Paperwork Reduction Act

The Paperwork Reduction Act requires Federal agencies to seek and obtain Office of Management and Budget (OMB) approval before undertaking a collection of information directed to ten or more persons. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Agency conducted an analysis to determine the number of applications the Agency estimates that it will receive under the DHCS grant program. It was determined that the estimated number of applications was fewer than nine and in accordance with 5 CFR 1320.2 through 1320.13, no OMB approval is necessary at this time.

A. Program Description

The DHCS program is authorized by Section 379G of the Consolidated Farm and Rural Development Act (7 U.S.C. 2008u), as amended by the Agricultural Act of 2014 (Pub. L. 113–79). The primary objective of the program is to provide financial assistance to address the continued unmet health needs in the Delta Region through cooperation among health care professionals, institutions of higher education, research institutions, and other individuals and entities in the Delta Region. Grants are awarded on a
competitive basis. The maximum award amount per grant is $1,000,000.

Conflict of Interest—A situation in which a person or entity has competing personal, professional, or financial interests that make it difficult for the person or business to act impartially. Federal procurement standards prohibit transactions that involve a real or apparent conflict of interest for owners, employees, officers, agents, or their immediate family members having a financial or other interest in the outcome of the Project; or that restrict open and free competition for unrestrained trade. Specifically, Project Funds may not be used for services or goods going to, or coming from, a person or entity with a real or apparent conflict of interest, including, but not limited to, owner(s) and their immediate family members. C. Eligibility Information
Applicants must meet all of the following eligibility requirements. Your application will not be considered for funding if it does not provide sufficient information to determine eligibility or is missing required elements. Applicants that fail to submit the required elements by the application deadline will be deemed ineligible and will not be evaluated further. Information submitted after the application deadline will not be accepted.
1. Eligible Applicants
Grants funded through DHCS may be made to a Consortium as defined in Paragraph A of this Notice. Consortiums are eligible to receive funding through this Notice. One member of the Consortium must be designated as the lead entity by the other members of the Consortium and have legal authority to contract with the Federal Government.
The lead entity is the recipient (see 2 CFR 200.86) of the DHCS grant funds and accountable for monitoring and reporting on the Project performance and financial management of the grant. In addition, the lead entity (recipient) is responsible for subrecipient monitoring and management in accordance with 2 CFR 200.330 and 200.331, respectively. The remaining consortium members are subrecipients (see 2 CFR 200.93). They may receive subawards (see 2 CFR 200.94) from the recipient and are responsible for monitoring and reporting the Project performance and financial management of their subaward to the recipient.
(a) An applicant is ineligible if they do not submit “Evidence of Eligibility” and “Consortium Agreements” as described in Section D.2. of this Notice.
(b) An applicant is ineligible if they have been debarred or suspended or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.” The Agency will check the System for Award Management (SAM) to determine if the applicant has been debarred or
suspended. In addition, an applicant will be considered ineligible for a grant due to an outstanding judgment obtained by the U.S. in a Federal Court (other than U.S. Tax Court), is delinquent on the payment of Federal income taxes, or is delinquent on Federal debt. The applicant must certify as part of the application that they do not have an outstanding judgment against them. The Agency will check the Credit Alert Interactive Voice Response System (CAIVRS) to verify this.

(c) Any corporation (1) that has been convicted of a felony criminal violation under any Federal law within the past 24 months or (2) that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, is not eligible for financial assistance provided with funds appropriated by the Consolidated Appropriations Act, 2018 (Pub. L. 115–141), unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

(d) Applications will be deemed ineligible if the application includes any funding restrictions identified under Section D.6.

(e) Applications will be deemed ineligible if the application is not complete in accordance with the requirements stated in Section C.3.g.

