such as medical information, your or anyone else’s Social Security number, or confidential business information, such as a manufacturing process. Please note that if you include your name, contact information, or other information that identifies you in the body of your comments, that information will be posted on https://www.regulations.gov.

If you want to submit a comment with confidential information that you do not wish to be made available to the public, submit the comment as a written/paper submission and in the manner detailed (see “Written/Paper Submissions” and “Instructions”).

Written/Paper Submissions

Submit written/paper submissions as follows:

- Mail/Hand Delivery/Courier (for written/paper submissions): Dockets Management Staff (HFA–305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.
- For written/paper comments submitted to the Dockets Management Staff, FDA will post your comment, as well as any attachments, except for information submitted, marked and identified, as confidential, if submitted as detailed in “Instructions.”

Instructions: All submissions received must include the Docket No. FDA–2018–D–1041 for “Development of a Shared System Risk Evaluation and Mitigation Strategy: Draft Guidance for Industry.” Received comments will be placed in the docket and, except for those submitted as “Confidential Submissions,” publicly viewable at https://www.regulations.gov or at the Dockets Management Staff between 9 a.m. and 4 p.m., Monday through Friday.

Confidential Submissions—To submit a comment with confidential information that you do not wish to be made publicly available, submit your comments only as a written/paper submission. You should submit two copies total. One copy will include the information you claim to be confidential with a heading or cover note that states “THIS DOCUMENT CONTAINS CONFIDENTIAL INFORMATION.” The Agency will review this copy, including the claimed confidential information, in its consideration of comments. The second copy, which will have the claimed confidential information redacted/blacked out, will be available for public viewing and posted on https://www.regulations.gov. Submit both copies to the Dockets Management Staff. If you do not wish your name and contact information to be made publicly available, you can provide this information on the cover sheet and not in the body of your comments and you must identify this information as “confidential.” Any information marked as “confidential” will not be disclosed except in accordance with 21 CFR 10.20 and other applicable disclosure law. For more information about FDA’s posting of comments to public docket, see 80 FR 56469, September 18, 2015, or access the information at: https://www.gpo.gov/fdsys/pkg/FR-2015-09-18/pdf/2015-23389.pdf.

Docket: For access to the docket to read background documents or the electronic and written/paper comments received, go to https://www.regulations.gov and insert the docket number, found in brackets in the heading of this document, into the “Search” box and follow the prompts and/or go to the Dockets Management Staff, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

You may submit comments on any guidance at any time (see 21 CFR 10.115(g)(5)).

Submit written requests for single copies of the draft guidance to the Division of Drug Information, Center for Drug Evaluation and Research, Food and Drug Administration, 10001 New Hampshire Ave., Hillandale Building, 4th Floor, Silver Spring, MD 20993–0002. Send one self-addressed adhesive label to assist that office in processing your requests. See the SUPPLEMENTARY INFORMATION section for electronic access to the draft guidance document.

FOR FURTHER INFORMATION CONTACT:

Lubna Merchant, Center for Drug Evaluation and Research, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 22, Rm. 4418, Silver Spring, MD 20993–0002, 301–796–5162, email: Lubna.Merchant@fda.hhs.gov; or Stephen Ripley, Center for Biologics Evaluation and Research, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 71, Rm. 7301, Silver Spring, MD 20993–0002, 240–402–7911.

SUPPLEMENTARY INFORMATION:

I. Background

In the Federal Register of June 1, 2018 (83 FR 25468), FDA published a notice of availability with a 60-day comment period to request comments on the draft guidance for industry entitled “Development of a Shared System Risk Evaluation and Mitigation Strategy.” The Agency has received a request for an extension of the comment period for the draft guidance. FDA has considered the request and is reopening the comment period for the draft guidance until September 13, 2018. The Agency believes that a 14-day reopening of the comment period allows adequate time for interested persons to submit comments to ensure that the Agency can consider the comments on this draft guidance before it begins work on the final version of the guidance.

II. Electronic Access

Persons with access to the internet may obtain the draft guidance at either https://www.fda.gov/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/default.htm or https://www.regulations.gov.

