

provided to them by the ATP Participant.

(e) An ATP Participant may undertake ATP promotional activities directly or through a domestic or foreign third party. However, the ATP Participant shall remain responsible and accountable to the CCC for all ATP promotional activities and related expenditures undertaken by such third party and shall be responsible for reimbursing CCC for any funds that CCC determines should be refunded to the CCC in relation to such third party's promotional activities and expenditures.

#### **§ 1489.29 Property standards.**

The ATP Participant shall insure all ATP-funded property and equipment acquired in furtherance of program activities and safeguard such against theft, damage and unauthorized use. The Participant shall promptly report any loss, theft, or damage of property to the insurance company.

#### **§ 1489.30 Anti-fraud requirements.**

(a) *All ATP Participants.* (1) All ATP Participants shall submit to the CCC for approval a detailed fraud prevention program. The CCC will notify all new and existing ATP Participants in writing in each Participant's approval letter and through the FAS website as to applicable submission dates for and dates for approvals of fraud prevention programs. ATP Participants should review their fraud prevention programs annually. The fraud prevention program shall, at a minimum, include an annual review of physical controls and weaknesses, a standard process for investigating and remediation of suspected fraud cases, and training in risk management and fraud detection for all current and future employees. The ATP Participant shall not conduct or permit any ATP promotion activities to occur unless and until the CCC has communicated in writing approval of the ATP Participant's fraud prevention program.

(2) The ATP Participant, within five business days of receiving an allegation or information giving rise to a reasonable suspicion of misrepresentation or fraud that could give rise to a claim by CCC, shall report such allegation or information in writing to such USDA personnel as specified in the Participant's ATP program agreement and/or approval letter. The ATP Participant shall cooperate fully in any USDA investigation of such allegation or occurrence of misrepresentation or fraud and shall comply with any directives given by the CCC or USDA to the ATP Participant for the prompt

investigation of such allegation or occurrence.

(b) *ATP Participants with brand programs.* (1) The ATP Participant may charge a fee to brand participants to cover the cost of the fraud prevention program.

(2) The ATP Participant shall repay to the CCC funds paid to a brand participant through the ATP Participant on claims that the ATP Participant or the CCC subsequently determines are unauthorized or otherwise non-reimbursable expenses within 30 days of the ATP Participant's determination or CCC's disallowance. The ATP Participant shall repay CCC by submitting a check to CCC or by offsetting the ATP Participant's next reimbursement claim. The ATP Participant shall make such payment in U.S. dollars, unless otherwise approved in advance by CCC. An ATP Participant operating a brand program in strict accordance with an approved fraud prevention program, however, will not be liable to reimburse CCC for ATP funds paid on such claims if the claims were based on misrepresentations or fraud of the brand participant, its employees or agents, unless the CCC determines that the ATP Participant was grossly negligent in the operation of the brand program regarding such claims. The CCC shall communicate any such determination to the ATP Participant in writing.

#### **§ 1489.31 Program income.**

Any revenue or refunds generated from an activity, e.g., participation fees, proceeds of sales, refunds of value added taxes (VAT), the expenditures for which have been wholly or partially reimbursed with ATP funds, shall be used by the ATP Participant in furtherance of its approved ATP activities in the program period during which the ATP funds are available for obligation by the ATP Participant. The use of such revenue or refunds shall be governed by 7 CFR part 1489. Interest earned on funds advanced by the CCC is not program income.

#### **§ 1489.32 Amendment.**

A program agreement may be amended in writing with the consent of the CCC and the ATP Participant.

#### **§ 1489.33 Noncompliance with an agreement.**

If an ATP Participant fails to comply with any term in its program agreement or approval letter, the CCC may take one or more of the enforcement actions in 2 CFR part 200 and, if appropriate, initiate a claim against the ATP Participant, following the procedures set

forth in this subpart. The CCC may also initiate a claim against an ATP Participant if program income or CCC-provided funds are lost due to an action or omission of the ATP Participant.

#### **§ 1489.34 Suspension, termination, and closeout of agreements.**

A program agreement may be suspended or terminated in accordance with the suspension and termination procedures in 2 CFR part 200. If an agreement is terminated, the applicable regulations in 2 CFR part 200 will apply to the closeout of the agreement.

#### **§ 1489.35 Paperwork reduction requirements.**

The paperwork and record keeping requirements imposed by this subpart have been submitted for review by OMB under the Paperwork Reduction Act of 1980. OMB has not yet assigned a control number for this information collection.