2. Cost Sharing or Matching

Matching funds are not required. However, if you are adding any other contributions to the proposed Project, you must provide documentation indicating who will be providing the matching funds, the amount of funds, when those funds will be provided, and how the funds will be used in the Project budget. Examples of acceptable documentation include: A signed letter from the source of funds stating the amount of funds, when the funds will be provided, and what the funds can be used for or a signed resolution from your governing board authorizing the use of a specified amount of funds for specific components of the Project. The matching funds you identify must be for eligible purposes and included in your work plan and budget. Additionally, expected program income may not be used as matching funds at the time you submit your application. However, if you have a contract to provide services in place at the time you submit your application, you can verify the amount of the contract as matching funds. If you choose, you may use a template to summarize the matching funds. The template is available either from your State Office or the program website at: http://www.rd.usda.gov/programs-services/delta-health-care-services-grants.

3. Other Eligibility Requirements

(a) Use of Funds. Your application must propose to use Project Funds for eligible purposes. Eligible Project purposes include the development of:

- Health care services;
- health education programs;
- health care job training programs; and
- the development and expansion of public health-related facilities in the Delta Region.

(b) Project Eligibility. The proposed Project must take place within the Delta Region as defined in this Notice. However, the applicant need not propose to serve the entire Delta Region.

(c) Project Input. Your proposed Project must be developed based on input from local governments, public health care providers, and other entities in the Delta Region.

(d) Grant Period Eligibility. All awards are limited to up to a 24 month grant period based upon the complexity of the Project. Your proposed grant period should begin no earlier than February 1, 2019, and should end no later than 24 months following that date. If you receive an award, your grant period will be revised to begin on the actual date of award—the date the grant agreement is executed by the Agency—and your grant period end date will be adjusted accordingly. Your Project activities must begin within 90 days of the date of award. If you request funds for a time period beginning before February 1, 2019, and/or ending later than 24 months from that date, your application will be ineligible. The length of your grant period should be based on your Project’s complexity, as indicated in your application work plan.

(e) Multiple Application Eligibility. The Consortium, including its members, is limited to submitting one application for funding under this Notice. We will not accept applications from Consortia that include members who are also members of other Consortia that have submitted applications for funding under this Notice. If we discover that a Consortium member is a member of multiple Consortia with applications submitted for funding under this Notice, all applications will be considered ineligible for funding.

(f) Satisfactory Performance Eligibility. If you have an existing DHCS award, you must be performing satisfactorily to be considered eligible for a new DHCS award. Satisfactory performance includes being up-to-date on all financial and performance reports as prescribed in the grant award, and current on tasks and timeframes for utilizing grant and matching funds as approved in the work plan and budget. If you have any unspent grant funds on DHCS awards prior to FY 2016, your application will not be considered for funding. If your FY 2016 and/or 2017 award has unspent funds of 50 percent or more than what your approved work plan and budget projected at the time your FY 2018 application is evaluated, your application may not be considered for funding. The Agency will verify the performance status of FY 2016 and 2017 awards and make a determination after the FY 2018 application period closes.

(g) Completeness Eligibility. Your application must provide all of the information requested in Section D.2. of this Notice. Applications lacking sufficient information to determine eligibility and scoring will be deemed ineligible and will not be considered for scoring.

(b) Indirect Costs. Your negotiated indirect cost rate approval does not need to be included in your application, but you will be required to provide it if a grant is awarded. Approval for indirect costs that are requested in an application without an approved indirect cost rate agreement is at the discretion of the Agency.

(i) Consortium Agreements. The application must include a formal written agreement with each Consortium member that addresses the negotiated arrangements for administering the Project to meet Project goals, the Consortium member’s responsibilities to comply with administrative, financial, and reporting requirements of the grant, including those necessary to ensure compliance with all applicable Federal regulations and policies, and facilitate a smooth functioning collaborative venture.
Under the agreement, each Consortium member must perform a substantive role in the Project and not merely serve as a conduit of funds to another party or parties. This agreement must be signed by an authorized representative of the lead entity and an authorized representative of each partnering consortium entity.
(j) Scoring Criteria. Each of the scoring criteria in this Notice must be addressed in narrative form. Failure to address each scoring criterion will result in the application being determined ineligible.
(k) Performance Measures. The Agency has also established annual performance measures to evaluate the DHCS program. You must provide estimates on the following performance measures as part of your application:
• Number of businesses assisted;
• Number of jobs created;
• Number of jobs saved;

