[EPA-HQ-SFUND-2003-0010; FRL-9982-84—Region 7]

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Partial Deletion of the Omaha Lead Superfund Site**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: Environmental Protection Agency (EPA) Region 7 announces the deletion of 101 residential parcels of the Omaha Lead Superfund site (Site or OLS) located in Omaha, Nebraska, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Nebraska, through the Nebraska Department of Environmental Quality, determined that all appropriate Response Actions under CERCLA were completed at the identified parcels. However, this deletion does not preclude future actions under CERCLA.

This partial deletion pertains to 101 residential parcels. The remaining parcels will remain on the NPL and are not being considered for deletion as part of this action.

DATES: This action is effective August 28, 2018.

SUPPLEMENTARY INFORMATION: The portion of the site to be deleted from the NPL are 101 residential parcels of the Omaha Lead Superfund site, Omaha, Nebraska. A Notice of Intent for Partial Deletion for this Site was published in the **Federal Register** (83 FR 29731) on June 26, 2018.

The closing date for comments on the Notice of Intent for Partial Deletion was July 26, 2018. One public comment was received which was not site-related and EPA has determined it will proceed with the partial deletion.

EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion of a site from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of portions of a site from the NPL does not affect responsible party liability, in the unlikely event that future conditions warrant further actions.
