

consumers.² This information collection reflects comments received in response to the May 14, 2018 (83 FR 22254) Notice and Request for Comment, seeking input from the public regarding renewal of the Boarding Form with modifications to improve efficiency and reduce company burden.

Request for Comments

The Bureau issued a 60-day **Federal Register** notice on May 14, 2018, 83 FR 22254, Docket Number: CFPB–2018–0018. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be reviewed by OMB as part of its review of this request. All comments will become a matter of public record.

Dated: August 27, 2018.

Darrin A. King,

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.

BILLING CODE 4810-AM-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces; Notice of Federal Advisory Committee Meeting

AGENCY: General Counsel of the Department of Defense, Department of Defense.

ACTION: Notice of federal advisory committee meeting.

SUMMARY: The Department of Defense (DoD) is publishing this notice to

announce that the following Federal Advisory Committee meeting of the Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces will take place.

DATES: Open to the public, Friday, September 7, 2018 from 11:00 a.m. to 1:00 p.m.

ADDRESSES: One Liberty Center, 875 N Randolph Street, Suite 150, Arlington, Virginia 22203.

FOR FURTHER INFORMATION CONTACT:

Dwight Sullivan, 703–695–1055 (Voice), dwight.h.sullivan.civ@mail.mil (Email). Mailing address is DACIPAD, One Liberty Center, 875 N Randolph Street, Suite 150, Arlington, Virginia 22203. Website: <http://dacipad.whs.mil/>. The most up-to-date changes to the meeting agenda can be found on the website.

SUPPLEMENTARY INFORMATION: Due to circumstances beyond the control of the Department of Defense (DoD) and the Designated Federal Officer, the Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces was unable to provide public notification required by 41 CFR 102–3.150(a) concerning its meeting on September 7, 2018. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102–3.150(b), waives the 15-calendar day notification requirement.

This meeting is being held under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102–3.140 and 102–3.150.

Purpose of the Meeting: In section 546 of the National Defense Authorization Act for Fiscal Year 2015 (Pub. L. 113–291), as modified by section 537 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114–92), Congress tasked the DAC–IPAD to advise the Secretary of Defense on the investigation, prosecution, and defense of allegations of rape, forcible sodomy, sexual assault, and other sexual misconduct involving members of the Armed Forces. This will be the ninth public meeting held by the DAC–IPAD. The purpose of the meeting is to deliberate on the Committee's letter to the Secretary of Defense which includes its recommendations on the implementation of Article 140a of the Uniform Code of Military Justice (UCMJ) regarding military justice data collection and management.

Agenda: 11:00 a.m.–11:05 a.m. Welcome and introduction; 11:05 a.m.–12:45 p.m. Committee deliberations

regarding Article 140a, UCMJ; 12:45 p.m.–1:00 p.m. Public comment; 1:00 p.m. Adjourn.

Meeting Accessibility: Pursuant to 5 U.S.C. 552b and 41 CFR 102–3.140 through 102–3.165, and the availability of space, this meeting is open to the public. Seating is limited and is on a first-come basis. Visitors are required to sign in at the One Liberty Center security desk and must leave government-issued photo identification on file and wear a visitor badge while in the building. Department of Defense Common Access Card (CAC) holders who do not have authorized access to One Liberty Center must provide an alternate form of government-issued photo identification to leave on file with security while in the building. All visitors must pass through a metal detection security screening. Individuals requiring special accommodations to access the public meeting should contact the DAC–IPAD at whs.pentagon.em.mbx.dacipad@mail.mil at least five (5) business days prior to the meeting so that appropriate arrangements can be made. In the event the Office of Personnel Management closes the government due to inclement weather or for any other reason, please consult the website for any changes to the public meeting date or time.

Written Statements: Pursuant to 41 CFR 102–3.140 and section 10(a)(3) of the Federal Advisory Committee Act of 1972, the public or interested organizations may submit written comments to the Committee about its mission and topics pertaining to this public session. Written comments must be received by the DAC–IPAD at least five (5) business days prior to the meeting date so that they may be made available to the Committee members for their consideration prior to the meeting. Written comments should be submitted via email to the DAC–IPAD at whs.pentagon.em.mbx.dacipad@mail.mil in the following formats: Adobe Acrobat or Microsoft Word. Please note that since the DAC–IPAD operates under the provisions of the Federal Advisory Committee Act, as amended, all written comments will be treated as public documents and will be made available for public inspection. Oral statements from the public will be permitted, though the number and length of such oral statements may be limited based on the time available and the number of such requests. Oral presentations by members of the public will be permitted from 3:40 p.m. to 4:00 p.m. on April 20, 2018, in front of the Committee members.

² In addition to the Boarding Form for companies, the Bureau utilizes separate OMB-approved forms to board government agencies and congressional offices onto their own distinct portals to access certain complaint information through OMB Control No. 3170–0057 (Consumer Response Government and Congressional Boarding Forms; expires December 31, 2018).

Dated: August 27, 2018.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison
Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Notice of Availability of the Final Missouri River Recovery Management Plan and Environmental Impact Statement

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice.

