#### **Foreign-Trade Zone 142—Salem/Millville, New Jersey; Application for Reorganization and Expansion Under Alternative Site Framework**

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the South Jersey Port Corporation, grantee of FTZ 142, requesting authority to reorganize and expand the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or

“usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on October 11, 2018.

FTZ 142 was approved by the FTZ Board on August 25, 1987 (Board Order 358, 52 FR 33855, September 8, 1987).

The current zone includes the following sites: *Site 1* (95 acres)—Port of Salem complex, Salem; *Site 2* (10 acres)—Walnut Street warehouse complex, Salem; and, *Site 3* (144 acres)—Millville Municipal Airport Industrial Park, Millville.

The grantee’s proposed service area under the ASF would be the Counties of Mercer, Burlington, Camden, Gloucester, Salem, Cumberland and Cape May, New Jersey, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Philadelphia Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize and expand its existing zone to include all of the existing sites as “magnet” sites. The applicant is also requesting approval of the following magnet site: *Proposed Site 4* (1,630 acres)—Repauno/Greenwich rail and port terminal complex, 200 North Repauno Avenue, Gibbstown. The application would have no impact on FTZ 142’s previously authorized subzones.

In accordance with the FTZ Board’s regulations, Kathleen Boyce of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is December 17, 2018. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 31, 2018.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the

The Paducah McCracken County Riverport Authority, grantee of FTZ 294, submitted a notification of proposed production activity to the FTZ Board on behalf of Mayfield Consumer Products (MCP), located in Mayfield and Hickory, Kentucky. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 10, 2018.

The applicant has submitted a separate application for FTZ designation at the MCP facility under FTZ 294. The MCP facility is used for the production of candles. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

On its domestic sales, for the foreign-status materials/components noted below, MCP would be able to choose the duty rates during customs entry procedures that apply to filled jar candles (duty-free). MCP would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Glass jars;

tin lids; cardboard boxes; and, wood pulp inserts (duty rate ranges from duty-free to 6%). The request indicates that certain materials/components are subject to special duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin.
