**SUPPLEMENTARY INFORMATION:** Florida Department of Transportation (FDOT) via Southern Road and Bridge LLC, has requested a temporary deviation from the operation that govern the George Musson/Coronado Beach (SR 44) bridge over the Atlantic Intracoastal Waterway, mile 845. This deviation is necessary to facilitate the painting of the bridge and safety of the work crew. The bridge is a single-leaf bascule bridge and has a vertical clearance in the closed to navigation position of 24 feet at mean high water. The vertical clearance of the bridge will be reduced by 3 feet to 21 feet mean high water through the completion of the painting project in December of 2018.

The current operating schedule is set out in 33 CFR 117.261(h). Under this temporary deviation, the bridge will remain in the closed to navigation position from 7 p.m. to 7 a.m. nightly Sunday through Friday. The bridge will open every 3 hours at 10 p.m., 1 a.m., 4 a.m. and 7 a.m. with a one (1) hour notification. This section of the Atlantic Intracoastal Waterway is predominantly used by a variety of vessels including U.S. government vessels, small commercial vessels and recreational vessels. The Coast Guard has carefully considered the restrictions with waterway users in publishing this temporary deviation.

Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 27, 2018.

#### Safety Zone; Lake Michigan, Chicago, IL

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone on Lake Michigan, near Chicago, IL. This zone is necessary to protect spectators and vessels from potential hazards associated with a competition involving motorized personal vehicles on Lake Michigan. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Lake Michigan.

**DATES:** This rule is effective from 7 a.m. on September 1, 2018 through 5:30 p.m. on September 2, 2018.

**SUPPLEMENTARY INFORMATION:**

**I. Table of Abbreviations**

CFR Code of Federal Regulations  
DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

**II. Background Information and Regulatory History**

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable and contrary to the public interest. The details of the event were not provided to the Coast Guard in sufficient time to publish an NPRM. Delaying the effective date of this rule to wait for a comment period to run would be impracticable and contrary to the public interest by inhibiting the Coast Guard’s ability to protect the public, mariners, vessels, and property from the hazards associated with this event.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would inhibit the Coast Guard’s ability to protect participants, mariners and vessels from the hazards associated with this event.

**III. Legal Authority and Need for Rule**

The legal basis for the rule is the Coast Guard’s authority to establish safety zones: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6 and 160.5; Department of Homeland Security Delegation No. 0170.1. The Coast Guard will enforce a safety zone from 7 a.m. through 5:30 p.m. on

September 1, 2018 and September 2, 2018 in the vicinity 31st Street Harbor, Chicago IL, for a competition utilizing motorized personal watercraft. The Captain of the Port Lake Michigan has determined that a competition of this nature proximate to a gathering of watercraft poses a significant risk to public safety and property. Such hazards include potential for collision with spectators and participants. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the competition takes place.

**IV. Discussion of the Rule**

This rule establishes a safety zone from 7 a.m. on September 1, 2018 through 5:30 p.m. on September 2, 2018. The safety zone will encompass all navigable waters of Lake Michigan bounded by a line drawn from the position 41°49.903’ N, 087°36.161’ W, then northeast to 41°50.029’ N, 087°35.863’ W, then southeast to 41°49.576’ N, 087°35.503’ W, then southwest to 41°49.484’ N, 087°35.850’ W, then along the shoreline back to the point of origin (NAD 83).

No vessel or person will be permitted to enter the safety zone without obtaining permission from the Captain of the Port Lake Michigan or a designated on-scene representative. The Captain of the Port or a designated on-scene representative may be contacted via VHF Channel 16 or at (414) 747–7182.

**V. Regulatory Analyses**

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

**A. Regulatory Planning and Review**

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

We conclude that this rule is not a significant regulatory action because we

anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients, and will not raise any novel legal or policy issues.

The safety zone created by this rule will be relatively small and enforced from 7 a.m. through 5:30 p.m. on September 1, 2018 and September 2, 2018. Moreover, the Coast Guard will issue Broadcast Notice to Mariners (BNM) via VHF–FM marine channel 16 about the zone and the rule allows vessels to seek permission to enter the zone. Under certain conditions, moreover, vessels may still transit through the safety zone when permitted by the Captain of the Port.

**B. Impact on Small Entities**

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The

Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

#### C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

#### D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

#### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human

environment. This rule involves establishment of a safety zone on Lake Michigan in Chicago, IL. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

#### G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