**I. Background**

The Board issued the Small Bank Holding Company and Savings and Loan Holding Company Policy Statement (Regulation Y, appendix C) (Policy Statement) in 1980 to facilitate the transfer of ownership of small community-based banks in a manner consistent with bank safety and soundness.<sup>1</sup> In general, the Board has discouraged the use of debt by bank holding companies and savings and loan holding companies (collectively, depository institution holding companies) to finance acquisitions because high levels of debt can impair the ability of a depository institution holding company to serve as a source of strength to its subsidiary depository institutions. However, the Board has recognized that small depository institution holding companies have less access to equity financing than larger depository institution holding companies and that, therefore, an acquisition by a small depository institution holding company often requires the use of debt.

The Board originally adopted the Policy Statement to permit the formation and expansion of small bank holding companies with debt levels that are higher than typically permitted for larger bank holding companies. The Policy Statement contains several conditions and restrictions designed to ensure that a small depository institution holding company that operates with the heightened level of debt permitted under the Policy Statement does not present an undue risk to the safety and soundness of its subsidiary depository institutions.

Currently, the Policy Statement applies to bank holding companies with *pro forma* consolidated assets of less than \$1 billion that: (i) Are not engaged in significant nonbanking activities either directly or through a nonbank subsidiary; (ii) do not conduct significant off-balance sheet activities (including securitization and asset management or administration) either directly or through a nonbank subsidiary;<sup>2</sup> and (iii) do not have a material amount of debt or equity securities outstanding (other than trust

preferred securities) that are registered with the Securities and Exchange Commission (the foregoing enumerated items referred to hereafter as qualitative requirements). The Policy Statement also applies to small savings and loan holding companies as if they were bank holding companies.<sup>3</sup>

The Policy Statement provides that bank holding companies that meet the qualitative requirements (qualifying small holding companies) may use debt to finance up to 75 percent of the purchase price of an acquisition (that is, they may have a debt-to-equity ratio of up to 3:1). However, a qualifying small holding company must satisfy additional ongoing requirements, including that it: (i) Reduce its debt such that all debt is retired within 25 years of the debt being incurred; (ii) reduce its debt-to-equity ratio to .30:1 or less within 12 years of the debt being incurred; (iii) ensure that each of its subsidiary insured depository institutions is well capitalized; and (iv) refrain from paying dividends until such time as it reduces its debt-to-equity ratio to 1.0:1 or less. The Policy Statement also provides that a qualifying small holding company may not use the expedited applications procedures or obtain a waiver of the stock redemption filing requirements applicable to bank holding companies under the Board's Regulation Y unless the bank holding company has a *pro forma* debt-to-equity ratio of 1.0:1 or less.<sup>4</sup>

**II. The Interim Final Rule**

*New Asset Threshold of \$3 Billion*

On May 24, 2018, the Economic Growth, Regulatory Relief, and Consumer Protection Act (EGRRCPA) was enacted.<sup>5</sup> Section 207 of EGRRCPA directs the Board to revise the Policy Statement to raise the consolidated assets threshold from \$1 billion to \$3 billion within 180 days of the enactment of EGRRCPA. The Board last raised the asset limit in 2015 when it increased it from \$500 million to \$1 billion.<sup>6</sup> The Board is issuing this interim final rule to increase the asset threshold to \$3 billion consistent with EGRRCPA. The Board is not making any additional modifications to the Policy Statement at this time. The final rule applies to small savings and loan holding companies to

<sup>1</sup> 12 CFR part 225, app. C.

<sup>2</sup> The examples provided in the Policy Statement are not exhaustive and simply highlight off-balance sheet activities that may involve substantial risk. Other activities than securitization and asset management or administration may present similar concerns. See also 71 FR 9897, 9899, fn. 2 (February 28, 2006) (2006 Final Rule).

<sup>3</sup> 12 CFR 238.9.

<sup>4</sup> 12 CFR 225.4(b), 225.14, and 225.23.

<sup>5</sup> Public Law 115-174 (May 24, 2018).

<sup>6</sup> See 80 FR 20153 (April 15, 2015). In this final rule, the Board also applied the Policy Statement to small savings and loan holding companies as if they were bank holding companies. 80 FR 20153 (April 15, 2015).

the same extent as small bank holding companies, by operation of Regulation LL.

