AGENCY: Bureau of Industry and Security, U.S. Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: To ensure consideration, written comments must be submitted on or before November 27, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at docpra@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Mark Crace, BIS ICB Liaison, (202) 482-8093 or at mark.crace@bis.doc.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

Presidential Proclamations 9705 Adjusting Imports of Steel Into the United States and 9704 Adjusting Imports of Aluminum Into the United States

On March 8, 2018, the President issued Proclamations 9704 and 9705 concurring with the findings of the two investigation reports submitted by the Secretary of Commerce pursuant to section 232 of the Trade Expansion Act of 1962 (19 U.S.C. 1862) and determining that adjusting imports through the imposition of duties on steel and aluminum is necessary so that imports of steel and aluminum will no longer threaten to impair the national security. The Proclamations also authorized the Secretary of Commerce, in consultation with the Secretary of Defense, the Secretary of the Treasury, the Secretary of State, the United States Trade Representative, the Assistant to the President for Economic Policy, the

Assistant to the President for National Security Affairs, and other senior executive branch officials as appropriate, to grant exclusions from the duties for domestic parties affected by the duties. This could take place if the Secretary determines the steel or aluminum for which the exclusion is requested is not produced in the United States in a sufficient and reasonably available amount or of a satisfactory quality or should be excluded based upon specific national security considerations. The President directed the Secretary to promulgate regulations as may be necessary to implement an exclusion process. The purpose of this information collection is to allow for submission of exclusions requests from the remedies instituted in presidential proclamations adjusting imports of steel into the United States and adjusting imports of aluminum into the United States.

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that

an Exempted Fishing Permit application from the Coonamessett Farm Foundation contains all of the required information and warrants further consideration. This Exempted Fishing Permit would allow participating commercial fishing vessels to temporarily possess undersized monkfish for biological sampling during normal fishing operations in the Southern Fishery Management Area. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

DATES: Comments must be received on or before October 15, 2018.

ADDRESSES: You may submit written comments by any of the following methods:

- **Email:** NMFS.GAR.EFP@noaa.gov. Include in the subject line “Comments on CFF 2018 Monkfish RSA EFP.”

- **Mail:** Michael Pentony, Regional Administrator, NMFS, Greater Atlantic Regional Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope “Comments on CFF 2018 Monkfish RSA EFP.”

FOR FURTHER INFORMATION CONTACT: Cynthia Ferrio, Fishery Management Specialist, 978–281–9180, Cynthia.Ferrio@noaa.gov.

SUPPLEMENTARY INFORMATION: The Coonamessett Farm Foundation (CFF) submitted a complete application for an Exempted Fishing Permit (EFP) on September 12, 2018, to conduct fishing activities that the regulations would otherwise restrict. The EFP would authorize 12 participating vessels to temporarily possess undersize monkfish while biologically sampling all monkfish caught during normal fishing operations in the Southern Fishery Management Area. This research is designed to create a reproductive profile for monkfish in the region. Sampling would consist of recording the length, total weight, gonad weight, liver weight, and spleen color of each individual sampled fish. Collection of gonad and blood samples will also occur. Retention and sale of legal catch would be allowed on these trips, but all undersized fish and otherwise prohibited catch will be returned to the sea as quickly as possible.

If approved, this research would be conducted opportunistically over the course of 16 single-day commercial trips within the Southern Fishery Management Area for monkfish. All of these 16 trips are expected to take place in 2019 between January and June. All
