

Dated: August 24, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is cast iron soil pipe, whether finished or unfinished, regardless of industry or proprietary specifications, and regardless of wall thickness, length, diameter, surface finish, end finish, or stenciling. The scope of this investigation includes, but is not limited to, both hubless and hub and spigot cast iron soil pipe. Cast iron soil pipe is nonmalleable iron pipe of various designs and sizes. Cast iron soil pipe is generally distinguished from other types of nonmalleable cast iron pipe by the manner in which it is connected to cast iron soil pipe fittings.

Cast iron soil pipe is classified into two major types—hubless and hub and spigot. Hubless cast iron soil pipe is manufactured without a hub, generally in compliance with Cast Iron Soil Pipe Institute (CISPI) specification 301 and/or American Society for Testing and Materials (ASTM) specification A888, including any revisions to those specifications. Hub and spigot pipe has one or more hubs into which the spigot (plain end) of a fitting is inserted. All pipe meeting the physical description set forth above is covered by the scope of this investigation, whether or not produced according to a particular standard.

The subject imports are currently classified in subheading 7303.00.0030 of the Harmonized Tariff Schedule of the United States (HTSUS): Cast iron soil pipe. The HTSUS subheading and specifications are provided for convenience and customs purposes only; the written description of the scope of this investigation is dispositive.

International Trade Administration

[A–570–062]

Cast Iron Soil Pipe Fittings From the People’s Republic of China: Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is amending its final determination of sales at less than fair value (LTFV) as a result of ministerial errors. In addition, based on affirmative final determinations by Commerce and the International Trade Commission (the ITC), Commerce is issuing an antidumping duty order on cast iron soil pipe fittings (soil pipe fittings) from the People’s Republic of China (China).

DATES: Applicable August 31, 2018.

FOR FURTHER INFORMATION CONTACT: Sergio Balbontin at (202) 482–4474 or Michael Bowen at (202) 482–0768, AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On July 17, 2018, Commerce published its affirmative final determination in the LTFV investigation of soil pipe fittings from China on July 17, 2018.¹ On July 11, 2018, Commerce received ministerial error allegations. See the “Amendment to Final Determination” section below for further discussion.

On August 22, 2018, the ITC notified Commerce of its final determination, pursuant to 735(d) of the Act, that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of LTFV imports of soil pipe fittings from China, and of its determination that critical circumstances do not exist with respect

¹ See *Cast Iron Soil Pipe Fittings from the People’s Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value and Final Determination of Critical Circumstances*, in Part, 83 FR 33205 (July 17, 2018) (*Final Determination*).

to imports of soil pipe fittings from China.²

Scope of the Order

The merchandise covered by the scope of this order is cast iron soil pipe fittings, finished and unfinished, regardless of industry or proprietary specifications, and regardless of size. Cast iron soil pipe fittings are nonmalleable iron castings of various designs and sizes, including, but not limited to, bends, tees, wyes, traps, drains (other than drain bodies), and other common or special fittings, with or without side inlets.

Cast iron soil pipe fittings are classified into two major types—hubless and hub and spigot. Hubless cast iron soil pipe fittings are manufactured without a hub, generally in compliance with Cast Iron Soil Pipe Institute (CISPI) specification 301 and/or American Society for Testing and Materials (ASTM) specification A888. Hub and spigot pipe fittings have hubs into which the spigot (plain end) of the pipe or fitting is inserted. Cast iron soil pipe fittings are generally distinguished from other types of nonmalleable cast iron fittings by the manner in which they are connected to cast iron soil pipe and other fittings.

Excluded from the scope are all drain bodies. Drain bodies are normally classified in subheading 7326.90.86.88 of the Harmonized Tariff Schedule of the United States (HTSUS).

The cast iron soil pipe fittings subject to the scope of this order are normally classified in subheading 7307.11.0045 of the HTSUS: Cast fittings of nonmalleable cast iron for cast iron soil pipe. They may also be entered under HTSUS 7324.29.0000 and 7307.92.3010. The HTSUS subheadings and specifications are provided for convenience and customs purposes only; the written description of the scope of this order is dispositive.

Amendment to Final Determination

Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Determination* to correct certain ministerial errors.³ Based on these corrections, Shanxi Xuanshi Industrial Group Co., Ltd.’s (Xuanshi) estimated weighted-average dumping margin increases from 27.18 percent to 84.13

² See ITC Notification Letter to the Deputy Assistant Secretary for Enforcement and Compliance, referencing ITC Investigation Nos. 701–TA–583 and 731–TA–1381 (August 20, 2018).