The Board believes it is appropriate to issue an interim final rule revising the Policy Statement and making conforming revisions to Regulation Q and Regulation Y to apply the statutorily mandated threshold of \$3 billion to qualifying holding companies consistent with EGRRCPA. Without such action, qualifying holding companies that cross \$1 billion during the pendency of the proposal would be required to incur costs to implement regulatory capital and financial reporting systems that would cease to be necessary upon issuance of the final rule. In addition, the Board believes that it is appropriate to allow holding companies with total consolidated assets of \$1 billion or more but less than \$3 billion to immediately become subject to reduced regulatory and reporting requirements, consistent with the congressionally-mandated increase in the threshold, so that such firms are not obligated to incur significant compliance costs in the interim until the traditional rulemaking process is completed.

#### *Conforming Regulation Q Change*

For the reasons described previously, the Board is revising Regulation Q to conform the language in § 217.1 to reflect the heightened threshold of the Policy Statement resulting from the interim final rule. Specifically, § 217.1(c)(1)(iii) is revised to remove the reference to the \$1 billion threshold.

#### *Other Conforming Amendments*

A number of reporting, filing, and other provisions in Regulation Y are triggered by the consolidated asset threshold established by the Policy Statement. In connection with revising the threshold under the Policy Statement, the Board is making technical and conforming amendments to these provisions to provide that qualifying small holding companies may take advantage of the streamlined informational, notice, and other requirements embodied in these rules. These technical and conforming amendments will provide regulatory burden relief to most holding companies with less than \$3 billion of consolidated total assets. The final rule makes the following changes:

- In § 225.2(r), footnote 2, the footnote describing the application of the definition of “well-capitalized” in the Board’s Regulation Y (12 CFR part 225) to entities subject to the Policy Statement is revised to remove the

reference to the threshold of \$1 billion under the Policy Statement.

- In § 225.4(b)(2)(iii), the thresholds for the different *pro forma* financial information required of smaller bank holding companies compared to larger bank holding companies under § 225.4(b)(1) of the Board’s Regulation Y is revised to refer to total assets of less than \$3 billion rather than total assets of less than \$1 billion.

- In § 225.14(a)(1)(v), the thresholds for the different *pro forma* financial information required of smaller bank holding companies compared to larger bank holding companies under § 225.14 of the Board’s Regulation Y is revised to refer to total assets of less than \$3 billion rather than total assets of less than \$1 billion.

- In § 225.17(a)(6), footnote 6, the total asset threshold for application of the footnote related to demonstrating that debt incurred will not unduly burden the bank holding company is revised to refer to total assets of less than \$3 billion rather than total assets of less than \$1 billion.

- In § 225.23(a)(1)(iii), the threshold for the different *pro forma* financial information required of smaller bank holding companies compared to larger bank holding companies under § 225.23 of the Board’s Regulation Y is revised to refer to total assets of less than \$3 billion rather than total assets of less than \$1 billion.

#### *Regulatory Reporting Changes*

The Board requires all depository institution holding companies to file certain reports with the Federal Reserve to monitor the financial condition and operations of depository institution holding companies. Those reports include the Financial Statements for Holding Companies (FR Y–9 series of reports; OMB No. 7100–0128). Depository institution holding companies with consolidated assets of less than \$1 billion that also meet qualitative requirements submit summary parent-only financial data semiannually on the FR Y–9SP. Bank holding companies and savings and loan holding companies with consolidated assets of \$1 billion or more—or that are otherwise not subject to the Policy Statement—submit consolidated financial data on the FR Y–9C and parent-only financial data on the FR Y–9LP, both quarterly.

The Board is modifying, effective immediately, the respondent panel for the FR Y–9SP, FR Y–9C, and FR Y–9LP for bank holding companies and savings and loan holding companies with \$1 billion or more but less than \$3 billion in total consolidated assets to align the

threshold in the Policy Statement. If these institutions meet the qualitative requirements, they will not be required to file the FR Y–9C and the FR Y–9LP (including regulatory capital information) and would instead file the FR Y–9SP. These changes would be consistent with the final rule’s changes to the Policy Statement and will reduce the regulatory reporting burden for these smaller institutions. Since most bank holding companies and savings and loan holding companies with less than \$3 billion in total consolidated assets have limited activities outside of their subsidiary banks, the Board believes relying on summary parent-only financials from the FR Y–9SP and detailed depository institution financials from the Consolidated Reports of Condition and Income (FFIEC 031, FFIEC 041, FFIEC 051; OMB No. 7100–0036) is sufficient for supervisory purposes.

#### *Comments*

The Board invites comments on all aspects of this interim final rule. Interested parties are encouraged to provide comments on the \$3 billion asset size threshold adjustment, the revision to Regulation Q, and the related and conforming amendments to Regulations Y.

