DEPARTMENT OF EDUCATION

Tests Determined To Be Suitable for Use in the National Reporting System for Adult Education

AGENCY: Office of Career, Technical, and Adult Education, Department of Education.

ACTION: Notice.

SUMMARY: The Secretary announces tests, test forms, and delivery formats that the Secretary determines to be suitable for use in the National Reporting System for Adult Education (NRS).

FOR FURTHER INFORMATION CONTACT: John LeMaster, Department of Education, 400 Maryland Avenue SW, Room 11–152, Potomac Center Plaza, Washington, DC 20202–7240. Telephone: (202) 245–6218. Email: John.Lemaster@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll-free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION: On January 14, 2008, we published in the **Federal Register** final regulations for 34 CFR part 462, Measuring Educational Gain in the National Reporting System for Adult Education (NRS regulations) (73 FR 2306). The NRS regulations established the process the Secretary uses to determine the suitability of tests for use in the NRS by States and local eligible providers. We annually publish in the **Federal Register**, and post on the internet at www.nrsweb.org, a list of the names of tests and the educational functioning levels the tests are suitable to measure in the NRS as required by § 462.12(c)(2).

On December 13, 2016, the Secretary published in the **Federal Register** (81 FR 89920) an annual notice of tests determined to be suitable for use in the NRS (December 2016 notice). In the December 2016 notice, the Secretary extended the approved periods for all 12 of the tests listed in the notice through February 2, 2019.

On September 7, 2017, the Secretary published in the **Federal Register** (82 FR 42339) an annual notice of tests determined to be suitable for use in the NRS (September 2017 notice). In the September 2017 notice, the Secretary announced a new test and test forms that were determined to be suitable for use in the NRS, in accordance with § 462.13.

On February 5, 2018, the Secretary published in the **Federal Register** (83 FR 5087) an annual notice of tests determined to be suitable for use in the NRS (February 2018 notice). In the February 2018 notice, the Secretary announced a new test and test forms that were determined to be suitable for use in the NRS, in accordance with § 462.13.

In this notice, the Secretary announces a list of English as a Second Language (ESL) tests and test forms determined to be suitable for use in the NRS. In the December 2016 notice, these ESL tests and test forms were approved for an extended period through February 2, 2019. Through this notice these ESL tests and test forms are approved for an additional period through February 2, 2021.

The Secretary is taking this action with respect to the previously approved ESL tests and test forms, in light of the following factors: (1) The Department's plan to implement new ESL descriptors for the NRS educational functioning levels, which will be necessary for the assessment review process concerning any ESL tests newly submitted for review as to suitability for use in the NRS; and (2) the Department's desire to minimize disruption for its grantees in the transition to the Adult Education and Family Literacy Act (AEFLA) as authorized by the Workforce Innovation and Opportunity Act (WIOA), including with respect to measuring educational gain under the NRS; and (3) the attendant transition authority in section 503(c) of WIOA, which authorizes the Secretary of Education to “take such actions as the Secretary determines to be appropriate to provide for the orderly transition” from AEFLA as authorized by the Workforce Investment Act of 1998 to AEFLA as authorized by WIOA.

Under the transition rules in § 462.4, the Secretary also announces in this notice a list of tests with NRS approvals

expiring on February 2, 2019, which States and local providers may continue to use during a sunset period ending on June 30, 2019.

Adult education programs must use only the approved forms and computer-based delivery formats for the tests published in this document. If a particular test form or computer delivery format is not explicitly specified for a test in this notice, it is not approved for use in the NRS.
