AGENCY: Social Security Administration.

ACTION: Correcting amendment.

SUMMARY: On January 18, 2017, we published final rules in the Federal Register revising our medical evidence rules. Those final rules inadvertently included a typographical error. This document corrects the final regulations.

SUPPLEMENTARY INFORMATION: We published final rules in the Federal Register on January 18, 2017 (82 FR 5844, corrected March 27, 2017, at 82 FR 15132) titled Revisions to Rules Regarding the Evaluation of Medical Evidence. The final rules, among other things, amended the regulatory text for acceptable medical sources by adding licensed audiologists to the list of acceptable medical sources in 20 CFR 416.902(a)(6). We inadvertently included duplicative wording in that section of the rules. This document amends the regulations by deleting the duplication of three words (for impairments of) and corrects the final rules.

Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation’s regulation on Benefits Payable in Terminated Single-Employer Plans to prescribe interest assumptions under the regulation for valuation dates in November 2018. The interest assumptions are used for paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

DATES: Effective November 1, 2018.

FOR FURTHER INFORMATION CONTACT: Melissa Rifkin (rifkin.melissa@PBGC.gov), Attorney, Regulatory Affairs Division, Pension Benefit Guaranty Corporation, 1200 K Street NW, Washington, DC 20005, 202–326–4400 ext. 6563. (TTY users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4400, ext. 6563.)

PBGC uses the interest assumptions in appendix B to part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to part 4022 contains interest assumptions for private-sector

pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC’s historical methodology. Currently, the rates in appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for November 2018.1

The November 2018 interest assumptions under the benefit payments regulation will be 1.25 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit’s placement in pay status. In comparison with the interest assumptions in effect for October 2018, these assumptions represent no change in the immediate rate and are otherwise unchanged.
