

change and future natural disturbance events such as fire and windstorms;

4. Adequacy of the distribution of marbled murrelet habitat within the HCP covered area to provide for murrelet conservation over the remaining term of the HCP;

5. Other aspects of the human environment not already identified in the DEIS that may be affected, pursuant to NEPA regulations in the Code of Federal Regulations (CFR) at 40 CFR 1506.6.

Comments received from the 2016 DEIS public comment period were used to inform the RDEIS. Comments received on the DEIS and this RDEIS will be responded to in the FEIS. If you submitted comments during the comment period for the DEIS, you do not need to resubmit those comments.

Public Availability of Comments

All comments and materials we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personally identifiable information in your comments, you should be aware that your entire comment—including your personally identifiable information—may be made publicly available at any time. While you can ask us in your comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety. Comments and materials we receive, as well as supporting documentation we use in preparing the FEIS, will be available for public inspection by appointment, during normal business hours, at our Washington Fish and Wildlife Office (see **ADDRESSES**).

Next Steps

The HCP amendment for the LTCS is intended to replace the interim conservation strategy for the marbled murrelet. We will evaluate that request, associated documents, and public comments in reaching a final decision on whether the application for a permit amendment meets the requirements of section 10 of the ESA. We will prepare responses to public comments and publish a notice of availability for the FEIS. The FEIS will identify the WDNR preferred alternative for the amendment, and also the Service's preferred alternative. We will also evaluate whether the proposed permit action

would comply with section 7 of the ESA by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to approve the proposed amendment of the WDNR HCP and ITP. If the ESA section 10 issuance requirements are met, we will approve the amendment of the ITP and HCP. We will issue a record of decision and approve or deny the ITP and HCP amendment request by WDNR no sooner than 30 days after publication of the notice of availability of the FEIS.

Authority

We provide this notice in accordance with the requirements of section 10(c) of the ESA and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA and its implementing regulations (40 CFR 1506.6).

Theresa E. Rabot,

Deputy Regional Director, Pacific Region, U.S. Fish and Wildlife Service.

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX18GC009PLSG00; OMB Control Number 1028-0088]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; National Cooperative Geologic Mapping Program (EDMAP and STATEMAP)

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of Information Collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Geological Survey (USGS) are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before October 9, 2018.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov.

Please reference OMB Control Number 1028-0088 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Darcy McPhee by email at dmcphree@usgs.gov, or by telephone at 703-648-6973. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: We, the USGS, in accordance with the Paperwork Reduction Act of 1995, provide the general public and other Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on April 24, 2018 (FR 2018-08458). No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: EDMAP is the educational component of the NCGMP that is intended to train the next generation of geologic mappers. The primary objective of the STATEMAP component of the NCGMP is to establish the geologic

framework of areas that are vital to the welfare of individual States.

The NCGMP EDMAP program allocates funds to colleges and universities in the United States and Puerto Rico through an annual competitive cooperative agreement process. Every Federal dollar awarded is matched with university funds. Geology professors, who are skilled in geologic mapping, request EDMAP funding to support undergraduate and graduate students at their college or university in a one-year mentored geologic mapping project that focuses on a specific geographic area.

Only State Geological Surveys are eligible to apply to the STATEMAP component of the NCGMP pursuant to the National Geologic Mapping Act (Pub. L. 106–148). Since many State Geological Surveys are organized under a state university system, such universities may submit a proposal on behalf of the State Geological Survey.

Each fall, the program announcements are posted to the *Grants.gov* website and respondents are required to submit applications (comprising Standard Form 424, 424A, 424B, Proposal Summary Sheet, the Proposal, and Budget Sheets. Additionally, EDMAP proposals must include a Negotiated Rate Agreement and a Support letter from a State Geologist or USGS Project Chief).

Since 1996, more than \$5 million from the NCGMP has supported geologic mapping efforts of more than 1,200 students working with more than 260 professors at 161 universities in 44 states, the District of Columbia, and Puerto Rico. Funds for graduate projects are limited to \$17,500 and undergraduate project funds limited to \$10,000. These funds are used to cover field expenses and student salaries, but not faculty salaries or tuition. The authority for both programs is listed in the National Geologic Mapping Act (Pub. L. 106–148).

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2), and under regulations at 30 CFR 250.197, “Data and information to be made available to the public or for limited inspection.” Responses are voluntary. No questions of a “sensitive” nature are asked.

Title of Collection: National Cooperative Geologic Mapping Program (NCGMP–EDMAP and STATEMAP).

OMB Control Number: 1028–0088.

Form Number: None.

Type of Review: Extension without change of a currently approved collection.

Respondents/Affected Public: University or College faculty and State Geological Surveys.

Total Estimated Number of Annual Respondents: Approximately 50 University or College faculty and 45 State Geological Survey respondents.

Total Estimated Number of Annual Responses: Total number of responses is 185. Approximately 95 University or College faculty and 90 State Geological Survey responses.

Estimated Completion Time per Response: 36 hours.

Total Estimated Number of Annual Burden Hours: 5,220 hours total.

Respondent's Obligation: None. Participation is voluntary, though necessary to receive funding.

Frequency of Collection: Annually.

Total Estimated Annual Non-Hour Burden Cost: There are no “non-hour cost” burdens associated with this IC.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, *et seq.*).

Darcy McPhee,

Associate Program Coordinator, National Cooperative Geologic Mapping Program.

BILLING CODE 4338–11–P

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[189A2100DD/AAKC001030/
A0A501010.999900 253G; OMB Control
Number 1076–0020]

Agency Information Collection Activities; Loan Guarantee, Insurance and Interest Subsidy Program

AGENCY: Bureau of Indian Affairs,
Interior.

ACTION: Notice of information collection;
request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Assistant Secretary—Indian Affairs (AS–IA) is proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before November 6, 2018.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to David Johnson, Acting Chief, Division of Capital Investment, Office of Indian Energy and Economic Development, U.S. Department of the

Interior, 1849 C Street NW, MIB 4138, Washington, DC 20240; email: Davidb.Johnson@bia.gov. Please reference OMB Control Number 1076–0020 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, please contact David Johnson by telephone at: (202) 208–3026.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the AS–IA; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the AS–IA enhance the quality, utility, and clarity of the information to be collected; and (5) how might the AS–IA minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Submission of this information allows the Office of Indian Energy and Economic Development (IEED) to implement the Loan Guarantee, Insurance, and Interest Subsidy Program, 25 U.S.C. 1451 *et seq.*, the purpose of which is to encourage private lending to individual Indians and Indian organizations by providing lenders with loan guarantees or loan insurance to reduce their potential risk.
