

4. *The taking will not appreciably reduce the likelihood of survival and recovery of any listed species in the wild.* As the Federal action agency considering whether to issue an ITP, we have reviewed the proposed action under section 7 of the ESA. Our biological opinion, dated April 29, 2016, concluded that issuance of the ITP will not jeopardize the continued existence of potentially affected listed species in the wild.

5. *The applicant agrees to implement other measures that the Service requires as being necessary or appropriate for the purposes of the HCP.* We provided technical assistance to the applicant in the development of the HCP. We commented on draft documents, participated in numerous meetings, and worked closely with the applicant throughout the development of the HCP to further the conservation of covered species. The HCP incorporates our technical advice for minimization and mitigation of take impacts likely to be caused by covered activities, as well as steps to monitor the effects of the HCP. Annual monitoring, as well as coordination and reporting mechanisms, have been designed to ensure that changes in the conservation measures via adaptive management can be implemented if proposed measures prove ineffective.

Considerations relied upon for the ITP decision include whether (1) the proposed mitigation will benefit the covered species, (2) adaptive management of the conservation measures will insure that the goals and objectives of the HCP are realized, (3) conservation measures will protect and enhance habitat, (4) mitigation measures will fully offset anticipated impacts to the covered species and facilitate recovery, and (5) the HCP is consistent with the covered species' recovery plans.

Authority

We provide this notice in accordance with the requirements of section 10(c) of the ESA (16 U.S.C. 1531, 1539(c)) and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6; 43 CFR part 46). The Service has made its decision to issue an ITP to Na Pua Makani Power Partners, LLC for the take of seven species in accordance with their HCP.

Theresa E. Rabot,

Deputy Regional Director, Pacific Region, U.S. Fish and Wildlife Service.