It is permissible to have a zero in a performance element. When you calculate jobs created, estimates should be based upon actual jobs to be created by your organization as a result of the DHCS funding or actual jobs to be created by businesses as a result of assistance from your organization. When you calculate jobs saved, estimates should be based only on actual jobs that would have been lost if your organization did not receive DHCS funding or actual jobs that would have been lost without assistance from your organization.
You can also suggest additional performance elements for example where job creation or jobs saved may not be a relevant indicator. These additional elements should be specific, measurable performance elements that could be included in an award document.
(l) Financial Information and Sustainability. You must provide current financial statements and a narrative description demonstrating sustainability of the Project, all of which show sufficient resources and expertise to undertake and complete the Project and how the Project will be sustained following completion. (n) Service Area Maps. You must provide maps with sufficient detail to show the area that will benefit from the proposed facilities and services and the location of the facilities improved or
purchased with grant funds if applicable.

(o) Certification of no current outstanding Federal judgment. You must certify that there are no current outstanding Federal judgments against your property and that you will not use grant funds to pay for any judgment obtained by the United States. You must also certify that you are not delinquent on the payment of Federal income taxes, or any Federal debt. To satisfy the Certification requirement, you should include this statement in your application: “[INSERT NAME OF APPLICANT] certifies that the United States has not obtained an unsatisfied judgment against its property, is not delinquent on the payment of Federal income taxes, or any Federal debt, and will not use grant funds to pay any judgments obtained by the United States.” A separate signature is not required.

(p) Environmental information necessary to support the Agency’s environmental finding. These documents can be found here: http://www.rd.usda.gov/publications/regulations-guidelines/instructions. Non-construction Projects applying under this Notice are hereby classified as Categorical Exclusions according to 7 CFR 1970.53(b), the award of financial assistance for planning purposes, management and feasibility studies, or environmental impact analyses, which do not require any additional documentation.

3. DUNS Number and SAM Registration

In order to be eligible (unless you are exempted under 2 CFR 25.110(b), (c) or (d), you are required to:

(a) Provide a valid DUNS number in your application, which can be obtained at no cost via a toll-free request line at (866) 705–5711;

(b) Register in SAM before submitting your application. You may register in SAM at no cost at: https://www.sam.gov/portal/public/SAM/; and

(c) Continue to maintain an active SAM registration with current information at all times during which you have an active Federal award or an application or plan under consideration by a Federal awarding agency.

The Agency may not make a Federal award to you until you have complied with all applicable DUNS and SAM requirements. If you have not fully complied with requirements by the time the Agency is ready to make a Federal award, the Agency may determine that the applicant is not qualified to receive a Federal award and the Agency may use this determination as a basis for making an award to another applicant.

Explanation of Deadlines: Complete paper applications must be postmarked and mailed, shipped, or sent overnight by November 26, 2018. The Agency will determine whether your application is late based on the date shown on the postmark or on your invoice. You may also hand carry your application to one of our field offices, but it must be received by close of business on the deadline date. If the due date falls on a Saturday, Sunday, or Federal holiday, the reporting package is due the next business day. Late applications are not eligible for funding.

Electronic applications must be RECEIVED by: http://www.grants.gov by midnight Eastern Time November 19, 2018, to be eligible for funding. Please review the Grants.gov website at: http://grants.gov/applicants/organization registration.jsp for instructions on the process of registering your organization as soon as possible to ensure you can meet the electronic application deadline. Grants.gov will not accept applications submitted after the deadline.

5. Intergovernmental Review

Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs, applies to this program. This E.O. requires that Federal agencies provide opportunities for consultation on proposed assistance with State and local governments. Many States have established a Single Point of Contact (SPOC) to facilitate this consultation. For a list of States that maintain a SPOC, please see the White House website: https://www.whitehouse.gov/wp-content/uploads/2017/11/SPOC-Feb.-2018.pdf. If your State has a SPOC, you may submit your application directly for review. Any comments obtained through the SPOC must be provided to your State Office for consideration as part of your application. If your State has not established a SPOC or you do not want to submit your application to the SPOC, your State Office will submit your application to the SPOC or other appropriate agency or agencies.

