixed-price with economic price adjustment contracts and sales of commercial items pursuant to Part 12) are expected to exceed \$25 million during the next 12 months, the ACO will perform a review to determine if a CPSR is needed. Sales include those represented by prime contracts, subcontracts under Government prime contracts, and modifications. Generally, a CPSR is not performed for a specific contract. The head of the agency responsible for contract administration may raise or lower the \$25 million review level if it is considered to be in the Government's best interest. Once an initial determination has been made to conduct a review, at least every three years the ACO shall determine whether a purchasing system review is necessary. If necessary, the cognizant contract administration office will conduct a purchasing system review.

A CPSR provides the administrative contracting officer (ACO) a basis for granting, withholding, or withdrawing approval of a contractor's purchasing system. An approved purchasing system allows the contractor more autonomy in subcontracting actions. Without an approved purchasing system more Government oversight is necessary, and Government consent to subcontract is required. Generally, a CPSR is not performed for a specific contract. Rather, CPSRs are conducted on contractors based on the factors

identified above. For example, the Defense Contract Management Agency (DCMA) Contractor Purchasing System Review Group is a group dedicated to conducting CPSRs for the Department of Defense. As of June 2014 the group's review workload included more than 700 contractors worldwide.

The cognizant ACO is responsible for granting, withholding, or withdrawing approval of a contractor's purchasing system and for promptly notifying the contractor of same (FAR 44.305-1).

Related administrative requirements are as follows: FAR 44.305-2(c) requires that when recommendations are made for improvement of an approved system, the contractor shall be requested to reply within 15 days with a position regarding the recommendations. FAR 44.305-3(b) requires when approval of the contractor's purchasing system is withheld or withdrawn, the ACO shall within 10 days after completing the in-plant review (1) inform the contractor in writing, (2) specify the deficiencies that must be corrected to qualify the system for approval, and (3) request the contractor to furnish within 15 days a plan for accomplishing the necessary actions. If the plan is accepted, the ACO shall make a follow-up review as soon as the contractor notifies the ACO that the deficiencies have been corrected.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Mine Safety and Health Research Advisory Committee (MSHRAC), Metal Mining Automation and Advanced Technologies (MMAAT) Workgroup

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the CDC announces the following meeting for the Mine Safety and Health Research Advisory Committee (MSHRAC), Metal Mining Automation and Advanced Technologies (MMAAT) Workgroup. This meeting is open to the public, limited only by the space available. The public is welcome to submit written comments in advance of the meeting to the contact person below. Written comments received in advance of the meeting will be included in the official record of the meeting.

DATES: The meeting will be held on September 10, 2018, 8:00 a.m. to 4:00 p.m. MDT; and September 11, 2018, 8:00 a.m. to 12:00 noon MDT.

ADDRESSES: University of Colorado, Anschutz Medical Campus, 13001 E 17th Place, Aurora, CO 80045. On September 10, the meeting will be held in the Krugman Conference Hall, and on September 11 in the Education 2 South Auditorium, both on that campus.

FOR FURTHER INFORMATION CONTACT: Todd Ruff, MMAAT Workgroup Designated Federal Officer, NIOSH, CDC, 315 E Montgomery Avenue, Spokane, Washington 99207, Telephone (509) 354-8003; Email ter5@cdc.gov.

SUPPLEMENTARY INFORMATION:

Purpose: This meeting will focus on emerging health and safety issues associated with the implementation of automation and advanced technology in

the U.S. metal mining industry. The meeting is designed to identify to what extent automation and smart technologies will be implemented in metal mining and in what timeframe; to identify the related emerging health & safety concern; and to identify what gaps exist in occupational health & safety research related to automation and smart technologies.

Matters to be Considered: The agenda will include updates on the state-of-the-art in mining automation and case studies on implementing automation at mine sites. The updates will be followed by panel discussions regarding: (1) Human factors considerations, (2) risk management, (3) automated haulage, (4) sensor technology, and (5) data analytics. Each panel will seek input and discuss the health and safety implications associated with these various topics, and identify gaps for further study. Agenda items are subject to change as priorities dictate.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.
