A. Overview of Information Collection

Title of Information Collection: HUD Technical Assistance Assessment.

OMB Approval Number: Pending.

Type of Request: New.

Form Number: No forms.

Description of the need for the information and proposed use: HUD is conducting this study under cooperative agreement with the Urban Institute to assess its Technical Assistance (TA) programs under the Community Compass structure. HUD TA enables housing and community development providers to be more effective stewards of HUD funding by equipping them with the knowledge, skills and tools to better manage HUD programs. TA is provided by TA providers funded by HUD and includes tools and product development, help desk support, on-call TA, direct TA and capacity building, and needs assessments, among other types.

Recipients of TA include State and local governments, Tribes, Tribally-Designated Housing Agencies, Public Housing Authorities (PHAs), participating jurisdictions, housing counseling agencies, multifamily owners/operators, nonprofit organizations, and Continuums of Care (CoCs). In 2002, the GAO evaluated HUD's existing TA programs, and recommended that HUD streamline and coordinate its TA programs and request its TA providers to establish performance measures and report on their intended outputs and outcomes. Since then, HUD has made significant changes to the structure, implementation, and data systems used in administering its TA programs. Beginning with the Fiscal Year (FY) 2010 Technical Assistance and Capacity Building NOFA issued by the Office of Community Development and Planning, and the announcement of the OneCPD Integrated Practitioner Assistance