You are also encouraged to contact Cooperative Programs at 202–690–1374 or cpgrants@wdc.usda.gov if you have questions about this process.

6. Funding Restrictions

Project Funds may not be used for ineligible purposes. In addition, you may not use Project Funds for the following:

(a) To duplicate current services or to replace or to substitute support previously provided. However, Project Funds may be used to expand the level of effort or a service beyond what is currently being provided;

(b) To pay for costs to prepare the application for funding under this Notice;

(c) To pay for costs of the Project incurred prior to the effective date of the period of performance;

(d) To pay expenses for applicant employee training not directly related to the Project;

(e) Fund political activities;

(f) To pay for assistance to any private business enterprise which does not have at least 51 percent ownership by those who are either citizens of the United States or reside in the United States after being legally admitted for permanent residence;

(g) To pay any judgment or debt owed to the United States;

(h) Engage in any activities that are considered a Conflict of Interest, as defined by this Notice; or

(i) Fund any activities prohibited by 2 CFR 200;

In addition, your application will not be considered for funding if it does any of the following:

i. Requests more than the maximum grant amount; or

ii. Proposes ineligible costs that equal more than 10 percent of the Project Funds.

We will consider your application for funding if it includes ineligible costs of 10 percent or less of total Project Funds, if it is determined eligible otherwise. However, if your application is successful, those ineligible costs must be removed and replaced with eligible costs before the Agency will make the grant award or the amount of the grant award will be reduced accordingly. If we cannot determine the percentage of ineligible costs, your application will not be considered for funding.

7. Other Submission Requirements

(a) You should not submit your application in more than one format. You must choose whether to submit your application in hard copy or electronically. Applications submitted in hard copy should be mailed or hand-delivered to the State Office where the Project will primarily take place. You can find State Office contact information at: http://www.rd.usda.gov/contact-us/state-offices. To apply electronically, you must follow the instructions for this funding announcement at: http:///
www.grants.gov. A password is not required to access the website.

(b) National Environmental Policy Act. This Notice has been reviewed in accordance with 7 CFR part 170, “Environmental Policies and Procedures.” We have determined that an Environmental Impact Statement is not required because the issuance of regulations and instructions, as well as amendments to them, describing administrative and financial procedures for processing, approving, and implementing the Agency’s financial programs is categorically excluded in the Agency’s National Environmental Policy Act regulation found at 7 CFR 1970.53(f), “Environmental Policies and Procedures.” We have determined that this Notice does not constitute a major Federal action significantly affecting the quality of the human environment.

The Agency will review each grant application to determine its compliance with 7 CFR part 1970. The applicant may be asked to provide additional information or documentation to assist the Agency with this determination.

(c) Civil Rights Compliance Requirements. All grants made under this Notice are subject to Title VI of the Civil Rights Act of 1964 as required by the USDA (7 CFR part 15, subpart A) and Section 504 of the Rehabilitation Requirements. All grants made under this Notice are subject to Title VI of the Rehabilitation Act. This Notice has been reviewed in accordance with 7 CFR part 1970, ‘‘Environmental Policies and Procedures.’’ We have determined that the issuance of regulations and instructions, as well as amendments to them, describing administrative and financial procedures for processing, approving, and implementing the Agency’s financial programs is categorically excluded in the Agency’s National Environmental Policy Act regulation found at 7 CFR 1970.53(f), ‘‘Environmental Policies and Procedures.’’ We have determined that this Notice does not constitute a major Federal action significantly affecting the quality of the human environment.

The Agency will review each grant application to determine its compliance with 7 CFR part 1970. The applicant may be asked to provide additional information or documentation to assist the Agency with this determination.

1. Scoring Criteria

All eligible and complete applications will be evaluated based on the following criteria. Evaluators will base scores only on the information provided or cross-referenced by page number in each individual scoring criterion. DHCS is a competitive program, so you will receive scores based on the quality of your responses. Simply addressing the criteria will not guarantee higher scores. The total points possible for the criteria are 110. The minimum score required for funding is 60 points. It is at the Agency’s discretion to fund applications with a score of 59 points or less if it is in the best interest of the Federal Government.

