

related material may also be submitted to Coast Guard personnel specified at that meeting. All comments and related material submitted after the meeting must be received by the Coast Guard on or before October 11, 2018.

ADDRESSES: The public meeting will be held at the Camden County Public Service Authority Recreation Center, 1050 Wildcat Drive, Kingsland, Georgia 31548. Parking is available at the Recreation Center.

You may submit written comments identified by docket number USCG–2018–0845 using the Federal eRulemaking Portal at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions concerning the meeting or NOI, please call or email LT Joseph Palmquist, Coast Guard; telephone 912–652–4353 ext. 221, email joseph.b.palmquist@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Background and Purpose

We are announcing a public meeting to receive comments regarding a proposal to establish safety zones on the navigable waterways in the vicinity of the proposed Spaceport Camden, near Woodbine, Georgia. We published a Notice of Inquiry (NOI) in the **Federal Register** on September 11, 2018 (83 FR 45864), entitled “Safety Zone; Spaceport Camden, Woodbine, GA.” In it we stated our intention to hold a public meeting, and to publish a notice announcing the location and date (83 FR 45866). This document is the notice of that meeting.

In the NOI, we announced that the Board of County Commissioners of Camden County, Georgia proposes to develop and operate a commercial space launch site, called Spaceport Camden, in an unincorporated area of Camden County, Georgia, approximately 11.5 miles due east of the town of Woodbine, Georgia. The site, near Floyd Creek, is on the coast, surrounded by salt marshes to the east and south, and the Satilla River to the north. In support of Spaceport Camden, the Board of County Commissioners of Camden County, Georgia requested that the Coast Guard establish safety zones which would be effective during launch, landing, and rocket test activities at the site.

The Coast Guard establishes safety zones over areas of water and/or shore for safety or environmental purposes pursuant to the authority contained in 33 CFR part 165. A safety zone is a “. . . water area, shore area, or water and shore area to which, for safety or environmental purposes, access is

limited to authorized persons, vehicles, or vessels.”

The applicants for Spaceport Camden propose up to 12 annual launches and landings during daylight hours, with one possible nighttime launch per year, of liquid-fueled, small to medium-large lift-class, orbital and suborbital vertical launch vehicles. In support of the proposed launches, the applicants for Spaceport Camden propose up to 12 engine tests per year. Launch trajectories would vary from 83 to 115 degrees for vehicles up to and including medium-large lift class. Because the trajectory of these launches would take the rockets over various navigable waterways, creeks and tributaries, sections of land, and areas offshore, applicants are required to limit or restrict access to certain areas surrounding a rocket test/launch site based on specific hazard analysis. The applicant’s request to establish safety zones during rocket launches, landings, and various tests is one element in meeting these safety requirements

The range of potential safety zones for launch and landing activities encompasses an area which accounts for safety concerns associated with all potential launch trajectories. Individual launch safety zones could be smaller and depend on several factors unique to each event, such as actual trajectory, lift class, and payload. The range of potential safety zones for rocket tests encompasses a smaller area directly around the commercial space launch site. In all instances, the potential safety zones would be necessary to safeguard persons, property, and the marine environment during rocket launches, landings, and rocket test activities.

You may view the NOI in our online docket and comments submitted thus far by going to <http://www.regulations.gov>. Once there, insert “USCG–2018–0845” in the “Keyword” box and click “Search.”

We encourage you to participate in this NOI by submitting comments either orally at the meeting or in writing. If you bring written comments to the meeting, you may submit them to Coast Guard personnel specified at the meeting to receive written comments. These comments will be submitted to our online public docket. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

Comments submitted after the meeting must reach the Coast Guard on or before October 11, 2018. We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your

material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

II. Information on Service for Individuals With Disabilities

For information on facilities or services for individuals with disabilities or to request special assistance at the public meeting, contact LT Joseph Palmquist at the telephone number or email address indicated under the **FOR FURTHER INFORMATION CONTACT** section of this notice.

III. Public Meeting

The Coast Guard will hold a public meeting to receive comments on the proposal to establish safety zones on the navigable waterways in and near the proposed Spaceport Camden, near Woodbine, GA. The meeting will take place on September 27, 2018 from 5 p.m. to 7 p.m. at Camden County Public Service Authority Recreation Center, 1050 Wildcat Drive, Kingsland, Georgia 31548. Parking is available at the Recreation Center.

Dated: September 14, 2018.

N.C. Witt,

Commander, U.S. Coast Guard, Captain of the Port Savannah.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 63

[WC Docket No. 17–84; Report No. 3101]

Petition for Reconsideration of Action in Rulemaking Proceeding

AGENCY: Federal Communications Commission.

ACTION: Petition for reconsideration.

SUMMARY: A Petition for Reconsideration (Petition) has been filed in the Commission’s Rulemaking proceeding by Harold Feld, on behalf of Public Knowledge.