Leslie Kux,
Associate Commissioner for Policy.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA–2018–N–0049]

Complex Innovative Designs Pilot Meeting Program

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The sixth iteration of the Prescription Drug User Fee Act (PDUFA VI), incorporated as part of the FDA Reauthorization Act of 2017 (FDARA), highlights the goal of facilitating and advancing the use of complex adaptive, Bayesian, and other novel clinical trial designs. The Food and Drug Administration (FDA or Agency) is announcing a pilot meeting program that affords sponsors who are selected the opportunity to meet with Agency staff to discuss the use of complex innovative trial design (CID) approaches in medical product development. Meetings under the pilot program will be conducted by FDA’s Center for Drug Evaluation and Research (CDER) or Center for Biologics Evaluation and Research (CBER) during fiscal years 2018 to 2022. This pilot meeting program fulfills FDA’s commitment under PDUFA VI. For each sponsor whose meeting request is granted as part of the pilot, FDA will grant two meetings between the sponsor and CDER or CBER that will provide an opportunity for medical product developers and FDA to discuss regulatory approaches for CID. To promote innovation in this area, trial designs developed through the pilot meeting program may be presented by FDA (e.g., in a guidance or public workshop) as case studies, including...
trial designs for drugs that have not yet been approved by FDA.

DATES: The CID pilot meeting program will proceed from the date of this notice through September 30, 2022. Sponsors may submit meeting requests for the pilot program through June 30, 2022. Comments about this pilot meeting program can be submitted until October 1, 2018. Please note that late, untimely filed comments will not be considered.

ADDRESSES: You may submit comments about the CID pilot meetings program as follows:

Electronic Submissions
Submit electronic comments in the following way:

• Federal eRulemaking Portal: https://www.regulations.gov. Follow the instructions for submitting comments. Comments submitted electronically, including attachments, to https://www.regulations.gov will be posted to the docket unchanged. Because your comment will be made public, you are solely responsible for ensuring that your comment does not include any confidential information that you or a third party may not wish to be posted, such as medical information, your or anyone else’s Social Security number, or confidential business information, such as a manufacturing process. Please note that if you include your name, contact information, or other information that identifies you in the body of your comments, that information will be posted on https://www.regulations.gov.

• If you want to submit a comment with confidential information that you do not wish to be made available to the public, submit the comment as a written/paper submission and in the manner detailed (see “Written/Paper Submissions” and “Instructions”).

Written/Paper Submissions
Submit written/paper submissions as follows:

• Mail/Hand Delivery/Courier (for written/paper submissions): Dockets Management Staff (HFA–305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

• For written/paper comments submitted to the Dockets Management Staff, FDA will post your comment, as well as any attachments, except for information submitted, marked and identified, as confidential, if submitted as detailed in “Instructions.”

Instructions: All submissions received must include the Docket No. FDA–2018–N–0049 for “Complex Innovative Designs Pilot Meeting Program.” Received comments will be placed in the docket and, except for those submitted as “Confidential Submissions,” publicly viewable at https://www.regulations.gov or at the Dockets Management Staff between 9 a.m. and 4 p.m., Monday through Friday.

• Confidential Submissions—To submit a comment with confidential information that you do not wish to be made publicly available, submit your comments only as a written/paper submission. You should submit two copies total. One copy will include the information you claim to be confidential with a heading or cover note that states “THIS DOCUMENT CONTAINS CONFIDENTIAL INFORMATION.” The Agency will review this copy, including the claimed confidential information, in its consideration of comments. The second copy, which will have the claimed confidential information redacted/blacked out, will be available for public viewing and posted on https://www.regulations.gov. Submit both copies to the Dockets Management Staff. If you do not wish your name and contact information to be made publicly available, you can provide this information on the cover sheet and not in the body of your comments, that information will be posted on https://www.regulations.gov.

• If you want to submit a comment with confidential information that you do not wish to be made available to the public, submit the comment as a written/paper submission and in the manner detailed (see “Written/Paper Submissions” and “Instructions”).

Docket: For access to the docket to read background documents or the electronic and written/paper comments received, go to https://www.regulations.gov and insert the docket number, found in brackets in the heading of this document, into the “Search” box and follow the prompts and/or go to the Dockets Management Staff, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT:
CDER: Scott Goldie, Center for Drug Evaluation and Research, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 21, Rm 3557, Silver Spring, MD 20993–0002, 301–796–2055, Scott.Goldie@fda.hhs.gov, with the subject line “CID Pilot Meeting Program for CDER.”

