**INTERNATIONAL TRADE
COMMISSION**

[Investigation No. 337-TA-1108]

**Certain Jump Rope Systems; Notice of
Issuance of Limited Exclusion Order
Against Respondent Found in Default;
Termination of Investigation**

AGENCY: U.S. International Trade
Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that
the U.S. International Trade
Commission has issued a limited
exclusion order against certain jump
rope systems thereof of Respondent
Suzhou Everise Fitness Co, Ltd. of
Jiangsu, China ("Respondent"). The
investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Carl
P. Bretscher, Office of the General
Counsel, U.S. International Trade
Commission, 500 E Street SW,
Washington, DC 20436, telephone 202-
205-2382. Copies of non-confidential
documents filed in connection with this
investigation are or will be available for
inspection during official business
hours (8:45 a.m. to 5:15 p.m.) in the
Office of the Secretary, U.S.
International Trade Commission, 500 E
Street SW, Washington, DC 20436,
telephone 202-205-2000. General
information concerning the Commission
may also be obtained by accessing its
internet server (<https://www.usitc.gov>).
The public record for this investigation
may be viewed on the Commission's
electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired
persons are advised that information on
this matter can be obtained by
contacting the Commission's TDD
terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: On April
18, 2018, the Commission instituted this
investigation pursuant to a complaint
filed by Jump Rope Systems, LLC of
Louisville, Colorado ("Complainant").
83 FR 17190 (Apr. 18, 2018). The
complaint, as supplemented, alleges
violations of Section 337 of the Tariff
Act of 1930, as amended (19 U.S.C.
1337), based upon the importation into
the United States, sale for importation,
or the sale within the United States after
importation of certain jump rope
systems that allegedly infringe one or
more of the asserted claims of U.S.
Patent Nos. 7,789,809 ("the '809
patent") and 8,136,208 ("the '208
patent"). The notice of investigation
named one respondent, Suzhou Everise
Fitness Co., Ltd. of Jiangsu, China. The
Office of Unfair Import Investigations
("OUII") was also named a party to the
investigation.

On August 6, 2018, the Commission
determined not to review an initial
determination (Order No. 6) that found
Respondent to be in default under
Commission Rule 210.16 (19 CFR
210.16). 83 FR 39460 (Aug. 9, 2018).
The Commission further requested
briefing from the parties and the public
on the issues of remedy, the public
interest, and bonding. *Id.*

On August 20, 2018, Complainant
filed a submission requesting a limited
exclusion order ("LEO") against
Respondent and arguing that none of the
public interest factors weighs against
granting the LEO. Complainant
requested that the bond be set at one
hundred (100) percent of entered value
in accordance with the Commission's

established practice for addressing
defaulting respondents.

On August 20, 2018, OUII filed a
submission that also recommended
issuing an LEO against Respondent and
setting the bond at one hundred (100)
percent of entered value, per established
Commission practice. OUII, like
Complainant, argued that none of the
public interest factors weighed against
entering the LEO. On April 27, 2018,
OUII filed a reply brief noting its
agreement with Complainant's position.

The Commission has determined that
the appropriate form of relief in this
investigation is an LEO prohibiting the
unlicensed entry of jump rope systems
that infringe claim 1 of the '809 patent
or claim 1 of the '208 patent and that are
manufactured abroad by or on behalf of,
or imported by or on behalf of,
Respondent. The Commission has
further determined that the public
interest factors enumerated in Section
337(g)(1) (19 U.S.C. 1337(g)(1)) do not
preclude issuance of the LEO. The
Commission has determined that the
bond for importation during the period
of Presidential review shall be in the
amount of one hundred (100) percent of
the entered value of the imported
subject articles of Respondent. The
Commission's order was delivered to
the President and the United States
Trade Representative on the day of its
issuance.

The authority for the Commission's
determination is contained in Section
337 of the Tariff Act of 1930, as
amended (19 U.S.C. 1337), and in part
210 of the Commission's Rules of
Practice and Procedure (19 CFR part
210).

By order of the Commission.

Issued: September 25, 2018.

Lisa Barton,

Secretary to the Commission.

**NATIONAL ARCHIVES AND RECORDS
ADMINISTRATION**

[NARA-2018-064]

**Records Schedules; Availability and
Request for Comments**

AGENCY: National Archives and Records
Administration (NARA).

ACTION: Notice of availability of
proposed records schedules; request for
comments.

SUMMARY: The National Archives and
Records Administration (NARA)
publishes notice at least once monthly
of certain Federal agency requests for

records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.

DATES: NARA must receive requests for copies in writing by October 31, 2018. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740–6001.
Email: request.schedule@nara.gov.
Fax: 301–837–3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT: Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740–6001, by phone at 301–837–1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: NARA publishes notice in the **Federal Register** for records schedules they no longer need to conduct agency business. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and

submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless otherwise specified. An item in a schedule is media neutral when an agency may apply the disposition instructions to records regardless of the medium in which it creates or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is expressly limited to a specific medium. (See 36 CFR 1225.12(e).)

Agencies may not destroy Federal records without Archivist of the United States' approval. The Archivist approves destruction only after thoroughly considering the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value.

In addition to identifying the Federal agencies and any subdivisions requesting disposition authority, this notice lists the organizational unit(s) accumulating the records (or notes that the schedule has agency-wide applicability when schedules cover records that may be accumulated throughout an agency); provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction); and includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it also includes information about the records. You may request additional information about the disposition process at the addresses above.

Schedules Pending

Chief Records Officer for the U.S. Government.
