SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA-2018-0045]

Agreement on Social Security Between the United States and the Federative Republic of Brazil; Entry Into Force

AGENCY: Social Security Administration (SSA).

ACTION: Notice.

SUMMARY: We are giving notice of an agreement coordinating the United States (U.S.) and Brazilian social security programs effective on October 1, 2018. The Agreement with Brazil, which was signed on June 30, 2015, is similar to U.S. social security agreements already in force with 26 other countries—Australia, Austria, Belgium, Canada, Chile, the Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Japan, Korea (South), Luxembourg, the Netherlands, Norway, Poland, Portugal, the Slovak Republic, Spain, Sweden, Switzerland and the United Kingdom. Section 233 of the Social Security Act authorizes agreements of this type.

Like the other agreements, the U.S.-Brazilian Agreement eliminates dual social security coverage. This situation exists when a worker from one country works in the other country and has coverage under the social security systems of both countries for the same work. Without such agreements in force, when dual coverage occurs, the worker, the worker's employer, or both may be required to pay social security contributions to the two countries simultaneously. Under the U.S.-Brazilian Agreement, a worker who is sent by an employer in one country to work in the other country for 5 or fewer years remains covered only by the sending country. The Agreement includes additional rules that eliminate dual U.S. and Brazilian coverage in other work situations.

The Agreement also helps eliminate situations where workers suffer a loss of benefit rights because they have divided their careers between the two countries. Under the Agreement, workers may qualify for partial U.S. benefits or partial Brazilian benefits based on combined (totalized) work credits from both countries.

Persons who wish to obtain copies of the Agreement or want more information about its provisions may write to the Social Security Administration, Office of International Programs, Post Office Box 17741, Baltimore, MD 21235-7741 or visit the Social Security website at www.socialsecurity.gov/international.

The full text of the Agreement and its accompanying Administrative Arrangement is available at https://www.ssa.gov/international/Agreement_Texts/brazil.html.

Nancy A. Berryhill,

Acting Commissioner of Social Security.

We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.
- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

In accordance with part 129 of the International Traffic in Arms Regulations (ITAR), U.S. and foreign persons who wish to engage in ITAR-controlled brokering activity of defense articles and defense services must first register with DDTC. Brokers must then submit a written request for approval to DDTC and must receive DDTC's consent prior to engaging in such activities unless exempted. This information is currently used in the review of the brokering request submitted for approval and to ensure compliance with defense trade statutes and regulations. It is also used to monitor and control the transfer of sensitive U.S. technology.

Methodology

Currently submissions are made via hardcopy documentation. Applicants

are referred to ITAR part 129 for guidance on information to submit regarding proposed brokering activity. Upon implementation of DDTC's new case management system, the Defense Export Control and Compliance System (DECCS), a DS-4294 may be submitted electronically.

Anthony M. Dearth,

Chief of Staff, Directorate of Defense Trade Controls, U.S. Department of State.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36222]

BNSF Railway Company—Lease Exemption—Union Pacific Railroad Company

On September 6, 2018, BNSF Railway Company (BNSF) filed a petition under 49 U.S.C. 10502 seeking exemption from the prior approval requirements under 49 U.S.C. 11323-25 for BNSF to lease from Union Pacific Railroad Company (UP) an approximately 13.62-mile rail line (Line) in Pueblo County, Colo., between milepost 591.66 at NA Junction and milepost 605.28 at Avondale (Nyberg).

BNSF explains that, its predecessor, The Atchison, Topeka and Santa Fe Railway Company (ATSF), and UP's predecessor, Missouri Pacific Railroad Company (Missouri Pacific), entered into an agreement in 1967 relating to ownership and operation, maintenance, and joint use of ATSF's and Missouri Pacific's railroad tracks and facilities between NA Junction and Pueblo, which includes the Line. Pursuant to this agreement, BNSF and UP have jointly operated over the Line for the last 50 years, and UP has been responsible for maintaining the Line. BNSF has been the primary user of the Line and currently dispatches it.

BNSF and UP have recently entered into a lease agreement that would modify certain roles and responsibilities set forth in the 1967 agreement. BNSF would "non-exclusively lease the Line in order [] to maintain, construct, repair and renew the Line's track and appurtenant structures and facilities." (Pet. 2.)¹ BNSF states that the lease would align track and signal

¹ BNSF's reference to "construction" is in connection with the planned repair and maintenance of the existing Line. See Pet. 1. Therefore, the Board does not construe that reference as involving any new line of railroad for which construction authority would be needed pursuant to 49 U.S.C. 10901, and this decision does not grant any such authority.

maintenance with BNSF's current dispatching responsibilities and is intended to streamline maintenance activity and improve planning processes in coordination with BNSF's maintenance of contiguous lines on either side of the Line. BNSF states that these changes would reduce the number and frequency of maintenance windows and outages, resulting in improved operations for customers along the route. According to BNSF, beyond this enhancement of operational efficiency, no other impacts to commercial or operational access to customers, either locally or in through service, would result from the transaction.²

BNSF asks for expedited consideration of its petition so that the exemption can become effective by November 1, 2018. BNSF explains that this would allow it to plan for and commence maintenance work necessary to remove slow orders and improve track conditions before winter weather makes maintenance difficult.

Discussion and Conclusions

Under 49 U.S.C. 11323(a)(2), prior Board approval is required for a rail carrier to lease the property of another rail carrier. Under 49 U.S.C. 10502, however, the Board must exempt a transaction or service from regulation when it finds that: (1) Regulation is not necessary to carry out the rail transportation policy of 49 U.S.C. 10101; and (2) either (a) the transaction or service is of limited scope, or (b) regulation is not needed to protect shippers from the abuse of market power.

Detailed scrutiny of the proposed transaction through an application for review and approval under 49 U.S.C. 11323-25 is not necessary here to carry out the rail transportation policy. The proposed transaction would align track and signal maintenance with dispatching and further align maintenance of the Line with BNSF's maintenance activities on contiguous lines, which would result in improved operations along the route. As such, the proposed transaction would, among other things, promote a safe and efficient rail transportation system (49 U.S.C. 10101(3)), ensure continuation of a sound rail transportation system with effective competition among rail carriers (49 U.S.C. 10101(4)), foster sound economic conditions in transportation and ensure effective competition (49 U.S.C. 10101(5)), and encourage honest

² Pursuant to 49 CFR 1121.3(d), BNSF certifies that the lease does not contain a provision or agreement that may limit future interchange with a third-party connecting carrier.
