SUPPLEMENTARY INFORMATION: As required by statute, the Secretary proposes to amend the Vaccine Injury Table (Table) by regulation to include vaccines recommended by the CDC for routine administration in pregnant women. The proposed rule, which was published in the **Federal Register** on April 4, 2018 (83 FR 14391; <https://www.gpo.gov/fdsys/pkg/FR-2018-04-04/pdf/2018-06770.pdf>), would amend the existing language in Item XVII of the Table to include “and/or pregnant women” after “children.” This proposed revision would add to the general category of the Table any new vaccine recommended by the CDC for routine administration in pregnant women after imposition of an excise tax and publication of a notice of coverage. The Secretary is seeking public comment on the proposed revision to the Table. The public comment period for the NPRM closes on October 1, 2018.

A public hearing on the NPRM will take place on September 17, 2018. This hearing is to provide an open forum for the presentation of information and views concerning the proposed revision to the Table by interested persons. In preparing a final regulation, the Secretary will consider the administrative record of this hearing along with all other written comments received during the comment period specified in the NPRM. The presiding officer, representing the Secretary of HHS, will be Dr. Narayan Nair, Director, Division of Injury Compensation Programs, Healthcare Systems Bureau, Health Resources and Services Administration.

Individuals or representatives of interested organizations may participate in the public hearing in accordance with the following schedule and procedures. Persons who wish to participate should file a notice of participation with the Department of Health and Human

Services (HHS) on or before September 3, 2018. The notice should be mailed to the Division of Injury Compensation Programs, Room 08N146B, 5600 Fishers Lane, Rockville, Maryland 20857 or emailed to abalingit-wines@hrsa.gov. To ensure timely handling, any outer envelope or the subject line of an email should be clearly marked “VICP NPRM Hearing.” The notice of participation should contain the interested person’s name, address, email address, telephone number, any business or organizational affiliation of the person desiring to make a presentation, a brief summary of the presentation, and the approximate time requested for the presentation. Groups that have similar interests should consolidate their comments as part of one presentation. Time available for the hearing will be allocated among the persons who properly file notices of participation. If time permits, interested parties attending the hearing who did not submit notice of participation in advance will be allowed to make an oral presentation at the conclusion of the hearing.

Persons who find that there is insufficient time to submit the required information in writing may give oral notice of participation by calling Ana Marie Balingit-Wines, Division of Injury Compensation Programs, at (301) 443-2030, no later than September 3, 2018. After reviewing the notices of participation and accompanying information, HHS will schedule each appearance and notify each participant by mail, email, or telephone of the time allotted to the person(s) and the approximate time the person’s oral presentation is scheduled to begin.

Written comments and transcripts of the hearing will be made available for public inspection as soon as they have been prepared, on weekdays (except Federal holidays) between the hours of 8:30 a.m. and 5:00 p.m. (EDT) at the Division of Injury Compensation Programs, Room 08N146B, 5600 Fishers Lane, Rockville, Maryland 20857.

Participants in this proceeding should familiarize themselves with the Commission's ex parte rules.

Paperwork Reduction Act

The NPRM does not contain any new, modified, or proposed information collections subject to the Paperwork Reduction Act of 1995 (PRA). In addition, therefore, it does not contain any new, modified, or proposed information collection burden for business concerns with fewer than 25

employees, pursuant to the Small Business Paperwork Relief Act of 2002.

Initial Regulatory Flexibility Certification

The Regulatory Flexibility Act of 1980, as amended (RFA), requires that a regulatory flexibility analysis be prepared for a notice-and-comment rulemaking proceeding, unless the agency certifies that "the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities." The RFA generally defines the term "small entity" as having the same meaning as the terms "small business," "small organization," and "small governmental jurisdiction." In addition, the term "small business" has the same meaning as the term "small business concern" under the Small Business Act. A small business concern is one which: (1) Is independently owned and operated; (2) is not dominant in its field of operation; and (3) satisfies any additional criteria established by the SBA.

