**Needs and Uses:** In order to effectively administer and monitor its economic development assistance programs, EDA collects certain information from applications for, and recipients of, EDA investment assistance. The collection of this information is required to ensure the recipient is complying with EDA's CEDS requirements. A CEDS is required for an eligible applicant to qualify for an EDA investment assistance under its Public Works, Economic Adjustment, and certain planning programs, and is a prerequisite for a region's designation by EDA as an Economic Development District (see 13 CFR 303, 305.2, and 307.2 of EDA's regulations).

A CEDS emerges from a continuing planning process developed and driven by a public sector planning organization by engaging a broad-based and diverse set of stakeholders to address the economic problems and potential of a region. The CEDS should include information about how and to what extent stakeholder input and support was solicited. Information on how the planning organization collaborated with its diverse set of stakeholders (including the public sector, private interests, non-profits, educational institutions, and community organizations) in the development of the CEDS should be included. In accordance with the

regulations governing the CEDS (see 13 CFR 303.7), a CEDS must contain a summary background, a SWOT Analysis, Strategic Direction/Action Plan, and an Evaluation Framework. In addition, the CEDS must incorporate the concept of economic resilience (*i.e.*, the ability to avoid, withstand, and recover from economic shifts, natural disasters, etc.). EDA is not proposing any changes to the current information collection request.

**Affected Public:** Not-for-profit institutions; State, local or Tribal government; Business or other for-profit organizations.

**Frequency:** At least every 5 years, as explained above.

**Respondent's Obligation:** Mandatory.
