

regarding when off-floor transfers are permissible, whether netting is permitted, and the transfer price of an off-floor transfer. The Commission believes that those additional provisions are designed to perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. In addition, the Commission believes that the requirement for the parties to provide written notice to the Exchange and maintain detailed records of each transfer will ensure that the Exchange is made aware of off-floor transfers and is able to review them for compliance with applicable rules.

With respect to the elimination of the on-floor transfer package procedure, the Commission notes that TPHs will continue to be able to transact on the Exchange using the regular auction market process.

#### IV. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>21</sup> that the proposed rule change (SR-CBOE-2018-060) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>22</sup>
