

2012. The NPS has since conducted formal consultation with the Tribe and invited their participation on issues and alternatives development and internal document review. In addition to formal consultation, the NPS commissioned an assessment of the eligibility of the Saline Valley Warm Springs area as an ethnographic site eligible for listing on the National Register of Historic Places under Criterion A. This assessment was submitted to the State Historic Preservation Office in early 2018.

Paperwork Reduction Act

This rule does not contain information collection requirements, and a submission to the Office of Management and Budget under the Paperwork Reduction Act is not required. The NPS may not conduct or sponsor and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number.

National Environmental Policy Act of 1969 (NEPA)

This rule is part of a larger planning process for Saline Valley Warm Springs that constitutes a major Federal action significantly affecting the quality of the human environment. NPS has prepared the DEIS under the NEPA. A copy of the DEIS can be found online at <http://parkplanning.nps.gov/deva>, by clicking on the link entitled “Saline Valley Warm Springs Management Plan EIS” and then clicking on the link entitled “Document List.”

Effects on the Energy Supply (Executive Order 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

Clarity of This Rule

The NPS is required by Executive Orders 12866 (section 1(b)(12)) and 12988 (section 3(b)(1)(B)), and 13563 (section 1(a)), and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule the NPS publishes must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use common, everyday words and clear language rather than jargon;
- (d) Be divided into short sections and sentences; and
- (e) Use lists and tables wherever possible.

If you feel that the NPS has not met these requirements, send the NPS comments by one of the methods listed in the **ADDRESSES** section. To better help

the NPS revise the rule, your comments should be as specific as possible. For example, you should identify the numbers of the sections or paragraphs that you find unclear, which sections or sentences are too long, the sections where you feel lists or tables would be useful, etc.

Public Participation

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rulemaking process. Accordingly, interested persons may submit written comments regarding this proposed rule by one of the methods listed in the **ADDRESSES** section of this document.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

II. Background

On August 23, 2018 (83 FR 42631), FMCSA published an ANPRM concerning potential changes to its hours-of-service rules. The ANPRM indicated the Agency is considering changes in four areas of the HOS rules: The short-haul HOS limit [49 CFR 395.1(e)(1)(ii)(A)]; the HOS exception for adverse driving conditions [§ 395.1(b)(1)]; the 30-minute rest break provision [§ 395.3(a)(3)(ii)]; and the sleeper berth rule to allow drivers to split their required time in the sleeper berth [§ 395.1(g)(1)(i)(A) and (ii)(A)]. In addition, the Agency requested public comment on petitions for rulemaking from the Owner-Operator Independent Drivers Association (OOIDA) and TruckerNation.org (TruckerNation). The ANPRM provides an opportunity for additional discussion of each of these topics. The listening session will provide interested persons to share their views on these topics with representatives of the Agency. The Agency encourages ELD vendors to participate to address potential implementation issues should changes to the HOS rules be made.

III. Meeting Participation

The listening session is open to the public. Speakers' remarks will be limited to 2 minutes each. The public may submit material to the FMCSA staff at the session for inclusion in the public docket, FMCSA-2018-0248. The

IV. Questions for Discussion During the Listening Session

In preparing their comments, meeting participants should consider the questions posed in the ANPRM about the current HOS requirements. Answers to these questions should be based upon the experience of the participants and any data or information they can share with FMCSA.