DATES: Oppositions to the Petition must be filed on or before October 4, 2018.

Replies to an opposition must be filed on or before October 1, 2018.

ADDRESSES: Federal Communications Commission, 445 12th Street SW, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT:

Michele Berlove, Wireline Competition Bureau, at: (202) 418-1477; email: Michele.Berlove@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's document, Report No. 3101, released September 4, 2018. The full text of the Petition is available for viewing and copying at the FCC Reference Information Center, 445 12th Street SW, Room CY-A257, Washington, DC 20554. It also may be accessed online via the Commission's Electronic Comment Filing System at: <http://apps.fcc.gov/ecfs/>. The Commission will not send a Congressional Review Act (CRA) submission to Congress or the Government Accountability Office pursuant to the CRA, 5 U.S.C. because no rules are being adopted by the Commission.

Subject: Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment, FCC 18-74, published at 83 FR 31659, July 9, 2018, in WC Docket No. 17-84. This document is being published pursuant to 47 CFR 1.429(e). See also 47 CFR 1.4(b)(1) and 1.429(f), (g).

Number of Petitions Filed: 1.

Federal Communications Commission.

BILLING CODE 6712-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

RIN 0648-BG91

Magnuson-Stevens Fishery Conservation and Management Act Provisions; Fisheries of the Northeastern United States; Industry-Funded Monitoring

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Availability of proposed fishery management plan amendment; request for comments.

SUMMARY: The New England Fishery Management Council submitted the

New England Industry-Funded Monitoring Omnibus Amendment, incorporating the Environmental Assessment and the Initial Regulatory Flexibility Analysis, for review by the Secretary of Commerce. NMFS is requesting comments from the public on the proposed amendment, which was developed to allow for industry-funded monitoring in New England Council fishery management plans and implement industry-funded monitoring in the Atlantic herring fishery. This amendment would ensure consistency in industry-funded monitoring programs across New England fisheries and increase monitoring in the Atlantic herring fishery.

DATES: Public comments must be received on or before November 19, 2018.

ADDRESSES: You may submit comments on this document, identified by NOAA-NMFS-2018-0109, by any of the following methods:

- *Electronic Submission:* Submit all electronic public comments via the Federal eRulemaking Portal.

1. Go to www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2018-0109;

2. Click the "Comment Now!" icon and complete the required fields; and
3. Enter or attach your comments.

- *Mail:* Submit written comments to Michael Pentony, Regional Administrator, National Marine Fisheries Service, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope, "Comments on the Industry-Funded Monitoring Amendment."

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by us. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. We will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

Copies of the Industry-Funded Monitoring Omnibus Amendment, including the Environmental Assessment, the Regulatory Impact Review, and the Initial Regulatory Flexibility Analysis (EA/RIR/IRFA) prepared in support of this action are available from Thomas A. Nies, Executive Director, New England

Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950. The supporting documents are also accessible via the internet at: <http://www.nefmc.org>.

FOR FURTHER INFORMATION CONTACT:

Carrie Nordeen, Fishery Policy Analyst, phone: (978) 281-9272 or email: Carrie.Nordeen@noaa.gov.

SUPPLEMENTARY INFORMATION:

Background

In 2013, the Mid-Atlantic and New England Fishery Management Councils initiated a joint omnibus amendment to allow for industry-funded monitoring in all of the fishery management plans (FMPs) that the Councils manage. The joint omnibus amendment was intended to standardize the process to develop and administer future industry-funded monitoring programs for Council FMPs, and would have implemented industry-funded monitoring in the Atlantic herring and mackerel fisheries.

On September 20, 2016 (81 FR 64426), NMFS announced the public comment period for the draft joint omnibus amendment. The 45-day public comment period extended from September 23 through November 7, 2016. During that time, NMFS and the Councils hosted five public hearings on the draft joint omnibus amendment. NMFS and the Councils held public hearings in Gloucester, Massachusetts; Portland, Maine; Cape May, New Jersey; Narragansett, Rhode Island; and via webinar.

In April 2017, the New England Council finalized its selection of preferred alternatives and recommended that NMFS consider the joint omnibus amendment for approval and implementation, while the Mid-Atlantic Council decided to postpone action on the joint omnibus amendment. Therefore, the joint omnibus amendment, initiated by both Councils to allow for industry-funded monitoring, has become the New England Industry-Funded Monitoring Omnibus Amendment and would only apply to FMPs managed by the New England Council. Accordingly, this amendment would only implement industry-funded monitoring in the Atlantic herring fishery. At its October 2018 meeting, the Mid-Atlantic Council is scheduled to re-consider whether it wants to continue developing industry-funded monitoring measures for its FMPs.

Proposed Measures

1. Omnibus Measures

This amendment would standardize the development and administration of
