DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2018–0024; OMB No. 1660–0140]

Agency Information Collection Activities: Proposed Collection; Comment Request; Integrated Public Alert and Warning Systems (IPAWS) Memorandum of Agreement Applications

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before November 14, 2018.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Wade Witmer, Deputy for the Integrated Public Alert and Warning System (IPAWS) Program, FEMA, Continuity Communications Division, (202) 646–2523, wade.witmer@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: This proposed information collection previously published in the **Federal Register** on June 21, 2018, at 83 FR 28857 with a 60-day public comment period. FEMA received four comments that were unrelated to this collection. Public Law 114–143, The IPAWS Modernization Act of 2015, and Presidential Executive Order 13407 established the policy for an effective, reliable, integrated, flexible, and comprehensive system to alert and warn the American people in situations of war, terrorist attack, natural disaster, or other hazards to public safety and wellbeing. The Integrated Public Alert and Warning System (IPAWS) is the Department of Homeland Security's (DHS) response to the Executive Order. The Stafford Act (U.S.C. Title 42, Chapter 68, Subchapter II) requires that FEMA make IPAWS available to Federal, State, and local agencies for the purpose of providing warning to governmental authorities and the civilian population in areas endangered by disasters. The information collected is used by FEMA to create a Memorandum of Agreement (MOA) that regulates the management, operations, and security of the information technology system connection between a Federal, State, territorial, tribal or local alerting authority and IPAWS—OPEN (Open Platform for Emergency Notifications).