#### *Effective Date/Request for Comments*

The Board is issuing this interim final rule without prior notice and the opportunity for public comment and the 30-day delayed effective date ordinarily prescribed by the Administrative Procedure Act (APA). Pursuant to the Administrative Procedure Act (APA), at 5 U.S.C. 553(b)(B), notice and comment are not required prior to the issuance of a final rule if an agency, for good cause, finds that “notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.”<sup>7</sup> The interim final rule implements the provisions in section 207 of EGRRCPA, which was enacted on May 24, 2018. EGRRCPA includes a directive that the Board revise appendix C to part 225 of title 12 of the Code of Federal Regulations within 180 days to raise the consolidated asset threshold under that appendix from \$1 billion to \$3 billion.<sup>8</sup> This section of EGRRCPA was effective upon enactment.

The Board believes that the public interest is best served by implementing the statutorily amended thresholds as soon as possible. Delaying the revisions to the Policy Statement, Regulation Q,

<sup>7</sup> 5 U.S.C. 553(b)(B).

<sup>8</sup> Public Law 115–174 (May 24, 2018), section 207(b).

and Regulation Y to complete a traditional notice and comment rulemaking process would cause holding companies with total consolidated assets of \$1 billion or more and less than \$3 billion to expend significant resources to continue to comply with Regulation Q and would subject these firms to heightened requirements under Regulation Y for the time necessary for the Board to go through the notice and comment rulemaking process. In addition, any holding companies that qualified under the Policy Statement and that came to have \$1 billion or more in total consolidated assets while the rulemaking process was ongoing would be required to expend significant resources to comply with Regulation Q. The Board believes that providing a notice and comment period prior to issuance of the interim final rules is unnecessary because the Board does not expect public objection to the interim final rule being promulgated, as the rule merely provides the relief that Congress intended.

The APA also requires a 30-day delayed effective date, except for (1) substantive rules which grant or recognize an exemption or relieve a restriction; (2) interpretative rules and statements of policy; or (3) as otherwise provided by the agency for good cause.<sup>9</sup> The Board has concluded that, because the rule recognizes an exemption, the interim final rule is exempt from the APA's delayed effective date requirement.<sup>10</sup> Additionally, the Board finds good cause to publish the interim final rule with an immediate effective date for the same reasons set forth above under the discussion of section 553(b)(B) of the APA.

While the Board believes there is good cause to issue the rules without advance notice and comment and with an immediate effective date, the Board is interested in the views of the public and request comment on all aspects of the interim final rule.

### III. Administrative Law Matters

#### A. Regulatory Flexibility Act Analysis

The Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, applies only to rules for which an agency publishes a general notice of proposed rulemaking. Because the Board has determined for good cause that a notice of proposed rulemaking for this rule is unnecessary, the Regulatory Flexibility Act does not apply to this final rule.

#### B. Paperwork Reduction Act

The Board has revised the respondent panel for each of the FR Y-9SP, FR Y-9C, and FR Y-9LP in connection with this final rule. Specifically, the minimum total consolidated asset threshold for filing the FR Y-9C and FR Y-9LP has been increased to \$3 billion, and the FR Y-9SP has been updated to apply to holding companies with less than \$3 billion in total consolidated assets. Though the number of total respondents is not affected, the result of this modification is to reduce the aggregate burden for the FR Y-9C, FR Y-9LP, and FR Y-9SP by 75,233 hours because more firms will file the less complex FR Y-9SP.

#### C. Plain Language

Section 722 of the Gramm-Leach-Bliley Act requires the Federal banking agencies to use "plain language" in all proposed and final rules published after January 1, 2000. In light of this requirement, the Board has sought to present the interim final rule in a simple and straightforward manner. The Board invites comments on whether there are additional steps it could take to make the rule easier to understand.

**ACTION:** Final rule.

**SUMMARY:** We are adopting a new airworthiness directive (AD) for all The Boeing Company Model 737–100, –200, –200C, –300, –400, and –500 series airplanes. This AD was prompted by a report indicating that during a fleet survey on a retired Model 737 airplane, cracking was found common to the number 3 windshield assembly, aft sill web. This AD requires, at certain locations, repetitive high frequency eddy current (HFEC) inspections of the number 3 windshield assembly, aft sill web; and applicable on-condition actions. We are issuing this AD to address the unsafe condition on these products.

**DATES:** This AD is effective October 4, 2018.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of October 4, 2018.
