

unnecessary delay in the transportation of hazardous materials, and are therefore preempted with respect to all drivers of motor vehicles that are transporting hazardous materials. The agency also finds that the California meal and rest break requirements are preempted with respect to drivers of motor vehicles that are transporting Division 1.1, 1.2, or 1.3 explosive material and are subject to the attendance requirements of 49 CFR 397.5(a), because it is not possible for a motor carrier employer's drivers to comply with the off-duty requirement of the California rule and the federal attendance requirement. Finally, the California meal and rest break requirements are preempted as to motor carriers who are required to file a security plan under 49 CFR 172.800, and who have filed security plans requiring constant attendance of hazardous materials.

#### VI. Petition for Reconsideration/Judicial Review

In accordance with 49 CFR 107.211(a), any person aggrieved by this determination may file a petition for reconsideration within 20 days of publication of this determination in the **Federal Register**. If a petition for reconsideration is filed within 20 days of publication in the **Federal Register**, the decision by PHMSA's Chief Counsel on the petition for reconsideration becomes PHMSA's final agency action with respect to the person requesting reconsideration. See 49 CFR 107.211(d).

If a person does not request reconsideration in a timely fashion, then this determination is PHMSA's final agency action as to that person, as of the date of publication in the **Federal Register**.

Any person who wishes to seek judicial review of a preemption determination must do so by filing a petition for review in the United States Court of Appeals for the District of Columbia Circuit, or in the United States Court of Appeals for the circuit in which the petitioner resides or has its principal place of business, within 60 days after the determination becomes final with respect to the filing party. See 49 U.S.C. 5127(a).

The filing of a petition for reconsideration is not a prerequisite to seeking judicial review of this decision under 49 U.S.C. 5127(a).

Issued in Washington, DC, on September 14, 2018.

**Paul J. Roberti**,  
Chief Counsel.

**FOR FURTHER INFORMATION CONTACT:** Steven Andrews or Shelby Geller, Standards and Rulemaking Division, (202) 366-8553, Pipeline and Hazardous Materials Safety Administration, U.S.

Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590-0001.

**SUPPLEMENTARY INFORMATION:** Section 1320.8(d), Title 5, Code of Federal Regulations (CFR) requires PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies a new information collect request that PHMSA will be submitting to OMB. This information collection will be contained in 49 CFR 171.6 of the Hazardous Materials Regulations (HMR; 49 CFR parts 171-180). PHMSA will revise burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published once the information collection is approved. The following information is provided for this information collection: (1) Title of the information collection; (2) summary of the information collection activity; (3) description of affected public; (4) estimate of total annual reporting and recordkeeping burden; and (5) frequency of collection. PHMSA will request a 3-year approval for this information collection activity and will publish a notice in the **Federal Register** upon OMB's approval. PHMSA requests comments on the following information collection:

*Title:* Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

*Abstract:* The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Department's commitment to improving service delivery. Qualitative feedback is information that provides useful insights on perceptions and opinions, not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insight into customer or stakeholder perceptions, opinions, experiences, and expectations, as well as an early warning of issues with service or focus attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between PHMSA and customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. Feedback or information collected under this generic clearance will provide useful information, but it

will not yield data that can be generalized to the overall population.

The Department will submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary.
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government.
- The collections are non-controversial and do not raise issues of concern to other Federal agencies.
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future.
- Personally identifiable information is collected only to the extent necessary and is not retained.
- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the Department (if released, the Department must indicate the qualitative nature of the information).

This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

*Type of Review:* New.

*Affected Public:* Individuals and households, businesses and organizations, State, Local or Tribal Governments.

*Annual Reporting and Recordkeeping Burden:*

*Estimated Number of Respondents:* 6,000.

*Estimated Annual Responses:* 6,000.

*Estimated Annual Burden Hours:* 3,000.

*Frequency of Collection:* One-time requirement.

Issued in Washington, DC, on September 17, 2018.

*Associate Administrator of Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration.*

**SUPPLEMENTARY INFORMATION:** An agency that has acquired property or service from a business concern and has failed to pay for the complete delivery of property or service by the required payment date shall pay the business concern an interest penalty. 31 U.S.C. 3902(a). The Contract Disputes Act of 1978, Sec. 12, Public Law 95-563, 92 Stat. 2389, and the Prompt Payment Act, 31 U.S.C. 3902(a), provide for the calculation of interest due on claims at the rate established by the Secretary of the Treasury.

The Secretary of the Treasury has the authority to specify the rate by which the interest shall be computed for interest payments under section 12 of the Contract Disputes Act of 1978 and under the Prompt Payment Act. Under the Prompt Payment Act, if an interest penalty is owed to a business concern, the penalty shall be paid regardless of whether the business concern requested payment of such penalty. 31 U.S.C.

Agencies must pay the interest penalty calculated with the interest rate, which is in effect at the time the agency accrues the obligation to pay a late payment interest penalty. 31 U.S.C. 3902(a). "The interest penalty shall be paid for the period beginning on the day after the required payment date and ending on the date on which payment is made." 31 U.S.C. 3902(b).

Therefore, notice is given that the Secretary of the Treasury has determined that the rate of interest applicable for the period beginning July 1, 2018, and ending on December 31, 2018, is 3½ per centum per annum.
