

E. Executive Order 13132 (Federalism)

This proposed action has been analyzed in accordance with the principles and criteria contained in Executive Order 13132, Federalism, dated August 4, 1999, and it has been determined that it would not have a substantial direct effect on, or sufficient Federalism implications for, the States, nor would it limit the policymaking discretion of the States. Therefore, the preparation of a Federalism Assessment is not necessary.

F. Executive Order 13084 (Consultation and Coordination With Indian Tribal Governments)

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 13084 (“Consultation and Coordination with Indian Tribal Governments”). Because it would not effect on Indian Tribal Governments, the funding and consultation requirements of Executive Order 13084 do not apply.

G. Paperwork Reduction Act

Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501, *et seq.*), Federal agencies must obtain approval from the Office of Management and Budget for each collection of information they conduct, sponsor, or require through regulations. The DOT has determined that this action would not contain a collection of information requirement for the purposes of the PRA.

H. Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104–4, 109 Stat. 48, March 22, 1995) requires Federal agencies to assess the effects of certain regulatory actions on State, local, and tribal governments; and the private sector. The UMRA requires a written statement of economic and regulatory alternatives for proposed and final rules that contain Federal mandates. A “Federal mandate” is a new or additional enforceable duty, imposed on any State, local, or tribal Government; or the private sector. If any Federal mandate causes those entities to spend, in aggregate, \$143.1 million or more in any one year (adjusted for inflation), an UMRA analysis is required. This proposed rule would not impose Federal mandates on any State, local, or tribal governments; or the private sector.

II. Background

On August 23, 2018 (83 FR 42631), FMCSA published an ANPRM concerning potential changes to its hours-of-service rules. The ANPRM indicated the Agency is considering changes in four areas of the HOS rules: The short-haul HOS limit [49 CFR 395.1(e)(1)(ii)(A)]; the HOS exception for adverse driving conditions [§ 395.1(b)(1)]; the 30-minute rest break provision [§ 395.3(a)(3)(ii)]; and the split-sleeper berth rule to allow drivers to split their required time in the sleeper berth [§ 395.1(g)(1)(i)(A) and (ii)(A)]. In addition, the Agency requested public comment on petitions for rulemaking

from the Owner-Operator Independent Drivers Association (OOIDA) and TruckerNation.org (TruckerNation). The ANPRM provides an opportunity for additional discussion of each of these topics. The listening session will provide an opportunity for interested persons to share their views on these topics with representatives of the Agency. The Agency encourages ELD vendors to participate to address potential implementation issues, should changes to the HOS rules be made.

III. Meeting Participation

The listening session is open to the public. Speakers' remarks will be limited to 2 minutes each. The public may submit material to the FMCSA staff at the session for inclusion in the public docket, FMCSA-2018-0248. IV. Questions for Discussion During the Listening Session

In preparing their comments, meeting participants should consider the questions posed in the ANPRM about the current HOS requirements. Answers to these questions should be based upon the experience of the participants and any data or information they can share with FMCSA.