³ See Memorandum, “Less-Than-Fair-Value Investigation on Cast Iron Soil Pipe Fittings from the People’s Republic of China: Ministerial Error Allegations in the Final Determination,” dated August 9, 2018.

percent, and Wor-Biz Trading Co., Ltd. (Anhui)'s (Wor-Biz) estimated weighted-average dumping margin increases from 22.11 percent to 33.67 percent. These corrections also increase the estimated weighted-average dumping margin for the non-examined, separate rate companies from 24.65 percent to 58.90 percent.

In addition, we are amending our instructions to U.S. Customs and Border Protection (CBP) with respect to the cash deposit rates in effect during certain periods of this LTFV investigation. Specifically, in the *Preliminary Determination*, we stated that should provisional measures in the companion countervailing duty (CVD) investigation expire, Commerce will direct CBP to collect cash deposits at a rate equal to the estimated weighted-average dumping margins calculated in the *Preliminary Determination*, unadjusted for passed-through domestic subsidies or export subsidies determined in the companion CVD investigation.⁴ Provisional measures in the companion CVD investigation expired on April 18, 2018.⁵ However, the *Final Determination* (and the cash deposit instructions we issued to CBP pursuant to that determination) did not properly reflect our intention to apply the unadjusted cash deposit rates that should have been in effect beginning on this date.⁶ Therefore, we will amend our instructions to CBP to apply the unadjusted cash deposit rates calculated in the *Preliminary Determination* for the period of April 18, 2018, through July 16, 2018 (the date prior to the publication of the *Final Determination*).

Further, for the period of July 17, 2018, until the date of expiration of provisional measures in this LTFV investigation (August 20, 2018), the correct cash deposit rates shall be equal to the estimated weighted-average dumping margins calculated in the *Final Determination*, unadjusted for the passed-through domestic subsidies or for export subsidies. See below for

further discussion of the expiration of provisional measures in this LTFV investigation.

For the purposes of this amended final determination and order, we will instruct CBP to resume collecting cash deposits equal to the estimated weighted-average dumping margins listed below, adjusted for the export subsidy rates imposed in the companion CVD investigation, *i.e.*, by 0.09 percent for Xuanshi and the China-wide entity, 0.23 percent for Wor-Biz, and 0.16 percent for the separate-rate companies.⁷

Antidumping Duty Order

On August 22, 2018, in accordance with section 735(b)(1)(A)(i) and 735(d) of the Act, the ITC notified Commerce of its final determination in this investigation, in which it found that imports of cast iron soil pipe fittings are materially injuring a U.S. industry. Therefore, in accordance with section 735(c)(2) and 736(a) of the Act, we are publishing this antidumping duty order. In its determination, the ITC found two domestic like products covered by the scope of the investigation: drain bodies and all other soil pipe fittings. The ITC made a negative determination with respect to drain bodies and an affirmative determination with respect to all other soil pipe fittings. Because the ITC made different injury determinations for separate domestic like products, Commerce will instruct CBP to assess antidumping duties on entries of all cast iron soil pipe fittings (subject merchandise) other than drain bodies (excluded merchandise).

Drain Bodies

The ITC found that drain bodies are a separate domestic like product. The Final ITC Report describes typical drain bodies as having only one side that connects to a pipe or fitting.⁸ Further, drain bodies are not classified as either hubless or hub and spigot.⁹ Drain bodies may be painted in a different manner than other cast iron soil pipe fittings, which are coated in asphaltic material, black paint, or epoxy.¹⁰ Drain bodies often require assembly with attachments (cast iron and non-cast iron) such as

stainless steel strainers, grates, and bolts to be a drain fixture ready for use.¹¹ In addition, the purpose of a drain body is to collect and carry away liquid or water, including wastewater, while the purpose of other cast iron soil pipe fittings is to connect pipe and fittings.¹²

Because the ITC made a negative determination of material injury with respect to drain bodies, Commerce will direct CBP to terminate the suspension of liquidation for entries of drain bodies from China entered, or withdrawn from warehouse, and refund any cash deposit with respect to these entries.

