

a second simple average CPI-U index is similarly calculated for each subsequent fiscal year by summing the 12 monthly CPI-U values for the previous fiscal year and dividing the sum by 12 (Recent Average). Finally, the annual limitation for the current fiscal year is calculated by multiplying \$10,000,000 by the Recent Average divided by 214.463. The result is expressed as a number, rounded to the nearest dollar.

(e) The formula for calculating the \$10 Million Adjusted Limitation is as follows: \$10 Million Adjusted Limitation = \$10,000,000 * (Recent Average/214.463).

■ 3. Amend § 3035.16 by revising paragraphs (c) and (d) to read as follows:

§ 3035.16 Exemption from dollar amount limitation.

* * * * *

(c) The calculation of the \$50 Million Adjusted Limitation involves the following steps. First, a simple average CPI-U index was calculated for fiscal year 2008 by summing the monthly CPI-U values from October 2007 through September 2008 and dividing the sum by 12 (Base Average). The resulting Base Average is 214.463. Then, a second simple average CPI-U index is similarly calculated for each subsequent fiscal year by summing the 12 monthly CPI-U values for the previous fiscal year and dividing the sum by 12 (Recent Average). Finally, the annual limitation for the current fiscal year is calculated by multiplying \$50,000,000 by the Recent Average divided by 214.463. The result is expressed as a number, rounded to the nearest dollar.

(d) The formula for calculating the \$50 Million Adjusted Limitation is as follows: \$50 Million Adjusted Limitation = \$50,000,000 * (Recent Average/214.463).

■ 4. Revise § 3035.18 to read as follows:

§ 3035.18 Request to add a non-experimental product or price category based on an experimental product to the product list.

(a) If the Postal Service seeks to add a non-experimental product or price category based on a former or current experimental product to the market dominant or competitive product list, the Postal Service shall file a request, pursuant to 39 U.S.C. 3642 and part 3020, subpart B of this chapter, to add a non-experimental product or price category to the applicable product list.

(1) Offers the same (or similar) service as a former or current experimental product;

(2) Has the same distinct cost or market characteristic as a former or current experimental product; or

(3) Uses (or is based on) data or assumptions from a former or current market test proceeding.

(c) A request filed under this section shall:

(1) Identify the market test and docket number that the proposed non-experimental product or price category is based on;

(2) Explain the relationship between the proposed non-experimental product or price category and market test or experimental product;

(3) Identify any assumptions from the market test that the request uses or is based on;

(4) Include all data from data collection reports in the financial model, or separately identify and explain any differences between the data collection reports and the data used to support the financial model; and

(5) Quantify the product specific costs associated with the development of the market test; that is, costs incurred before the market test was implemented.

(d) If the Postal Service seeks a Commission decision by a certain date, the Postal Service shall file a request under this section at least 60 days before the requested decision date.

(e) The Postal Service shall also file a notice of its request under this section in the market test proceeding's docket. This notice shall include the applicable docket number(s) for the proceeding evaluating the request.
