SUPPLEMENTARY INFORMATION:

I. Background: The Wage and Hour Division (WHD) of the Department of Labor administers the Fair Labor Standards Act (FLSA). Section 3(l) of the Act establishes a minimum age of 16 years for most nonagricultural employment, but allows the employment of 14- and 15-year olds in occupations other than manufacturing and mining if the Secretary of Labor determines such employment is confined to: (1) Periods that will not interfere with the minor's schooling; and (2) conditions that will not interfere with the minor's health and well-being. FLSA section 11(c) requires all covered employers to make, keep, and preserve records of their employees' wages, hours, and other conditions and practices of employment. Section 11(c) authorizes the Secretary of Labor to prescribe the recordkeeping and reporting requirements for these records. The regulations set forth reporting requirements that include a Work Study Program application and written participation agreement. In order to utilize the child labor work study provisions, § 570.35(b) requires a local public or private school system to file with the Wage and Hour Division Administrator an application for approval of a Work Study Program as one that does not interfere with the schooling or health and well-being of the minors involved. The regulations also require preparation of a written participation agreement for each student
