

on *Final Results 13–14*. The Court severed and stayed that claim from Consol. Ct. No. 15–00296,⁷ pending the disposition of the challenge in *Baoding Mantong*.

In light of the final judgment issued in *Baoding Mantong*, the Court granted Commerce's motion for a voluntary remand to reevaluate its application of the China-wide entity rate to Evonik in *Final Results 13–14*. In the Final Results of Redetermination, Commerce selected as the China-wide rate for the 2013/2014 review the China-wide rate stemming from the underlying less-than-fair-value investigation.⁸ This rate, set at 155.89 percent, had been in effect prior to the China-wide rate being set at 453.79 percent in *Final Results 12–13*. On September 7, 2018, the Court sustained the Final Results of Redetermination.⁹

Timken Notice

In its decision in *Timken*,¹⁰ as clarified by *Diamond Sawblades*,¹¹ the Court of Appeals for the Federal Circuit held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), Commerce must publish a notice of a court decision that is not “in harmony” with a Commerce determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT's September 7, 2018, final judgment sustaining the Final Results of Redetermination constitutes a final decision of the Court that is not in harmony with *Final Results 13–14*. This notice is published in fulfillment of the *Timken* publication requirements. Accordingly, Commerce will continue the suspension of liquidation of the subject merchandise pending a final and conclusive court decision.

Amended Final Results of Review

Because there is now a final court decision, Commerce is amending *Final Results 13–14* with respect to the China-wide rate previously assigned to the exporter. Based on the Final Results of Redetermination, as sustained by the CIT, the revised China-wide rate, for the

period March 1, 2013, through February 28, 2014, is as follows:

Producer or exporter	Weighted-average dumping margin (percent)
China-wide Entity	155.89

In the event the Court's ruling is not appealed or, if appealed, upheld by a final and conclusive court decision, Commerce will instruct the U.S. Customs and Border Protection (CBP) to assess antidumping duties on unliquidated entries of subject merchandise with respect to Evonik.

Cash Deposit Requirements

As the China-wide entity's cash deposit rate has not been subject to subsequent administrative reviews, Commerce will issue revised cash deposit instructions to CBP adjusting the rate for the China-wide entity to 155.89 percent, effective September 17, 2018.