(a) Community Needs and Benefits derived from the Project (maximum of 30 points). A panel of USDA employees will assess how the Project will benefit the residents in the Delta Region. This criterion will be scored based on the documentation in support of the community needs for health services and public health-related facilities and the benefits to people living in the Delta Region derived from the implementation of the proposed Project. It should lead clearly to the identification of the Project participant pool and the target population for the Project and provide convincing links between the Project and the benefits to the community to address its health needs. The Agency will consider:

(1) The extent of the applicant’s documentation explaining the health care needs, issues, and challenges facing the service area. Include what problems the residents face and how the Project will benefit the residents in the region.

(2) The extent to which the applicant is able to show the relationship between the Project’s design, outcome, and benefits.

(3) The extent to which the applicant explains the Project and its implementation and provides milestones which are well-defined and can be realistically completed.

(4) The extent to which the applicant clearly outlines a plan to track, report, and evaluate performance outcomes. Applicants should attempt to quantify benefits in terms of outcomes from the Project; that is, ways in which peoples’ lives, or the community, will be improved. Provide estimates of the number of people affected by the benefits arising from the Project.

(b) The Project Management and Organization Capability (maximum of 30 points). A panel of USDA employees will assess the extent to which the Project Manager will manage and implement programs that are relevant and will contribute to the success of the Project.

(c) Work Plan and Budget (maximum of 30 points). You must provide a work plan and budget that includes the following:

(a) The specific activities, such as programs, services, trainings, and/or construction-related activities for a facility to be performed under the Project; (b) the estimated line item costs associated with each activity, including grant funds and other necessary sources of funds; (c) the key personnel who will carry out each activity (including each Consortium member’s role); and (d) the specific time frames for completion of each activity.

An eligible start and end date for the Project and for individual Project tasks must be clearly shown and may not exceed Agency specified timeframes for the grant period. You must show the source and use of both grant and other contributions for all tasks. Other contributions must be spent at a rate equal to, or in advance of, grant funds.       • Improving Quality of Life;
      • Supporting a Rural Workforce;
      • Harnessing Technological Innovation; and
      • Economic Development

The review panel will convene to reach a consensus on the scores for each of the eligible applications. The Administrator may choose to award up to 10 Administrator discretionary points based on criterion (e) in section E.1. of this Notice. These points will be added to the cumulative score for a total possible score of 110. Applications will be funded in highest ranking order until the funding limitation has been reached. Applications that cannot be fully funded may be offered partial funding at the Agency’s discretion. If your application is ranked and not funded, it will not be carried forward into the next competition.

OMB Control Number: 0572–0116.

Type of Request: Extension of a currently approved information collection package.

Abstract: The Rural Utilities Service makes mortgage loans and loan guarantees to electric systems to provide and improve electric service in rural areas pursuant to the Rural Electrification Act of 1936, as amended (7 U.S.C. 901 et seq.) (RE Act). This information collection requirements stems from passage of Public Law 104–127, on April 4, 1996, which amended section 331(b) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) to extend to RUS the Secretary of Agriculture's authority to settle debts with respect to loans made or guaranteed by RUS. Only those electric borrowers that are unable to fully repay their debts to the Government and who apply to RUS for relief will be affected by this information collection. The collection will require only that information which is essential for determining: The need for debt settlement; the amount of relief that is needed; the amount of debt that can be repaid; the scheduling of debt repayment; and, the range of opportunities for enhancing the amount of debt that can be recovered. The information to be collected will be similar to that which any prudent lender would require to determine whether debt settlement is required and the amount of relief that is needed. Since the need for relief is expected to vary substantially from case to case, so will the required information collection.

Estimate of Burden: Public reporting for this collection of information is estimated to average 1,000 hours per response.

Respondents: Not-for-profit institutions and other businesses.

Estimated Number of Respondents: 1.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 1,000 hours.

Copies of this information collection can be obtained from Thomas P. Dickson, Program Development and Regulatory Analysis at (202) 690–4492. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Christopher A. McLean,
Acting Administrator, Rural Utilities Service.