CDER: Christopher Egelebo, Center for Biologics Evaluation and Research, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 71, Rm. 1043, Silver Spring, MD 20993–0002, 240–402–8625, Christopher.Egelebo@fda.hhs.gov, with the subject line “CID Pilot Meeting Program for CBER.”
III. Procedures and Submission Information
A. General Information
The CID pilot meeting program will be jointly administered by the following centers:
- CDER: CDER’s Office of Biostatistics, in the Office of Translational Sciences, which is the point of contact for all communications for CDER products.
- CBER: CBER’s Office of Biostatistics and Epidemiology, which is the point of contact for all communications for CBER products.

B. How To Submit a Meeting Request and Meeting Package
Meeting requests should be submitted electronically to the relevant application (i.e., pre-IND, IND) with “CID Pilot Program Meeting Request for CDER” (CDER applications) or “CID Pilot Program Meeting Request for CBER” (CBER applications) in the subject line. Information about providing regulatory submissions in electronic format is available at: https://www.fda.gov/Drugs/DevelopmentApprovalProcess/FormsSubmissionRequirements/%20ElectronicSubmissions/ucm153574.htm.

C. Content and Format of the Meeting Request
Include the following information in the meeting request (25 pages or less):
1. Product name.
2. Application number.
3. Proposed indication(s) or context of use.
4. Trial objectives.
5. Detailed description of the study design including, but not limited to, the analyses, models, analysis population, approach to handle missing data, and decision criteria. These should include aspects of the design that may be modified and the corresponding rules for decisions, if adaptive.
6. Key features of the statistical analysis plan including, but not limited to, the analyses, models, analysis population, approach to handle missing data, and decision criteria.
7. Description of the study design, including study schema with treatment arms, randomization strategy, and endpoints.
8. A brief history of the development program and the status of product development.
9. List of questions for discussion.
10. Overall conclusions including a justification of the adequacy of the choices.

D. Content and Format of the Meeting Information Package
Sponsors whose meeting requests are granted as part of the pilot program should submit a meeting information package electronically with “CID Pilot Program Meeting Package for CDER” (CDER applications) or “CID Pilot Program Meeting Package for CBER” (CBER applications) in the subject line no later than 30 days before the initial meeting and no later than 90 days before the followup meeting.

The initial meeting package should include the following information:
1. Product name.
2. Application number.
3. Proposed agenda, including estimated times needed for discussion of each agenda item.
4. List of questions for discussion along with a brief summary of each question that explains the need or context for the question.
5. Detailed description of the statistical methodology including, but not limited to, the analyses, models, analysis population, approach to handle missing data, and decision criteria.
6. Detailed simulation report that includes the following:
a. Example trials in which a small number of hypothetical trials are described with different conclusions.
b. Description of the set of parameter configurations used for the simulation scenarios, including a justification of the adequacy of the choices.
c. Simulation results detailing the simulated type I error probability and power under various scenarios.
d. Simulation code that is readable, adequately commented on, and includes the random seeds. The code should preferably be written in widely-used programming languages such as R or SAS to facilitate the simulation review.
7. Overall conclusions including a brief summary of the simulated operating characteristics based on design features and analyses and a discussion of the utility of the CID given the simulation results.

The followup meeting package should include the following information:
1. Product name.
2. Application number.
3. Updated background section that includes a brief history of the development program and the status of product development and clinical data to date, if applicable.
4. Proposed agenda, including estimated times needed for discussion of each agenda item.
5. List of questions for discussion with a brief summary of each question that explains the need or context for the question.
6. Updated programs/shells for simulations, if applicable.
7. Summary of new information that is available to support discussions.