SUMMARY: The Kansas City and Omaha Districts of the U.S. Army Corps of Engineers (USACE), in cooperation with the U.S. Fish and Wildlife Service (USFWS), have developed the Missouri River Recovery Management Plan and Environmental Impact Statement (MRRMP-EIS). This document is a programmatic assessment of major federal actions necessary to avoid a finding of jeopardy to the pallid sturgeon (*Scaphirhynchus albus*), interior least tern (*Sterna antillarum athalassos*), and the Northern Great Plains piping plover (*Charadrius melodus*) caused by operation of the Missouri River Mainstem System and the Kansas River Reservoir System and operation and maintenance of the Missouri River Bank Stabilization and Navigation Project (BSNP) in accordance with the Endangered Species Act (ESA) of 1973, as amended. This programmatic document also assesses the Missouri River BSNP fish and wildlife mitigation project described in the 2003 Record of Decision (ROD) and authorized by the Water Resources Development Act (WRDA) of 1986, 1999, and 2007 as it relates to endangered species.

DATES: Submit written comments on the final EIS and supporting documents on or before October 9, 2018.

ADDRESSES: Send written comments to U.S. Army Corps of Engineers, Omaha District, ATTN: CENWO-PM-AC—MRRMP-EIS, 1616 Capitol Ave., Omaha, NE 68102; attach comment letters via email at cenwo-planning@usace.army.mil; or provide comments via an online comment form (preferred method) at <http://parkplanning.nps.gov/MRRMP>.

FOR FURTHER INFORMATION CONTACT: Tiffany Vanosdall, Project Manager at 402-995-2695.

SUPPLEMENTARY INFORMATION: The USACE is issuing this notice pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*) and the Council on Environmental Quality (CEQ) regulations for implementing the procedural provisions of NEPA (43 CFR parts 1500 through 1508). This notice announces the availability of the final MRRMP-EIS. The MRRMP-EIS, its appendices, and other supporting documents can be accessed at: www.moriverrecovery.org under the “Management Plan” tab on the website homepage. These documents can also be accessed at <http://parkplanning.nps.gov/MRRMP>.

Background Information

The draft MRRMP-EIS was released on December 23, 2016 and included a 122-day public comment period that ended on April 24, 2017. During that time USACE held six public meetings to solicit comments from the public. USACE analyzed the comments received from the public and considered them in preparation of the final MRRMP-EIS (Appendix K). The final MRRMP-EIS is available for public review until October 9, 2018. The USACE has also completed formal consultation with the USFWS under Section 7 of the ESA. A final Biological Assessment (BA) was completed by the USACE in October of 2017 and a Final BiOp was completed by the USFWS in April, 2018. The BiOp concludes that the proposed action described in the BA would not cause jeopardy for the least tern, piping plover, or pallid sturgeon. The preferred alternative in the Final EIS incorporates the proposed action described in the 2017 BA and incorporates the 2018 BiOp.

This EIS provides the necessary information for the public to fully evaluate a range of alternatives designed to meet the purpose and need of the MRRMP-EIS and to provide thoughtful and meaningful comment for the Agency’s consideration. Six alternatives were carried forward for detailed evaluation in the MRRMP-EIS (the no-action alternative and five action alternatives). The following management actions were included in all six of the alternatives:

- Mechanical construction of emergent sandbar habitat (ESH);
- Vegetation management, predator management, and human restriction measures on ESH;
- Pallid sturgeon propagation and augmentation;
- Pallid sturgeon early life stage habitat construction downstream of Ponca, Nebraska;

- Habitat development and management of acquired lands; and
- Monitoring and evaluation of management actions.

However, the scale and extent of mechanical ESH creation and pallid sturgeon early life stage habitat construction would vary among the alternatives.

Under the no-action alternative, in addition to the actions common to all alternatives, the USACE would mechanically construct ESH at a rate of 164 acres per year in the Garrison and Gavins Point reaches and construct pallid early life stage habitat to achieve an average of 20 acres of shallow water habitat per river mile. The no-action alternative would also continue to implement the spring pulse included in the Master Manual.

Alternative 2 represents the USFWS’s interpretation of the management actions that could be ultimately implemented as part of the 2003 Amended BiOp Reasonable and Prudent Alternative (RPA). In addition to the actions common to all alternatives, the USACE would mechanically construct ESH at a rate up to 1,331 acres per year in the Garrison, Fort Randall, Lewis and Clark Lake, and Gavins Point reaches and pallid early life stage habitat to achieve an average of 30 acres of shallow water habitat per river mile. Alternative 2 would also include a spring pallid flow release consisting of a bimodal pulse in March and May and a low summer flow.

Under Alternatives 3–6, the USACE would follow the processes and criteria in the SAMP that was developed based on the results of the effects analysis. The SAMP identifies the process and criteria to implement initial management actions, assess hypotheses, and introduce new management actions should they become necessary. Initial management actions include specific study efforts to fill data gaps in knowledge of the pallid sturgeon life cycle, creation of spawning habitat for pallid sturgeon to monitor effectiveness, and the construction of pallid early life stage habitat following the interception and rearing complex (IRC) concept identified in the effects analysis.

In addition to the actions common to Alternatives 3–6, Alternative 3 would include mechanical construction of ESH at an average rate of 332 acres per year when construction is needed in the Garrison, Fort Randall, and Gavins Point reaches. Alternative 3 would not implement the plenary spring pulse included in the Master Manual. However, as part of the SAMP the potential for a one-time spawning cue
