

Faxed objections must be sent and addressed to "Chris French, Objection Reviewing Officer" at (202) 649-1172 and must include a subject line stating: "Objection regarding the Revised Colville Plan." The fax coversheet should specify the number of pages being submitted.

Hardcopy objections may be submitted by regular mail, private carrier, or hand delivery to the following address: USDA Forest Service, Attn: Chris French, Objection Reviewing Officer, 1400 Independence Ave. SW, EMC-PEEARS, Mailstop 1104, Washington, DC 20250. Office hours are Monday through Friday, 8:00 a.m. to 4:30 p.m., excluding Federal holidays. Hardcopy submissions must include a subject line on page one stating: "Objection regarding the Revised Colville Forest Plan."

Individuals who need to use telecommunication devices for the deaf (TDD) to transmit objections may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8:00 a.m. and 8:00 p.m., Eastern Standard Time, Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:**

Holly Hutchinson, Team Leader, 765 S Main St., Colville, WA 99114, phone: (509) 684-7201.

**SUPPLEMENTARY INFORMATION:**

The decision to approve the Revised Forest Plan will be subject to the objection process identified in 36 CFR part 219 Subpart B (219.50 to 219.62). Individuals and entities who have submitted substantive formal comments related to the revision of the Forest Plan during the opportunities for public comment, as provided in 36 CFR part 219 Subpart A, during the planning process for that decision may file an objection. Objections must be based on previously submitted substantive formal comments attributed to the objector unless the objection concerns an issue that arose after the opportunities for formal comment. The burden is on the objector to demonstrate compliance with the requirements for objection. All objections must be filed, in writing, with the reviewing officer for the Revised Forest Plan. Objections received in response to this solicitation, including names and addresses of those who object, will be considered part of the public record on these proposed actions and will be available for public inspection. At a minimum, an objection must include the following (36 CFR 219.54(c)):

(1) The objector's name and address along with a telephone number or email address if available. In cases where no identifiable name is attached to an

objection, the Forest Service will attempt to verify the identity of the objector to confirm objection eligibility;

(2) Signature or other verification of authorship upon request (a scanned signature for electronic mail may be filed with the objection);

(3) Identification of the lead objector, when multiple names are listed on an objection. The Forest Service will communicate to all parties to an objection through the lead objector. Verification of the identity of the lead objector must also be provided if requested;

(4) The name of the Plan Revision document(s) being objected to, and the name and title of the responsible official;

(5) A statement of the issues and/or parts of the Plan Revision document(s) to which the objection applies;

(6) A concise statement explaining the objection and suggesting how the proposed Forest Plan decision may be improved. If the objector believes that the Plan Revision is inconsistent with law, regulation, or policy, an explanation should be included;

(7) A statement that demonstrates the link between the objector's prior substantive formal comments and the content of the objection, unless the objection concerns an issue that arose after the opportunities for formal comment; and

(8) All documents referenced in the objection (a bibliography is not sufficient), except that the following need not be provided:

a. All or any part of a Federal law or regulation,  
b. Forest Service Directive System documents and land management Plans or other published Forest Service documents,

c. Documents referenced by the Forest Service in the planning documentation related to the proposal subject to objection, and

d. Formal comments previously provided to the Forest Service by the objector during the plan revision comment period.

Prior to the issuance of the reviewing officer's written response, either the reviewing officer or the objector may request to meet to discuss issues raised in the objection. Interested persons who wish to participate in meetings to discuss issues raised by objectors must have previously submitted substantive formal comments related to the objection issues. Interested persons must file a request to participate as an interested person within 10 days after legal notice of objections received has been published. Requests must be sent to the same email or address identified

for filing objections, above, and the interested person must identify the specific issues they have interest in discussing. During the objection meeting, interested persons will be able to participate in discussions related to issues on the agenda that they have listed in their request to be an interested person.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Census Bureau is requesting generic clearance to conduct customer satisfaction research which may be in the form of mailed or electronic questionnaires and/or focus groups, telephone interviews, or web-based interviews.

The Census Bureau has ranked a customer-focused environment as one of its most important strategic planning objectives. The Census Bureau routinely needs to collect and analyze customer feedback about its products and services to better align them to its customers' needs and preferences. Several programs, products, and distribution channels have been designed and/or redesigned based on feedback from its various customer satisfaction research efforts.

Each research design is reviewed for content, utility, and user-friendliness by a variety of appropriate staff (including research design and subject-matter experts). The concept and design are tested by internal staff and a select sample of respondents to confirm its appropriateness, user-friendliness, and to estimate burden (including hours and cost) of the proposed collection of information. Collection techniques are discussed and included in the research, concept, and design discussion to define the most time-, cost-efficient and accurate collection media.

The clearance operates in the following manner: A block of burden hours is reserved at the beginning of the clearance period. The particular activities that will be conducted under the clearance are not specified in advance because they would not be known at the beginning of the clearance period. The Census Bureau provides detailed information to the Office of Management and Budget (OMB) about the specific activities a minimum of two weeks prior to the planned start date of the collection. OMB provides any comments it may have prior to the start date of the planned activity. At the end of each year, a report is submitted to OMB that summarizes the number of hours used as well as the nature and results of the activities completed under the clearance.

##### II. Method of Collection

This research may be in the form of mailed or electronic questionnaires and/or focus groups, telephone or web-based interviews.

##### III. Data

*OMB Control Number:* 0607–0760.

*Form Number:* Various.

*Type of Review:* Regular submission.

*Affected Public:* Individuals or households, State or local governments, farms, business or other for-profit organizations, federal agencies or employees, and not-for-profit institutions.

*Estimated Number of Respondents:* 30,000.

*Estimated Time per Response:* 10 minutes.

*Estimated Total Annual Burden Hours:* 5,000.

*Estimated Total Annual Cost:* There is no cost to respondents, except for their time to answer the questions.

*Respondents Obligation:* Voluntary.

*Legal Authority:* Executive Order 12862.

##### IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

##### Foreign-Trade Zones Board

[B–55–2018]

##### **Foreign-Trade Zone (FTZ) 207— Richmond, Virginia; Notification of Proposed Production Activity; Kaiser Aluminum Fabricated Products, LLC (Aluminum Extrusions); Richmond, Virginia**

Kaiser Aluminum Fabricated Products, LLC (Kaiser) submitted a

notification of proposed production activity to the FTZ Board for its facility in Richmond, Virginia. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on August 29, 2018.

The applicant indicates that it will be submitting a separate application for FTZ designation at the Kaiser facility under FTZ 207. The facility is used for the production of aluminum extrusions for the automotive industry. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Kaiser from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Kaiser would be able to choose the duty rates during customs entry procedures that apply to: Hollow profile tubes of aluminum alloys; bars and rods of aluminum alloys; rounded bars and rods of aluminum alloys; non-rounded bars and rods of aluminum alloys; and, tube pipe of aluminum alloys (duty rate ranges from 1.5% to 5.7%). Kaiser would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include alloyed aluminum logs and billets (duty-free). The request indicates that the materials/components are subject to special duties under Section 232 of the Trade Expansion Act of 1962 (Section 232), depending on the country of origin. The applicable Section 232 decision requires subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 17, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230–0002, and in the "Reading Room" section of the Board's website, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).
