BILLING CODE 4164-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Notice of Interest Rate on Overdue Debts

Section 30.18 of the Department of Health and Human Services' claims collection regulations (45 CFR part 30) provides that the Secretary shall charge an annual rate of interest, which is determined and fixed by the Secretary of the Treasury after considering private consumer rates of interest on the date that the Department of Health and Human Services becomes entitled to recovery. The rate cannot be lower than the Department of Treasury's current value of funds rate or the applicable rate determined from the "Schedule of Certified Interest Rates with Range of Maturities" unless the Secretary waives interest in whole or part, or a different rate is prescribed by statute, contract, or repayment agreement. The Secretary of the Treasury may revise this rate quarterly. The Department of Health and Human Services publishes this rate in the **Federal Register**.

The current rate of 10¼%, as fixed by the Secretary of the Treasury, is certified for the quarter ended June 30, 2018. This rate is based on the Interest Rates for Specific Legislation, "National Health Services Corps Scholarship Program (42 U.S.C. 254o(b)(1)(A))" and "National Research Service Award Program (42 U.S.C. 288(c)(4)(B))." This interest rate will be applied to overdue debt until the Department of Health and Human Services publishes a revision.

Dated: August 23, 2018.

David C. Horn,

Director, Office of Financial Policy and Reporting.

Title of the Collection: Cross-Site Evaluation on the Women's Health College Sexual Assault Policy and Prevention Initiative.

Type of Collection: New.

OMB No. 0990-XXXX: Office of Women's Health within OS.

Abstract: The Office of Women's Health is seeking an approval by OMB on a new information collection, Cross-Site Evaluation on the Women's Health College Sexual Assault. The purpose of

this data collection is to gather qualitative data across the nine grantee organizations and partners via interviews to gain a full understanding of grantee and partner perceived success over the course of the three-year project; grantee and partner experiences with the initiative; barriers and facilitators to project implementation; sustainability of grantee efforts; and anecdotal or other evidence of reductions in campus sexual violence. Interviews conducted with individuals representing the grantee organizations and campus partners, and will occur once per respondent in the spring of 2019.

The CDC estimates that 23 million women have experienced completed or attempted rape in their lifetimes. (National Intimate Partner and Sexual Violence Survey, <https://www.cdc.gov/mmwr/preview/mmwrhtml/ss6308a1.htm>). A September 2015 Association of American Universities (AAU) survey of 150,000 students across 27 colleges and universities indicated that 23% of female undergraduate students reported experiencing sexual assault since enrolling in college (AAU Campus Climate Survey on Sexual Assault and Sexual Misconduct, <https://www.aau.edu/sites/default/files/%40%20Files/Climate%20Survey/Executive%20Summary%2012-14-15.pdf>).

The College Sexual Assault Policy, and Prevention Initiative of the Department of Health and Human Services, Office of Women's Health, has three main goals: (1) Disseminate sexual assault policy and prevention information to organizations in a position to influence and implement policies and practices at post-secondary schools; (2) provide technical assistance to post-secondary schools to establish policies and practices that prevent sexual assault; and (3) assess the success of policy establishment and sustained prevention strategies enacted by partnering organizations and post-secondary schools.