E. Meeting Summaries
A meeting summary will be sent to the sponsor within 60 days of each meeting.

F. Disclosure
To promote innovation and to provide better clarity on the acceptance of different types of trial designs, trial designs developed through the pilot program may be presented by FDA (e.g., in a guidance or public workshop) as case studies, including while the drug studied in the trial has not yet been approved by FDA. Accordingly, before FDA grants the initial meeting under this pilot program, FDA and the sponsor must agree on the information that FDA may include in these public case studies. The specific information to be disclosed will depend on the content of each application, but FDA intends to focus on information that is beneficial to advancing the use of CIDs, and those elements relevant to the understanding of the CID and its potential use in a clinical trial intended to support regulatory approval. Generally, the Agency does not anticipate that the case studies will need to include information such as molecular structure, the sponsor’s name, product name, subject-level data, recruitment strategies, adverse events, or a complete description of study eligibility criteria. FDA does anticipate that the following information will generally need to be disclosed to facilitate discussion of the proposed CID: Study endpoints to the degree necessary to describe the design (e.g., overall survival in the context of a time to event analysis), target population, sample size and power determination, null and alternative hypotheses, key operating characteristics, assumed rates for dichotomous outcomes or mean and variance for continuous outcomes, simulation objectives, simulation scenarios, assumptions (e.g., dropout rate, rate of enrollment), modeling characteristics, critical study design

characteristics including any adaptive elements (e.g., decision criteria to add/drop a dose, etc.), and, if a Bayesian approach, how Bayesian methods are being used for design and/or analysis purposes.

It is important that sponsors wishing to participate in the pilot program identify aspects of the design and analysis that they consider non-disclosable and provide a rationale for withholding the information. Participation in the pilot program, including any agreement on information disclosure, will be voluntary and at the discretion of the sponsor. Sponsors that do not wish to make such disclosures may seek regulatory input through other existing channels.

IV. Paperwork Reduction Act of 1995
This notice refers to collections of information that are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collection of information resulting from formal meetings between sponsors or applicants and FDA has been approved under OMB control number 0910–0429. The collection of information in 21 CFR part 312 (investigational new drug applications) has been approved under OMB control number 0910–0014.

Dated: August 24, 2018.
Leslie Kux,
Associate Commissioner for Policy.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
Food and Drug Administration
[Docket No. FDA–2016–N–4119]
Food Safety Modernization Act Third-Party Certification Program User Fee Rate for Fiscal Year 2019
AGENCY: Food and Drug Administration, HHS.
ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the fiscal year (FY) 2019 annual fee rate for recognized accreditation bodies and accredited certification bodies, and the fee rate for accreditation bodies applying to be recognized in the third-party certification program that is authorized by the Federal Food, Drug, and Cosmetic Act (FD&C Act), as amended by the Food Safety Modernization Act (FSMA). We are also announcing the fee rate for certification bodies that are applying to be directly accredited by FDA.

DATES: This fee is effective October 1, 2018.

FOR FURTHER INFORMATION CONTACT:
Donald Prater, Office of Foods and Veterinary Medicine, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 1, Rm. 3234, Silver Spring, MD 20993, 301–348–3007.

SUPPLEMENTARY INFORMATION:
I. Background
Section 307 of FSMA, Accreditation of Third-Party Auditors, amended the FD&C Act to create a new provision, section 808, under the same name. Section 808 of the FD&C Act (21 U.S.C. 384d) directs FDA to establish a program for accreditation of third-party certification bodies conducting food safety audits and issuing food and facility certifications to eligible foreign entities (including registered foreign food facilities) that meet our applicable requirements. Under this provision, we established a system for FDA to recognize accreditation bodies to accredit certification bodies, except for limited circumstances in which we may directly accredit certification bodies to participate in the third-party certification program.

Section 808(c)(6) of the FD&C Act directs FDA to establish a reimbursement (user fee) program by which we assess fees and require reimbursement for the work FDA performs to establish and administer the third-party certification program under section 808 of the FD&C Act. The user fee program for the third-party certification program was established by a final rule entitled “Amendments to Accreditation of Third-Party Certification Bodies To Conduct Food Safety Audits and To Issue Certifications To Provide for the User Fee Program” (81 FR 90186, December 14, 2016).

The FSMA FY 2019 third-party certification program user fee rate announced in this notice is effective on October 1, 2018, and will remain in effect through September 30, 2019.

II. Estimating the Average Cost of a Supported Direct FDA Work Hour for FY 2019
In each year, the costs of salary (or personnel compensation) and benefits...
