

authority to confirm, approve, and place such rates into effect on an interim basis to the Deputy Secretary of Energy; and (3) the authority to confirm, approve, and place into effect on a final basis, to remand, or to disapprove such rates to the Federal Energy Regulatory Commission (FERC). This extension is issued pursuant to the Delegation Order and DOE rate extension procedures documented at 10 CFR 903.23(a).

BACKGROUND

On August 22, 2013, FERC confirmed, approved, and placed into effect on a final basis Intertie Transmission Service Rate Schedules INT-FT5 and INT-NFT4 under Rate Order No. WAPA-157.¹ These transmission service rate schedules were approved for 5-year period beginning May 1, 2013, and ending April 30, 2018.

Pursuant to 10 CFR 903.23(a), WAPA filed a notice in the **Federal Register** on March 9, 2018, proposing to extend Rate Schedules INT-FT5 and INT-NFT4 under Rate Order No. WAPA-181 (83 FR 10475). WAPA held a consultation and comment period on the proposed rate extension but did not conduct a public information forum or public comment forum. WAPA received no comments during the consultation and comment period, which ended on April 9, 2018.

DISCUSSION

On April 30, 2018, existing Rate Schedules INT-FT5 and INT-NFT4 expired. Pursuant to Delegation Order No. 00-037.00B, Section 1.5, rates for short-term sales were approved by WAPA's Administrator to cover the period between May 1, 2018, and the date the rate extension goes into effect or October 31, 2018, whichever occurs first. The existing transmission service rates provide adequate revenue to pay all annual costs, including interest expense, and to repay required investment according to the cost recovery criteria set forth in DOE Order RA 6120.2. Rate Order No. WAPA-181, which extends the existing rate schedules through September 30, 2020, ensures adequate revenue to pay all annual costs for the allowable period.

Proposed Information Collection Activity; Comment Request

Title: Phase II Evaluation Activities for Implementing a Next Generation Evaluation Agenda for the Chafee Foster Care Independence Program—Extension.

OMB No.: 0970-0489.

Description: The Administration for Children and Families (ACF), Office of Planning Research and Evaluation (OPRE) is proposing an extension to a currently approved information collection (OMB no. 0970-0489). The information collection activities are part of the Phase II Evaluation Activities for Implementing a Next Generation Evaluation Agenda for the Chafee Foster Care Independence Program (now known as the Chafee Foster Care Program for Successful Transition to Adulthood). The purpose of the extension is to continue the ongoing information collection, which consists of site visits by staff from the Urban Institute and Chapin Hall at the University of Chicago to conduct formative evaluations of programs serving transition-age foster youth. The evaluations include preliminary visits to discuss the evaluation process with program administrators and site visits to each program to speak with program leaders, partners and key stakeholders, front-line staff, and participants. These formative evaluations will determine programs' readiness for more rigorous evaluation in the future. The activities and products from this project will help