As required by the Regulatory Flexibility Act of 1980, as amended (RFA), the Commission prepared Initial Regulatory Flexibility Analyses (IRFAs) in connection with the *USF/ICC Transformation FNPRM*, 76 FR 78384, December 16, 2011, the *2014 CAF FNPRM*, 79 FR 39195, July 9, 2014, and the *MF-II FNPRM*, 82 FR 13413, March 13, 2017, (collectively, *MF-II FNPRMs*). The Commission sought written public comment on the proposals in the *MF-II FNPRMs* and comments on the IRFAs and Supplemental IRFA. The Commission included Final Regulatory Flexibility Analyses (FRFAs) in connection with the *CAF Report & Order and Further Notice*, 79 FR 39163, July 9, 2014, the *MF-II Report & Order*, 82 FR 15422, March 28, 2017, the *MF-II Challenge Process Order*, 82 FR 42473, September 8, 2017, and the *MF-II Second Order on Reconsideration*, 83 FR 17934, April 25, 2018 (collectively, the *MF-II Orders*). Therefore, the Commission certifies that the requirements of the Notice of Proposed Rulemaking will not have a significant economic impact on a substantial number of small entities.

I. Synopsis

On August 21, 2018, the Federal Communications Commission ("Commission") released an Order, Notice of Proposed Rulemaking, and Memorandum Opinion and Order, FCC 18-124. A summary of the final actions from that document is published elsewhere in this issue of the **Federal Register**. In that document, the Commission extended the previously

announced deadline for the close of the Mobility Fund Phase II (MF-II) challenge window by an additional 90 days until November 26, 2018, during which period challengers may submit speed test data in support of a challenge. The Commission adopted this extension to ensure that interested parties can initiate and submit speed test data for areas they wish to challenge. Given this extension, the Commission proposed to make modifications to the speed test data specifications regarding the relevant timeframes for valid speed tests.

II. Notice of Proposed Rulemaking To Modify the Data Timing Requirements

1. In the *MF-II Challenge Process Order*, the Commission stated that speed test measurements taken before the submission of updated coverage maps might not accurately reflect current network deployment and accordingly adopted a requirement that speed test measurements from challengers must be taken after the publication of the initial eligible areas map and within six months of the scheduled close of the challenge window. Similarly, the Commission stated it would only accept measurements from challenged parties that were collected after the publication of the initial eligibility map and within six months of the scheduled close of the response window.

2. To ensure that the extension of the challenge filing deadline does not

inadvertently create hardships for those challengers that have already conducted speed tests, and to provide similar testing parameters for both the challengers and the challenged parties, the Commission tentatively concludes that it would be in the public interest to modify the initially-adopted requirements that speed test data be collected within six months of the scheduled close of the relevant challenge or response window. Accordingly, the Commission proposes to accept speed test data in support of challenges collected at any time on or after February 27, 2018, the date of the publication of the map of presumptively eligible areas, through the new close of the challenge window, November 26, 2018. This would provide challengers with an additional three months (for a total of nine months) to conduct speed tests. Consistent with the *MF-II Challenge Process Order's* generally parallel standards for challengers and respondents, the Commission proposes to make a corresponding change to afford respondents at least the same amount of time as challengers to collect data. Accordingly, a respondent would have at least nine months to collect speed test data of their own network, and respondent speed tests collected on or after April 29, 2018, would be considered valid.

3. The Commission tentatively concludes that the extension of the filing deadline warrants a modification

of the current data timing requirements for challengers and respondents. The Commission tentatively concludes that modifying these requirements will serve the public interest by preventing challengers from having to repeat speed tests, and it should permit more effective implementation of Commission policy. In contrast, the Commission tentatively concludes that failing to modify this timing requirement would prohibit challengers from using the speed tests conducted between February 27 and May 28 (*i.e.*, tests conducted more than six months before the new November 26 deadline), thereby forcing such challengers to engage in more testing than they would otherwise have had to conduct. Further, the Commission believes that providing respondents (*i.e.*, the “challenged parties”) with a similar data timing requirement appropriately balances the interests of respondents with the Commission’s interest in receiving data collected recently, after the one-time 4G LTE data collection that initiated the challenge process. The Commission seeks comment on its tentative conclusions and these proposed modifications of the timing requirements.

Federal Communications Commission.

Marlene Dortch,
Secretary.