All Soil Pipe Fittings Other Than Drain Bodies

Because the ITC determined that imports of all cast iron soil pipe fittings other than drain bodies from China are materially injuring a U.S. industry, all unliquidated entries of subject merchandise from China, entered or withdrawn from warehouse, are subject to the assessment of antidumping duties.

As a result of the ITC's final determination, in accordance with section 736(a)(1) of the Act, Commerce will direct CBP to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of soil pipe fittings from China. Antidumping duties will be assessed on unliquidated soil pipe fittings from China entered, or withdrawn from warehouse, for consumption on or after February 20, 2018, the date of publication of the *Preliminary Determination*, but will not be assessed on entries occurring after the expiration of the provisional measures period until the date of publication of the ITC's notice of final determination in the **Federal Register**, as discussed further below.

Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will direct CBP to continue to suspend liquidation of subject merchandise (*i.e.*, all soil pipe fittings other than drain bodies) from China, which were entered, or withdrawn from warehouse, for consumption on or after February 20, 2018, the date of publication of the *Preliminary Determination*. We will also instruct CBP to require cash deposits equal to the amounts as indicated below. These instructions suspending

⁴ See *Cast Iron Soil Pipe Fittings from the People's Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Preliminary Affirmative Determination of Critical Circumstances, in Part, Postponement of Final Determination and Extension of Provisional Measures*, 83 FR 7145, 7147 (February 20, 2018) (*Preliminary Determination*) and accompanying Preliminary Decision Memorandum. See also Section 772(c)(1)(C) of the Tariff Act of 1930 (the Act).

⁵ See *Cast Iron Soil Pipe Fittings from the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination with Final Antidumping Duty Determination*, 82 FR 60178 (December 19, 2017). See also 19 CFR 351.210(h).

⁶ See *Final Determination at 83 FR 33207* ("Continuation of Suspension of Liquidation").

⁷ See *Final Determination at 83 FR 33428*. See also *Cast Iron Soil Pipe Fittings from the People's Republic of China: Final Affirmative Countervailing Duty Determination*, 83 FR 32075 (July 11, 2018); and *Cast Iron Soil Pipe Fittings from the People's Republic of China: Countervailing Duty Order*, published concurrently with this notice.

⁸ See *Cast Iron Soil Pipe Fittings from China, Investigation Nos. 701-TA-583 and 731-TA-1381 (Final)*, Publication 4812, August 2018 (Final ITC Report) at I-14 and I-15.

⁹ *Id.*

¹⁰ *Id.* at I-15.

¹¹ *Id.*

¹² *Id.*

liquidation will remain in effect until further notice.

Accordingly, effective on the date of publication of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on this subject merchandise, a cash deposit equal to the estimated weighted-average dumping margins listed below.¹³ The "China-wide" rate applies to all exporters of subject merchandise not specifically listed in the table below. For the purpose of determining cash deposit rates, the estimated weighted-average dumping margins for imports of subject merchandise from China have been adjusted, as appropriate, for export subsidies found in the final determination of the companion countervailing duty investigation of this merchandise imported from China.

Provisional Measures

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of

exports of the subject merchandise request Commerce to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of soil pipe fittings from China, Commerce extended the four-month period to six months in this proceeding.¹⁴ In the underlying investigation, Commerce published the preliminary determination on February 20, 2018. Therefore, the extended period, beginning on the date of publication of the preliminary determination, ended on August 20, 2018. Furthermore, section 737(b) of the Act states that definitive duties are to begin on the date of publication of the ITC's final affirmative injury determination.

Therefore, in accordance with section 733(d) of the Act and our practice,¹⁵ we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of soil pipe fittings from China entered, or withdrawn from warehouse, for consumption on or after August 20, 2018, until the date of publication of the ITC's final affirmative injury

determination in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's final determination in the **Federal Register**.

Critical Circumstances

With regard to the ITC's negative critical circumstances determination on imports of soil pipe fittings from China discussed above, we will instruct CBP to lift suspension and to refund any cash deposits made to secure the payment of estimated antidumping duties with respect to entries of soil pipe fittings from China, entered or withdrawn from warehouse, for consumption on or after November 22, 2017 (*i.e.*, 90 days prior to the date of publication of the preliminary determination), but before February 20, 2018 (*i.e.*, the date of publication of the preliminary determination for this investigation).

