MILLENNIUM CHALLENGE CORPORATION

[MCC FR 18-11]

Report on Countries That Are Candidates for Millennium Challenge Account Eligibility in Fiscal Year 2019 and Countries That Would Be Candidates but for Legal Prohibitions

AGENCY: Millennium Challenge Corporation.

ACTION: Notice.

SUMMARY: Section 608(a) of the Millennium Challenge Act of 2003 requires the Millennium Challenge Corporation to publish a report that identifies countries that are "candidate countries" for Millennium Challenge Account assistance during FY 2019. The report is set forth in full below.

Dated: August 30, 2018.

Jeanne M. Hauch,

VP/General Counsel and Corporate Secretary.

Report on Countries That Are Candidates for Millennium Challenge Compact Eligibility for Fiscal Year 2019 and Countries that would be Candidates but for Legal Prohibitions

Summary

This report to Congress is provided in accordance with section 608(a) of the Millennium Challenge Act of 2003, as amended, 22 U.S.C. 7701, 7707(a) (the Act).

The Act authorizes the provision of assistance for global development through the Millennium Challenge Corporation (MCC) for countries that enter into a Millennium Challenge Compact with the United States to support policies and programs that advance the progress of such countries

to achieve lasting economic growth and poverty reduction. The Act requires MCC to take a number of steps in selecting countries with which MCC will seek to enter into a compact, including determining the countries that will be eligible countries for fiscal year (FY) 2019 based on (a) a country's demonstrated commitment to (i) just and democratic governance, (ii) economic freedom, and (iii) investments in its people; and (b) the opportunity to reduce poverty and generate economic growth in the country, and (c) the availability of funds to MCC. These steps include the submission to the congressional committees specified in the Act and publication in the **Federal Register** of reports on the following:

- The countries that are "candidate countries" for FY 2019 based on their per capita income levels and their eligibility to receive assistance under U.S. law and countries that would be candidate countries but for specified legal prohibitions on assistance (section 608(a) of the Act);

- The criteria and methodology that the MCC Board of Directors (Board) will use to measure and evaluate the relative policy performance of the "candidate countries" consistent with the requirements of subsections (a) and (b) of section 607 of the Act in order to determine "eligible countries" from among the "candidate countries" (section 608(b) of the Act); and

- The list of countries determined by the Board to be "eligible countries" for FY 2019, identification of such countries with which the Board will seek to enter into compacts, and a justification for such eligibility determination and selection for compact negotiation (section 608(d) of the Act).

This report is the first of three required reports listed above.

Candidate Countries for FY 2019

The Act requires the identification of all countries that are candidate countries for FY 2019 and the identification of all countries that would be candidate countries but for specified legal prohibitions on assistance. Under sections 606(a) and (b) of the Act, candidate countries must qualify as low income or lower middle income countries as defined in the Act.

Specifically, a country will be a candidate country in the low income category for FY 2019 if it:

- Has a per capita income that is not greater than the World Bank's lower middle income country threshold for such fiscal year (\$3,895 gross national income per capita for FY 2019);