Estimated Weighted-Average Dumping Margins

The estimated weighted-average dumping margins are as follows:

Producer	Exporter	Estimated weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent)
Shanxi Xuanshi Industrial Group Co., Ltd	Shanxi Xuanshi Industrial Group Co., Ltd	84.13	84.04
Guang Zhou Premier & Pinan Foundry Co., Ltd./ Botou Chenyuan Foundry Co., Ltd./Wuhu Best Machines Co., Ltd.	Wor-Biz Trading Co., Ltd. (Anhui)	33.67	33.44

Notifications to Interested Parties

This notice constitutes the antidumping duty order with respect to soil pipe fittings from China pursuant to section 736(a) of the Act. Interested

parties can find a list of antidumping duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

This amended final determination and antidumping duty order are published in accordance with sections 735(e) and 736(a) of the Act and 19 CFR 351.224(e) and 351.211(b).

Certain Steel Wheels From the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain steel wheels from the People's Republic of China (China) for the period of investigation January 1, 2017, through December 31, 2017. We invite interested parties to comment on this preliminary determination.

DATES: Applicable August 31, 2018.

FOR FURTHER INFORMATION CONTACT: Chien-Min Yang or Myrna Lobo, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202-482-5484 or 202-482-2371, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 16, 2018.¹ On June 6, 2018, Commerce postponed the deadline for the preliminary determination of the investigation to the full 130 days permitted under section 703(c)(1)(A) of the Act and 19 CFR 351.205(b)(2), and the revised deadline is now August 24, 2018.²

For a complete description of the events that followed the initiation of

¹ See *Certain Steel Wheels from the People's Republic of China: Initiation of Countervailing Duty Investigation*, 83 FR 17794 (April 24, 2018) (*Initiation Notice*).

² See *Certain Steel Wheels from the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation*, 83 FR 26257 (June 6, 2018).

this investigation, see the Preliminary Decision Memorandum.³ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The products covered by this investigation are certain steel wheels from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the Preamble to Commerce's regulations, we set aside a period of time in our *Initiation Notice* for parties to raise issues regarding product coverage and encouraged all parties to submit comments within 20 calendar days of publication of that notice.⁴ No parties commented on the scope of this investigation.

Alignment

In accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), and based on the petitioners' request,⁵ we are aligning the final CVD determination in this investigation with the final determination in the companion AD investigation of certain steel wheels from China. Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently

³ See Memorandum, "Decision Memorandum for the Preliminary Determination in the Countervailing Duty Investigation of Certain Steel Wheels from the People's Republic of China," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁴ See *Antidumping Duties; Countervailing Duties; Final Rule*, 62 FR 27296, 27323 (May 19, 1997) (Preamble); see also *Initiation Notice*.

⁵ See Letter from the petitioners, "Certain Steel Wheels from China (C-570-083)—Petitioner's Request for Alignment of Countervailing Duty Investigation Final Determination Deadline with Antidumping Investigation Final Determination Deadline," dated August 8, 2018.

scheduled to be due no later than January 7, 2019, unless postponed.⁶

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that confers a benefit on the recipient, and that the subsidy is specific.⁷ For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.

Commerce notes that, in making these findings, it relied, in part, on facts available and, because it finds that one or more respondents did not act to the best of their ability to respond to Commerce's requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.⁸ For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.

Preliminary Determination and Suspension of Liquidation

In accordance with section 705(c)(1)(B)(i)(I) of the Act, Commerce established rates for Xiamen Sunrise Wheel Group Co., Ltd. (Xiamen Sunrise), Xiamen Sunrise Wheel Co., Ltd. (Sunrise Wheel), Xiamen Sunrise Metal Co., Ltd. (Sunrise Metal), Xiamen Topu Import & Export Co., Ltd. (Topu), and Sichuan Sunrise Metal Industry Co., Ltd. (Sichuan Sunrise) (collectively, Xiamen Sunrise), and applied a rate based on adverse facts available to Zhejiang Jingu Company Limited and Shanghai Yata Industry Company Limited (collectively, Zhejiang Jingu).

In accordance with sections 705(d)(1)(A) and 705(c)(5)(A) of the Act, for companies not individually investigated, Commerce applies an "all-others" rate. The all-others rate is normally calculated by weight averaging the subsidy rates of the individual companies selected for individual examination with those companies' export sales of the subject merchandise to the United States, excluding any zero and *de minimis* rates calculated for the
